## **50-0405 - Glad Tidings Tabernacle, New York, NY (Paragraphs: 70 - 87)**

**L-71** Now, remember, I cannot heal. It only tells what happens when the people are standing, they--they begin to look, and they're wondering, and... And then when the Spirit begins to speak to them and tell them what their disease and afflictions are, why, their faith just moves right up and the thing leaves them.

Now, if I'm able to tell that the... what's on you, and what's done it by the Spirit of God, then I know when it's leaving. Like if Moses could foretell what was going to happen, and it come to pass, we believe that the creation was according to His Word. Don't--do we not? Because it's God speaking both ways.

All right. Now, I want all to pray and be real reverent, everywhere over the building. Wherever you are, everyone be reverent. But now you pray. You don't bow your head till I ask you, you...

All right, you can bring your patient, brother. Now, every one be just as reverent.

**L-72** And I'm still feel tonight that something glor... Now, sometime when the Spirit of the Lord gets real near, why, It's... I lose track of what I'm saying. You see? But now, just to notice right now I... If I can try to tell you... It's beginning to move down, now, for this patient. You see? I do not know the lady, know nothing about her. Now, just a moment. When It--It contacts, It's on me now. Now, when I get a hold of... Come close by me...?... Oh, she's deaf. All right. Everyone bow your head, everywhere now.

Our heavenly Father, Who brought again Jesus from the dead, Thou art here to heal our sister, and to declare Your Divine power. And we've made boldly the statement, that nothing could stand before the gift of God, that what it would be told, and the woman, seemingly, has faith. And I ask Thee to deliver her tonight from this affliction that Satan has placed upon her, that she might be a testimony in her community of the healing power of God. That her testimony might start an old fashion revival. Grant it, Lord.

Thou deaf spirit, who's come upon the woman, I adjure thee by Jesus Christ, the Son of God, leave the woman. Come out of her.

You've been feeling real bad lately, haven't you. Is a tubercular diet. Yes. That's all gone.

All right. You may raise your head, audience. I'll put my fingers in her ears.

**L-73** Did you hear me? [Sister answers, "Yes."--Ed.] Say, "Amen." ["Amen."] I will put... Hear me now? Say "Amen." ["Amen."] I love Jesus. ["I love Jesus."] Your eyes has been bothering you. You've been feeling weak lately, haven't you, real weak; and of the evening, especially in the afternoon. I waited till you got your hearing so that you would know. In the afternoons late, you get real weak. And at night, not... you're... you have un... restless nights and things. Now, what that has been, you have been afflicted with tubercular, sister. I picked it up on the vibrations. But it's all gone now. You're healed; your hearing is true; you're perfectly normal; you can remove your glasses, and go on off the platform...?... you are healed.

All right, bring your...?... Everybody say, "Thanks, Jesus." Amen, That's right. All right.

[A brother says, "On her card is, 'Deafness and glaucoma of the eyes.'"--Ed.]

**L-74** I want you to look this a way just a moment. You've been extremely nervous all your life. And another thing that's wrong with you now, 'course your eyes has caused you trouble... astigmatism, what's wrong in your eyes. Had trouble with stomach. Isn't that right? Yes. I see you setting at a desk, squinting, trying to read when you was a little girl. This certain day when a certain thing happened; you were wearing--wearing a pink checkered dress...?... Now, when you... When you now also are suffering with a peptic ulcer of your stomach, causing you to have stomach trouble. Isn't that right? Now, a real

strange feeling is upon you. Isn't that right? Sister, dear, Jesus Christ makes you whole. You remove your glasses; go home eat what you want to; for you're healed now. God bless you.

Everyone be real reverent and pray. All right. You can bring your patient.

[A brother says, "Nervousness, stomach trouble, and eye trouble. Notice her getting her healing now without prayers."--Ed.]

**L-75** Believe with all your heart, that you... You're trying to believe. You're a woman weary, aren't you? You've been deeply depressed, haven't you? You've been having troubles. And you know what I'm speaking of. I won't say it. All right. May I have your hand. There's something else; oh, it's cancer, sister. That's too bad. But do you believe that Jesus Christ will heal you and will make you well? I'll... So that... See, you have had troubles and trials. 'Course now that strange feeling upon you; that's the Spirit of the Lord.

I want you to looky here so that you'll have more faith to believe. Here's now what I call a vibrations. Come closer. I want you to notice my hand there. Want you to look how it looks. See how speckled and how black looking it turns? And how it keeps little white things, running over it there? I'm going to take your hand off, and I'm going to put my hand upon it. Now, it's not there now, is it. Looks like anyone else's hand. I'll put this hand here upon it. Looks just as normal, does it?

But Reverend Lindsay, would you come forward. I'll put Reverend Lindsay's upon it. Just normal like. I'll put my own hand; it's normal. Now, watch. I'll pick up this hand right here and lay it upon there. Now look at it. See how it swells, turns real red looking, blood-shotty, them little white things. That's your cancer, sister. That's the life of a demon that's trying to take your life. And it's moving through here now. That feels perfectly all over my wrists and arms. See? It moves right on up to my heart. And that's what does that.

**L-76** Now I want you to watch my hand. And now, if that remains that way, your life is very short. If it moves... You're having faith. I've been--been expecting it to leave at any time. But so far it hasn't. But you're--you suffer with--with a dizzy spells also, which is caused from a high blood pressure. And--and another thing is the time, you're nervousness is what causes menopause, change of life, working on you. Is that right? Do you have children too, haven't you?

I--I want... I want you to... Yes. I want you to believe me with all your heart. Now, in order to vindicate what I'm telling you to be true, I want you to watch my hand. And if it stops like... I want you to take this other hand and feel those little things as they're moving over my hand, that they can see. That's--that's the life of that cancer. It moves through, kind of... kind of feels like it's going, thrrrrr, thrrrrr, thrrr. [Brother Branham illustrates.--Ed.] Now, if that stops, I want you to see it.

**L-77** Now, the Bible says, "In the mouth of two or more witnesses, let every word be established." Is that true? You're Christian, and I... And you believe, and you come now, and you're a stranger. I've told you what's the matter with you, and what's happened in your life. Is that true? That's a witness, isn't it? You're looking here at something supernatural happening on my hand, is that right? That's two witnesses. If it remains, it's three; if it leaves, it's three.

But this determines whether you'll be well or not. Now, there--there's nothing else that God could do to cause you to believe. Isn't that right? Now, I want all the audience to bow their head while the patient watches my hand. [[Matthew 18:16](#)], [[III Corinthians 13:1](#)]

**L-78** Our heavenly Father, we're thinking of the time that Nathanael came to You. Philip went and got him, and when he came up to Nathanael, he found him praying. And he said to Nathanael, "Come, see Who I've found, Jesus of Nazareth, Who was spoke of by Moses, the prophet."

He said, "Could anything good come out of Nazareth?"

He said, "Come and see."

And when he came to the prayer line, O God, we can see the Spirit of God moved Jesus. He said, "There's a Christian. There's a believer, an Israelite indeed," otherwise.

And Nathanael said, "When did You know me?"

He said, "Before you come, you were praying under a tree."

And he said, "Thou art the Son of God, the King of Israel."

Oh, You promised that Your Spirit would be with us always, even to the end of the world. And You're here tonight to detect, to tell, and to heal through faith. And Father, we're so thankful that You said, "A little while and the world will see Me more--no more. Yet you'll see Me, for I will be with you, even in you, to the end of the world." How thankful we are that You're here in New York with us tonight in this auditorium. And this, our sister, who's prayed, and a Christian... And we're taught that all things work together for good to them that love You. And Father, I've spoke to her everything that You've put in my mouth, and I'm expecting You to heal her. Won't You grant it, Lord, before she... [Blank.spot.on.tape--Ed.]... taken away. I ask You to grant it. Give me faith, Father, in this challenge as she's watching my hand. [\[John 1:46-49\]](#)

**L-79** Thou demon, in the Name of Jesus Christ, leave the woman. Of course, you see, it didn't do it. It started...?... hands.

[A sister speaks with tongues.--Ed.]

Lord Jesus, Son of God.

Grant Thy blessings, O God, upon this mortal. Grant it, Father.

[A brother interprets--Ed.] [Blank.spot.on.tape--Ed.]

You see what has happened, don't you, sister? Gone. The lady's healed. [Blank.spot.on.tape--Ed.] Now, the lady, where you from? My hand is as normal as any man's. Is that right?

Now, the lady is standing here, looking herself. She's a New York woman. I've never moved my hand. Just as normal as any man's hand, isn't it? It just went away, just vanished away. Now that's... There's three witnesses. And the Holy Spirit speaking through the church, witnessed that It was sent. Now, there's...?... There's... Your healing's over, sister. God bless you. You may go home and...

Let's just bow our head and offer thanks.

**L-80** Bring your patient, if you will. Father, I pray Thee to be merciful. Let Thy people see, dear Father, Thy works and know Thee. Through Jesus Christ I pray this blessing. Amen.

[A brother says, "On the lady's card was the word, 'cancer for three years.'"--Ed.]

**L-81** Almighty God, Thou hast promised through Thy Son Jesus that You will move this choking spirits from the woman.

Come out of her, Satan. I adjure thee by Jesus, the Son of God. All right. You may--you can see what's happened to her. The goiter went right from her throat. Well, God bless you...?...

Friends, He's here to heal everybody. Do you believe that? Now, look. I want to ask you something. The Spirit of the Lord is speaking. The people don't have to come up here at the platform to be healed, they can be healed anywhere in the building.

Now, just because those people have prayer cards and come up... See, we give out fifty cards or a hundred cards. And then we come to the meeting, they just mi-mix those cards together, from one to fifty, or wherever...

**L-82** Then we had a time that the people just rallied if they couldn't get number one card, they didn't want to come. And if they didn't get somewhere within fifteen or twenty, where we'd reach in a night, they didn't want no card. So we had to mix the cards up. And then they would ask what number were we going to start with. So instead of that, we just let them get together, give the cards out, and select a number somewhere in that group. And then call and pray for as many as we can through the night. Now, that's--that's the way that we have found more successful in operating. And the people come to the platform.

The only good it does to come to the platform, is just to have theirselves--just to be stand here, that it might... You don't have to come for that. For God can reveal right here now the secret of every heart in

this building.

**L-83** And I know this one thing: There's a great, great group of people here that's believes. There seems to be a pressure coming from everywhere. God can do all things. All things are possible to them that believe. Is that right? Yes, sir.

Now, He can--He can speak out there. But now look, if He has verified this to be the truth, do you believe it is the truth? It's the Spirit of the Lord Jesus Christ. Remember, if I never see you again, I've told you the truth. And now, God will heal, and will heal everybody here, if you'll just believe it.

That... Now, I've asked Him to do that tonight. And I--I believe God. I believe that He's going to do what I've asked Him to do. For I--I think what if that was my mother, father, brother, or my child, or whatever it was setting out there, or sick... [\[Matthew 19:26\]](#), [\[Mark 9:23\]](#), [\[Mark 10:27\]](#)

**L-84** There was a little girl just looked this way, just then, a sweet little thing, and she's... Her little vibration's moved up. There's a... I... She's setting here a little black headed girl. Sweetheart, stand on your feet. I want to look at you just a minute. Look here. Yes, stand up. Look up this a way, honey.

You've been wanting that child to get in the prayer line, haven't you, sister? If I, by the Spirit of God, can tell you what's wrong with that child, will you accept me as God's servant? The child's got a growth in its throat. Is that right? It's been bothering it. It's something in its throat's been bo... Is that right, honey? Swallow, and put your hand on your throat. Jesus Christ heals you, now. God bless you, sweetheart. Is that true, mother? God knows all about all things.

**L-85** Here sits a man setting before me here with a cane in his hand. Brother dear, do you believe me? Look this a way. You've been suffering with a heart trouble, haven't you. Lay that cane down and go on out of the building. You're healed, sir. You don't need it any more.

Do you all believe Jesus Christ? I want you to look this way and... It's... God knows all your hearts.

Here sets a lady, setting here with a red waist on. Look this a way, sister. Seem like you're in trouble. Your husband's setting there holding you, your loved one. Looky here. You're suffering. You've had some trouble recently, haven't you. You've been to a clinic or a hospital. Yes, you've had an operation, haven't you? It was at Mayo Brothers. Is that right? I can see the institution. It's happening between you and I. It's a gallbladder operation, if I'm not mistaken. Is that right? You're worrying about it, because you're weak. Stand on your feet. Jesus Christ makes you whole now. You're healed. Don't have no fear.

**L-86** Everybody believe. That's right. Have faith in God. Believe with all your heart. Be sure He knows all things. Do you believe it?

Here is a poor old colored lady setting there with a black hat on. Stand on your feet. You was deaf, woman. You can hear now. Jesus Christ makes you whole. You was deaf. Is that right? Do you hear all right now? Can you hear me? Sure. You're healed. Jesus Christ makes you...

Why, He will heal everybody in the building right now. Do you believe it? Stand up a minute. Raise up your hands. Let's pray.

Up in the balcony. You there that has the cancer. You're well. Jesus Christ healed you.

You that's standing there that's been crippled. Stand up out of that chair. Jesus Christ makes you whole. You, right here, that man there, there's a... Yes, sir, brother. Jesus Christ healed you right now. That's right. You come from that place.

Right there, setting right there in balcony. That girl standing right there. It's a cross-eyed. It's over. Look and see. Your eyes are straight.

Oh, He's here, friends. He's making whole this minute. Everyone, let's lift up our hands and our voices to give praise to the Lord Jesus.

**L-87** Now, I rebuke every power of doubt, every demon spirit, that he will turn this audience loose at this moment In the Name of Jesus Christ.

You in the chairs, raise up. You that's sick, you're well.

Almighty God, I commit this to You and praise...?... Lord God of heaven and earth, send Thy power upon this waiting audience, making this what You promised. I now ask for a complete deliverance of every sick person in the building in the Name of Jesus Christ, the Son of God.

Accept it. Believe it. Right now, I feel the pressure that there's hundreds of people right now that's been healed. If I've told you the truth, I'm telling you the truth. Now, God has verified this...

**50-0713 - Tent Meeting, Minneapolis, MN (Paragraphs: 19 - 34)**

**L-20** We could give you a thousand cards, but we can't minister that many in a night, so we just give out about fifty. And then they got so, that when the fifty was give out, who was going to be first? So the way that we did then, they come and shuffle up the cards together, putting them all together, pass them out, and then you choose a number after we get to the platform to begin with. Somebody might have 1 and we might start at 15. We might start at 50 and come back. So just where usually we have some little boys, or something, let... or someone to count a number, and, or... someone to start from or usually they just tell me and I just take a number. Maybe sometimes I count how many is in this row, and how many is in this row, and divide them and get a number to start from, or do something like that. Or count how many people is on a cot and then divide that by how many is on wheelchairs or something like that, and start some numbers: something another, so it'll be fair to everyone. That I know, myself, that it's fair to everyone. That gives everyone a chance to be...

Now, that's the prayer card, doesn't heal you. If you dear people, setting here, will just look this a way and believe with all your heart, the Holy Spirit will turn right around and call you and tell you what's the matter with you, and heal you right where you're at. Now, that is the truth, friend. You'll notice it. And God bless you.

**L-21** Now, did you say A-1, we start at, A-1? They got 1 to 50. Well, being's this is our first night, let's just begin with the--with 1, tonight, and start. Those holding prayer cards from A-1 to... Don't have too many stand at once. Let's start, A-1 to A- about 8 or 10, or A-1 to A-15. Take A-1 to A-15, and let them line here while the rest of us will sing "Only Believe." And I'm going to pray just for a few moments. And you be praying with me, will you, audience, if you will. May God bless you.

[Brother Branham steps aside to privately pray.--Ed.]

[A brother says, "Those with prayer cards from A-1 to A-15 stand in line, according to your number, at my right, and your left of the platform. Everyone else remain seated, please."--Ed.]

[A brother leads the congregation in singing "Only Believe" several times.--Ed.]

[A brother exhorts the people to believe. Congregation sings "Only Believe" a few more times.--Ed.]

[A brother leads the service while Brother Branham prays--Ed.]

Again, slowly with the organ, if you will. That's fine...?... Could we just pray once more, friends. I... Just if you'll bow your heads.

**L-22** Father, will You just draw near just now, so that we'll feel Your great Presence...?... all over the audience. And I have made a great statement that makes in the meeting. And I know, without You I'd be a total failure. I can't do this in myself, Lord. And I must have You. Will You just send Him now? He will be able to help these poor people. Look upon them tonight, Lord. Have mercy upon them. Give them great faith to believe, know Your Divine will and...?... Help us now. May every demon power be subject to Thy Spirit tonight. Give us faith, predominating faith to challenge this enemy in this duel.

Now, I know not what's the matter with these people, Lord, but Thou dost know. You just help me to know, Lord, then it'll build their faith to love You, to know more about You.

As I go forward now to--to challenge the enemy, will You go with me, Lord, and help me? In the Name of Thy Son Jesus, I ask it. Amen.

Everyone be just as reverent as you can. Pray, everyone. All right now, Howard, I want you to bring them to me just one at a time. Yes, bring them to me.

I want you to notice the expression on the face of people, just a few moments when the anointing gets just a little more, when they start coming. Usually they start crying or something change the expression when they get near here. Now, His Presence is here now at the platform right now. That's right.

**L-23** How do you do, sir? Are you from here in the city? [The brother says, "No, I'm from Zion."--Ed.] You're from Zion, a great city. You're a stranger to me. I don't know you. Just maybe I've never seen you. You're from Zion. I've probably seen you, but didn't know you. Now, you're suffering with some cause somewhere. And I will be able to tell you, maybe, if I can hold your hand here...?...

Yes, my brother, you're a sick man. You have many troubles wrong with you. One of them is a heart trouble, that's been bothering you for some time. You have a stomach trouble also. Isn't that right?

You've consulted a doctor about this too, and they don't give you much hope. But that...?... You believe with all your heart? Look, I want you to look at me when I'm talking to you.

Your whole trouble has been, is your make-up. You're more of a--kind of a deep thinker. You're nervous to begin with, an inward nervous, a type of nervousness that...?... causes you trouble. Really, your heart trouble is a nervous heart, is what it is. I believe you were told that. And your stomach is caused... it's a peptic ulcer in your stomach that causes you this trouble, stress. And sometimes, when laying down, your heart hurts you worse than your peptic ulcer did. Now usually, in that case, it causes fluttering itself, makes the heart flutter and jump.

**L-24** But now do you believe with all your heart? You may be healed. Is that the truth what I've told you? Then there's some way that I have of knowing that, isn't it, sir? Do you believe It's the Spirit of God that's doing that? You have a strange feeling, knowing that you are standing near. There's a supernatural Being. Now, believe. Feeling kind of like a awe, it's because of His Presence...?... God's presence. Now, you've come to Jesus Christ. Your faith is has met them here. You bow your head. The audience bow their heads too.

Our heavenly Father, You're here in... [Blank.spot.on.tape--Ed.]... to come to You for the very mercy. And now here he is at the platform. Help me, dear God, to have faith for him.

Thou demon that's bound this man, and caused this trouble, I adjure thee by the Son of God, leave the man, come out of him.

Now, just a moment. Everyone just remain with your head bowed. It's still hitting my hand. See that color there, sir, that turns my hand?...?...

**L-25** Now, look this a way, sir. You're the sick man. You're a Christian. But you've been prayed for before, been in a prayer line somewhere before, been prayed for. And it's a--it's kind of... you're just kind of taking a guess at it like, you know. Now, you have to have a real genuine faith. See? I don't--I don't want you to...?... I can't tell you that. Now, I wouldn't tell you that 'less I knew what I was speaking of. I want to be able to pronounce you well. And I can only do it, when God brings it down and heals you.

Now, you just, right now, settle the question now, for all time? You're going to believe it right now? You believe that I have told you the truth as God gives it? You... Father, be merciful to my brother. He wants to eat again, feel good, and wants to be able to walk and not have those feelings. And, Lord, You're the only One Who can help him. So I pray, God, if it's my faith, that we--forgive me. And if it's his faith, Lord, bring him up now to the place to believe. Seemingly, that his faith isn't--that's holding back, that he believes and help me to have faith then over this enemy that's bound the man.

Thou demon, in the Name of the Son of God, Jesus Christ, come out of the man.

**L-26** All right, you may raise your head, friend. The man is healed...?... You felt that, of course, when it left. Oh, my! Go home, and eat what you want to.

**L-27** [A brother says, "Now, you understand, Brother Branham discerned this disease, affliction, entirely by the Spirit of God. He never seen the card. Now, on the card, are the words, 'Heart and stomach

trouble."--Ed.]

Our brother, he felt that. He just... It-it left him. Now, the man can go right out now and eat anything he wants to, without any misery. He--He will be testifying of it. He's well. He will be well.

**L-28** All right, sir, come forward. Everyone be real reverent, just reverent as you can be.

Just since that one man was healed, just feels like a throb coming in now, as people begin to believe. I can tell it from the outside there, just--just a moving.

Good evening, sir. Now, I want you to look right at me. And this is not reading your mind...?... It just that... Now, you're a human, and you have a spirit. And this anointing is by another Spirit that contacts you.

And I would like to have your hand just a moment, please. Now there's a... There's not too much wrong. Now, just a moment. It's some way, without a germ disease. I will have to see. Now, you just look to me, and you just answer me as I talk to you. See, I got to see it by vision, sir, to see their...

The--the trouble that's wrong with you, isn't a germ. You have a little symptoms of--of a prostate trouble, which causes you to be nervous, but not enough to cause you to get a prayer card or something.

Now, you just look right this a way. Just be sincere. Believe with all your heart. And now, how long have you been a Christian? About five years. You love the Lord, do you? Serve Him with all your heart? He's wonderful, isn't He? You're just a little nervous. I'm trying to get quietened so that you... Just don't be nervous. Just look right this way and believe now. 'Course, you have a very strange feeling because of standing in that Presence.

Yes, sir, I see what's wrong with you. You have epilepsy. Isn't that right? See, I see you having those spells there. Something's here to say that, isn't it? You believe the Son of God? Believe, if I'd ask Him, that it'd leave you and wouldn't come back no more? Shall we bow our heads.

Someone take the little boy there, ever who owns the little boy. Sometimes this goes from one to another. And I don't... Someone with the little boy, keep him close to the mother somewhere. Get him there. Come close, sir.

**L-29** Our heavenly Father, our brother stands here, afflicted. I just ask You with all my heart, to be merciful, knowing there's nothing can help him except You. And the great, strong, fine-looking man like this to be afflicted with such a power that doctors can do nothing with. But, Lord, one morning a man brought a boy to You. They took him to Your disciples and they could do nothing for him. He was having epileptic fits. And when the demon saw You, the boy fell on the ground and frothed at the mouth. But You said, "Take him up. It'd be all right." And that's probably the last spell he ever had, for You cast it out of him. The father said, "Can You help my boy?"

You said, "I can if you believe, for all things are possible to them that believe."

**L-30** O dear God, if You were standing on this platform tonight, physically in body, You'd stretch forth Your hands; this man would look upon You, and he would know You were here. He would believe You.

But now You're here in another form, working in Your church. You said, "A little while the world seeth me no more, yet I will be with you, even in you, to the end of the age." Now, it's the representative of Your Blood.

I come in a challenge of faith. So help me, dear God, to drive from the man the evil power.

Thou demon, called epilepsy, hold your peace. But in the Name of Jesus Christ the Son of God, Who died at Calvary and gave His Blood freely, I charge thee, through Him, come out of the man, and leave him.

It went from you. Some cool feeling sweep over you. All right, you may raise your head. The brother standing here, he said a cool feeling swept over him just then. Everything left him. It's gone from him.

Now, go in peace...?...

[A brother says, "On the brothers card is the word 'Epilepsy.'" --Ed.]

All right, bring your next patient.

**L-31** Now, everybody be just as reverent as you can, and God will bless and will heal you. How many

loves Him, say amen. [Congregation says, "Amen."--Ed.] He's wonderful. All right, everybody...?... Let's see your hand just a minute. Oh, it's the...?... I could feel that hitting of that...?... what's happened. In your... You believe now with all your heart? If I will ask Him, and He will... If you believe that I will ask Him, you'll be able to hear? Will you serve Him all your life, give Him praise? You believe that He sent me to do this? You have other troubles too, don't you? You have other troubles, physical troubles. Seem to get weak, your back, between your shoulders. All right, have faith in God, as I ask Him to heal you? Shall we bow our heads, everyone.

**L-32** Our heavenly Father, this dear woman has come up here. A deaf spirit has got on her, and she is deaf, only hearing by the aid of this trumpet. But Thou art her aid, Lord, You Who created her, can make her well. I pray Thee to be merciful to her. Grant her healing now, also of this trouble in her back, this rheumatic pains. Dear heavenly Father, heal her also there. See her eyes are getting weak also, and nerves.

Grant that she'll be a--a different person, she'll go out to serve You all the days of her life, giving a testimony, causing others to be brought to this glorious Gospel of Christ. May her testimony be used in a great way for the glory of God. What days she's got left, may they be spent glorifying You. And we're taught that all things work together for good to them that love You. Maybe this come upon her to give her a testimony. You could heal her and let her go out and testify, to win others to You. Help her just now.

Thou demon of deafness, spirit of infirmity that's binding her body, I adjure thee by the Son of God, Jesus Christ, you turn her loose. Come out of her.

**L-33** Now, everyone just remain with your head bowed just a moment. It did not let loose. Now, please do not raise your head till you hear my voice. Sometimes many people, sometimes you think you believe, you know, you just raise your head, throw it right back on her. See? Now, don't do that. And then you really...?... Now, you be real nice children of God. Believe with all your heart.

Father, be merciful now and heal our sister so that she may be Thy disciple and testimony of Divine healing.

Thou spirit of deafness, leave the woman. In the Name of Jesus Christ, come out of her. Now, just remain here with your head bowed. It's left her. Just a moment now, for the...?...

**L-34** You hear me? Can you hear me? Amen. Say "amen." Amen. [The sister says, "Amen."--Ed.] It's--it's... That's right. Hear me now? [Brother Branham snaps his fingers--Ed.] All right, you may raise your head. It's left you. All right. [Brother Branham snaps his finger once.--Ed.] Hear that? [Brother Branham snaps his finger again.] Hear me? [Brother Branham snaps his fingers and claps several times.] Hear me? Now, you haven't got your ear trumpet in now.

Now, the shrinkage of that, about a hour, maybe two hours, you'll be hearing right real well. And about day after tomorrow, you'll go all the way deaf again. Then about two days after that, you'll begin to get a running out of your ear. Then, come back, you'll be hearing normal and well then. There's a growth on the eardrum (You see?) is what was doing it. God bless you, sister. And your other troubles are gone too. God bless you.

Let's say, "Praise the Lord," everybody. [Congregation says, "Praise the Lord."--Ed.] Let's just have faith and believe with all of our hearts, and God will grant it.

All right, bring the next man, if you will.
