Living Word Broadcast

Jesus Christ the same yesterday, and to day, and for ever

Subject of the Month

“And Enoch walked with God: and he was not; for God took him.” [*Genesis 5:24*]

“By faith Enoch was translated that he should not see death; and was not found, because God had translated him: for before his translation he had this testimony, that he pleased God.” [*Hebrews 11:5*]

“Then we which are alive and remain shall be caught up together with them in the clouds, to meet the Lord in the air: and so shall we ever be with the Lord.” [*I Thessalonians 4:17*]

“Now, I may not have faith enough to make every Word of It act, but I certainly wouldn't stand way of anybody that did have that faith. Enoch had faith enough, one day, to take an afternoon stroll with God, and just kept on walking, went up Home without dying. Now, I think the Church has got to come to that, to a Rapturing faith. I may not have that faith just now, but I sure wouldn't stand in the way of somebody that did have that faith.” [*64-0404, Jehovah Jireh 3, Louisville MS*]

“Faith is unconscious. Amen. You believe it? I've learned that in the years of travel around the world and meeting the peoples of all different walks. But faith is unconscious. You got faith and don't even know it. That's right. Jesus Christ, no matter if He was in a storm and the gale's knocking the boat from one side to the other, or He was standing in the face of mess of demons; if He was hanging anywhere, it never moved Him. He walked right along just as calm and quiet as He could be. Why? He was simply unconscious of fear, anything around Him. That's right. Whether it was going to happen, or whether it wasn't going to happen; He knew it was going to happen because God said so. He didn't say, "Oh, wonder if I prayed through? Wonder if I fasted long enough? Wonder if I did this?" He just walked right on unconscious. That's right. He believed what God said was truth. The Words must be fulfilled, and He knewed what His life was to fulfill Them. That's right.” [*54-1212, He Swore By Himself, Jeffersonville IN*]

“Let's take another man with this quickening power. There was a man way long ago, by the name of Enoch. When a new thing come along, when something come along and said, "Well, now we have to go back to the old school, or this, that, or the other," Enoch walked with god. Whatever God said do, Enoch never missed one word. He walked with God. What was he? He was a son of God. He was an eagle that had been called to that day. And

when come time, he was so full of that quickening power! Remember, he had walked five hundred years, or more, before God, and not one time had he missed His Word. Not one time did he misbehave himself. Not one time did he do but kept the testimony. Everything that God told him to do, he went and done it. No argument about it, he just went and done it. No matter what anybody else thought, he went and done it. Why? He was full of that quickening power. And when it come time for the old man to die, God just sent down the ladder and he walked up Home. He quickened him, and took his mortal body up in a rapture. Amen. That's that quickening power." [65-0410, *The Easter Seal, Phoenix AZ*]

"And you're here to fulfill It too. Just walk unconscious of fear. Walk unconscious of criticism. Walk unconscious of the world. Walk as you walk in Christ. Walk with Him, not paying any attention to right or left hand, just keep moving on. If something comes up in the church, walk with God. Hallelujah. If sickness strikes you, walk with God. If the neighbor don't like you, walk with God. Just keep on walking with God. Enoch, one day walked like that. You know what he done? He walked all the way home with God; got so far up the road, he didn't want to come back any more. Amen. Walk with God. Doctor says you're going to die; walk with God. Yeah. Doctor says you can't... well; walk with God. Just walk with God; that's all. For God has promised you, "I'll never leave you or forsake you. I'll be with you to the end of the world." And He took an oath by that covenant that He give you, that He'd confirm it. Just walk with God then. You'll have your ups-and-downs. Don't worry. You got to go through brier patches, over sharp rocks, over bluffs, down on the hillsides, up through the

mountains, over waters; but walk with God. Yes, sir. "There's so many hills to climb upward," you've heard the old song, "but how little it'll seem when you get to the end of the way." My, my. Just look at there, all that's been. Look back at your footprints; won't be very much." [54-1212, *He Swore By Himself, Jeffersonville IN*]

"Now we find here that Enoch was the seventh from Noah, which was a type of the church ages. Now, all of the rest of the six men, before him, died, but Enoch was translated. Enoch was raptured, the seventh, showing that it's the seventh church age that takes the Rapture. Now, there's no doubt, we're in the seventh church age. We all know it. Now, it's the seventh church age that takes the Rapture. All of the other six died. But Enoch was translated, because, "He was not found. God took him." But Enoch, raptured, was a type of all of the rest of them dying. But the--the end-time Bride will be called out of the... The rapturing, without death, will be called out of the seventh church age, which we are now bearing record of that age." [65-1204, *The Rapture, Yuma AZ*]

"Now, we hear so many people say, "Well, if I only had faith." Faith is--doesn't mean long, drawn-out prayer meetings. It doesn't mean long fasts. Faith is an unconscious thing. Your real faith, you're unconscious of it. You don't know that the faith you have got. It's an unconscious matter with you. Could you imagine Jesus questioning whether He had faith or not to stop the winds, or still the waves, or have faith enough to L--raise Lazarus up? Or... He never questioned His faith. Now, the first thing before we can have faith, we've got to have some foundation for faith. There's got to be something behind it." [55-0113, *The Fundamental Foundation For Faith, Chicago IL*]

“Now, if you want to read in Matthew 18:16, It said, "There is three that bear record," see, in Saint... in First John 5:7, so forth. Three is always a witness. Is that right? [Congregation says, "Amen."--Ed.] It's a verification, something that's right. Three witnesses bear. "In the mouth of two or three witness, let every word be established." Now notice. We've had three witnesses. Three is a witness. Now, we have already had three raptures in the Old Testament. Did you know that? As a witness. **Now watch. Enoch was one; Elijah was the other one; and Jesus was the other one.** Jesus, being the Keystone, now, He bare record. See? He was the Keystone between the Old and New Testament, 'cause **He had to first die and then rapture. He died; come to life and walked around here with us; and then was raptured up. Because, He was the Keystone that tied the two together.** After His resurrection and rapture... Look. After He did that, and proved that, the Old Testament there. **We all know Enoch was translated. We know Elijah was taken up by a whirlwind, that right, in a chariot of Fire. And Jesus died, buried, rose up and lived here on earth, and then was raptured up, the Keystone. There is three, to bear record. Is that right?"** [65-1204, *The Rapture, Yuma AZ*]

“But, to me, I--I believe that the Word of God is right. And I--I don't believe it's of any private interpretation. I believe it's just what It says, that's the Truth. **And that's the way I take it, just on the basics of It being the Word of God. Now, I haven't got faith enough, maybe, to make all of it act, but I certainly wouldn't want to stand in the way of somebody who did have faith enough to make It act.** Like, for instance, **Enoch** had enough faith that he didn't have to die. He just took an afternoon stroll, and got tired here on earth and just walked on up to Heaven. I'd certainly like to have faith like that.

But I hope that we do get that faith someday, as we grow on into Him.” [65-0427, *Does God Change His Mind, Los Angeles CA*]

“Jesus commissioned His church, said, "Go ye into all the world and preach the Gospel. He that believeth and is baptized shall be saved. He that believeth not shall be damned, and," is a conjunction, "these signs shall follow them that believe: in My Name they shall cast out devils; they shall speak with new tongues; take up serpents, or drink deadly things, would not harm them; lay their hands on the sick, and they shall recover." Now, that's--that's either right or it's wrong. To me, I'm simple. I--I just believe it's right, and that's all I have to go by. Those who try to explain it away, I--I just can't see that. I believe that it is the Word of God, and it's the Truth. Now, I may not have faith enough to make all that act, but I certainly wouldn't want to stand in the way of somebody who did have faith enough. I might not have faith enough to be like Enoch, who took an afternoon walk with God, and didn't have to die, just walked on up Home. But I certainly would like to see someone do it now, you know. I--I sure wouldn't want to stand in his way, doing it. I pray for that kind of a faith, 'cause that's the kind of faith we're going to have to have. "We who alive and remain at the Coming of the Lord shall be changed in a moment, in a twinkling of an eye, and caught up together with the resurrected dead, to meet the Lord in the air, and forever be with Him." That's our heart's desire.” [63-1103, *Go Wake Jesus, Tucson AZ*]

QUESTION:

Should Believers use medical vaccines?

ANSWER:

"Is there no balm in Gilead; is there no physician there? why then is not the health of the daughter of my people recovered?" [Jeremiah 8:22]

"The fruit thereof shall be for meat, and the leaf thereof for medicine." [Ezekiel 47:12]

"They that are whole need not a physician; but they that are sick." [Luke 5:31]

Seeing in medical books, that I even have it in my home to read. I'm--I'm interested in medicine, certainly am, anything that'll help God's people, help human beings. If it's peace, studying peace terms, I am interested in that. I am interested in a--a better community to live in. I'm interested in better schools for our children to go to. I'm interested in anything that's good, wholesome and right. And medicine has done some great things. I believe God has used it in many things. I believe, if we'd be more sincere and consecrated to God, they'd already had stuff for cancers and everything else. If we just... God's got the thing, if we'd just ask Him about it. See? So now, I believe the reason the Salk vaccine was, just because of little children suffering the way it is. And Satan, that evil thing out there, paralyzing them little children and things; and God just let that be discovered, for the inoculation. And it's done a great thing, and to which we are grateful to Almighty God for it. Just so thankful that God has ever blessed us in the... [The Uncertain Sound, Jeffersonville IN 60-1218]

How do they find toxin? The first thing they do, science works on a--a certain different kinds of chemicals, and they mix it together in the laboratory, and they put germs under the test and pour this toxin on it. And then take the good

germ and the bad germ and work together till they can find something that will kill the bad germ and (unless it's an antibiotic), and--and leave the good germ. Now, when they think they've got it perfected, they take that serum, and give it to a guinea pig and find out if that guinea pig will live or die. Now, sometimes it won't work on human beings. And you can't be sure about medicine, because sometimes a medicine that will help one will kill the other one. And they're working on some kind of a medicine or something to-to try to cure the cancer. [Why? Tulsa, Oklahoma 60-0401m]

Medicine has to be tested. They take medicine and they... First, when they find a toxins that they think that's for some ailment, they try it on guinea pigs. And they take the toxin, after the science has worked on it for a long time, and they shoot it into a little guinea pig, and they watch his reaction. If it doesn't hurt the little guinea pig, then they use it on human beings. But medicine is a chance to take. For some medicines that will help one human being, might kill another. So you have to watch that, because that it's--it's... Sometimes you must be sure that you know what you're doing, and let a doctor that knows how to give it, give it to you, someone that you got confidence in. [Balm In Gilead, Chicago, Illinois 59-0614]

Usually, when we're hunting a toxin... There was a time when there was no toxin for smallpox; there was no toxin for the--for the polio. But we have those toxins now, and they're--they're great. We appreciate them. And then I thought, "How do you find a toxin? The way you find a toxin, doctors, usually, and scientists in research, they--they find some kind of a chemical and then try it on a guinea pig, and see if the guinea pig can survive it. Then they give it to you. And sometimes those toxins are... They won't work on all people, because all

people maybe not be the same kind of condition of a body that that guinea pig is, so it wouldn't work right. [Why? Phoenix, Arizona 61-0128]

And think that he could fix your arm up, it's a dangerous thing not to do that. You should do it. It's dangerous if you don't do it. And there was a time we didn't have much toxine. People died with diphtheria, but they got a toxine for it. Polio, the Salk toxin, that's--that's fine; I--I sure appreciate that. I believe a man would be more humble... You say, "Brother Branham, you believe in Divine healing?" That's all Divine healing. Every bit of it's Divine healing. "I'm the Lord Who heals all thy diseases." Yeah. Every bit of it is Divine healing. If hospitals and the--and stuff like that is not the... Tell me where there ever was one doctor that could heal a disease, or tell me where they got a medicine that'll heal a disease. I was interviewed at Mayo's; you seen it in the "Reader's Digest," and so forth, Donny Morton, was healed up here. They called me, and they say, "We don't claim to be healers, Mr. Branham, we only claim to assist nature. There's one Healer; that's God." Sure. [Balm In Gilead, Long Beach, California 61-0218]

In medicine, sometime, there was a time when there was no toxin for typhoid fever. There was no... Just recently they got the Salk vaccine for the--for the children, for the a--the polio. There was a time they didn't have it. They got it now. There was a time there was no inoculation for a--a typhoid fever, and tetanus, and typhus shots, they didn't have it. But we got it now. [Why? Phoenix, Arizona 60-0309]

Here sometime ago, I was called to a bedside, took out of a meeting and called to a bedside where there was a--a young boy dying. And the old father came to me, it's been about fifteen years ago, I guess, and he said, "Would you come to my son, he is--he is dying with a--a horrible thing?" It's a--a disease of the heart, I call... I believe it's called some kind of a--a heart disease, I forget what the name of it is now, but it was real, real bad. And so I said, "Yes [Perseverance, New York, New York 63-1116]..."
