L-57 I love Paul Rader. Oh, I was a little boy, set at his feet back there when he was teaching. He preached. I remember one of his sermons he preached when he was in some land, and oh, what taken place. And he's setting on the log, saying, "I'm riding on it; I'm riding on it." He had malaria fever, or something or other, done blacked out and God healed him, and he believed it.

I'm standing in his platform tonight. O God, have mercy. Yes. May God grant the great healing.

Now, let's call the prayer line. Where'd we call from last night? One? All right. Where... How... Did you give out what today?

All right, let's start somewhere over, let's get eighty, start from eighty tonight. Wha--what you--what's the letter? S, S-eighty, eighty to ninety, that'll be eleven. Let's try them first. You--You here now which crippled in the wheelchairs and things, well you just--you just keep watching and look this a-way and if you've got a prayer card hold it up. I don't see but about two or three with--with prayer cards. Watch the--the different ones now in these chairs and things, line up quickly now.

Let's sing if you will, "A Great Physician Now Is Near." Oh, let's everyone believe that He's going to show Himself tonight, before the audience. If you'll just give me a few

I bless thee for thy healing. Amen. You had many things, complications. You also had arthritis, didn't you? Raise up your hands; you're healed. Amen. Bring your feet up and down. That's right. Go off the platform happy. Amen.

You believe, sister? You want to get over that heart trouble, don't you? In the Name of Jesus Christ, may it leave you. Go off the platform thanking God for it.

Believe with all your heart for this...?... this little baby. You believe it'll leave it? In the Name of Jesus Christ I bless this child for its healing. Amen. Go, put a string around it tonight. Measure it, and bring back the part that shrinks off tomorrow night, for me. God bless you, brother.

Amen. Let's say, "Praise the Lord." Oh, my, anything can happen. People, be God-conscious now. I'm not excited. But I know Who I believe. Believe with all your heart.

Receive your hearing, in the Name of Jesus Christ. Go off the platform rejoicing. Amen.

You believe with all your heart? In the Name of Jesus Christ, be healed. Go believing now with all heart. Raise up hands...?...

Do you believe with all your heart, that God will make you well? O heavenly Father, I pray that You'll take this demon away from the woman. Come out of the woman in the Name of Jesus Christ. Look, lady? You've been bothered a long time, haven't you? Mental, nervous depression, is that right? Demons; something haunts you and scares you. Is that right? You accept me as God's prophet? Raise up your hands and say, "Thank the Lord for my healing." Go off the platform and forget all about it; be well. Amen.

minutes, and everybody be reverent now, just a few minutes now.

Oh Father, help me. Do Lord, speaking now, the hour is getting late. But I pray God that your Angel will anoint Thy servant like never before. Grant it Lord, that these next few minutes, grant there'll be more healings done as ever been done here in the last revival that I had, Lord. Grant it, in Jesus' Name, I pray.

L-58 The great Physician now is near,

The sympathizing Jesus,

He speaks the drooping heart to cheer,

Oh, hear the voice of Jesus.

Sweetest note in seraph song,

Sweetest Name on mortal tongue,

Sweetest carol sung,

Jesus, blessed Jesus.

[Brother Branham begins humming "The Great Physician."--Ed.]

...carol ever...

[Brother Branham speaks inaudibly to someone--Ed.]...you say she was...?... God bless you...?... God...?... prayer right now. God bless you. Everyone be just as reverent as you can. This--this brother says he's drove five hundred miles. His daughter's dying in Pasadena with a cancer. And said, "Oh, have mercy, have mercy."

Dear Jesus, please. The meeting's just starting now. Grant Lord, that just now that the same Angel that came into the prison bars where Peter was laying bound with his feet and hands. He couldn't get up, and he was going to be killed the next day. But down at John Mark's house, they were praying. And then the Angel shined through the window, and Peter was delivered.

Grant just now that the Angel that I have spoke of, the Angel of God will shine into that hospital where that woman's laying

bound by that demon. May his power be broken. May she be delivered as Peter of old, be brought out of the hospital and turned free to serve the Lord. Hear the prayer of Your humble servant as we ask this in the Name of Jesus Christ. Amen.

God bless you, my brother. Go now. And as you believe, God is going to grant it to you. Amen.

L-59 All right, bring your patient. Have faith now. You believe do you, dad? You believe? Let me hear from her. Let me hear from you. Amen. He feels His Presence now, believes that God has done the works. How many believe with me now? That's right.

Now, it's late. And if everyone will be just as reverent as you can for a few minutes now... Don't stir if you possibly can for a few minutes. The anointing is great upon me just now.

Look friends, I--I'm telling you from my heart (See?), just as sincere as I can: The Angel of the Lord's here now. The Angel that I speak of, the One that's there on the picture, is right here now. That is right.

Believe now. I want to talk to the people. You be just reverent. Believe with all your heart that God will grant it. Maybe the people get even healed without discerning their conditions to see what's wrong with them. Everybody reverent please.

L-60 Now, good evening, mother. It's kinda shook me just a little too, and I--I want to kinda quieten myself as I talk to you. You love Him? Do you love Him with all your heart? With all your heart? Yes, ma'am. Been serving Him for some time too, haven't you? Since a little child, a little girl...?... It started...?... condition. Come a long ways, and now you're bothered with a nerve trouble, isn't that right, sister? Yes, sir. You've been... You've tried everywhere, tried to have... You've had many specialists to look at you, haven't you, to see if they... No one knows what causes it. Is that right? That's right. All right. This what is speaking now knows what

Come, sister. All right. You're wanting to be healed, aren't you? You believe that if I'll pray for you, you'll be healed? Wouldn't you like for me to tell you what's wrong with you? Your heart troubled, wasn't it? You can go on and be healed now, mother. Be well. All right.

You believe, brother? Go on, get over your heart trouble also and be a well man...?... the Lord Jesus. Those people are healed the same as the blind woman was. They'll see it. They'll be all right. It don't physically show now, but it will be. Let's say, "Praise the Lord." You believe, mother? O, Lord God of heaven, blessed by Thy Name. Heal our sister now, in the Name of the Lord Jesus Christ. May she be well. Amen. Believe it now. Go rejoicing. Be happy. That's right. Amen God bless you, sister. You've longed for this moment, haven't you? Your faith has made you whole, sister. Go and be made well.

Let us say, "Praise the Lord." You believe it? Go, rejoicing, stomping your feet up and down, saying, "Praise the Lord. There he is, loosed from his arthritis and spinal trouble that the Lord...?...

You believe too, sister? You want to get over your arthritis, don't you? All right, just raise up your hands. Wipe your feet up and down like this. Go off the platform. You're free now.

Let's say, "Praise the Lord." Look. Before I look at this woman, she had the same. Thing's healed too. Didn't you have arthritis? Raise your hands up. Stomp your feet up and down. Claim your victory right now; in Jesus Christ; you're free. Go off the platform rejoicing. Go and be healed in the Name of the Lord Jesus Christ.

Oh, wonderful. Here it is. This is it. Amen. This is what we long for.

L-56 Believe, sister. In the Name of the Lord Jesus Christ, receive your healing. Raise up your hand. That's right. Amen. Go off the platform rejoicing.

Be healed, sister. You believe? In the Name of the Lord Jesus

city like never before. May the Holy Spirit literally wake up thousands because of Your glory, Lord. Grant it, through Jesus Christ's Name.

L-54 [A man says, "Here's the lady that was blind; now she can see."--Ed.]

...?... rest awhile...?...

[A man says, "He's just going to rest a moment. Then they're going, take the line through. Amen. All right, come right up here." Here's the lady that wants to testify. She was blind when she came through the line, but now she can see:"

The woman says, "Oh, blessed to the Lord. I see. I see. Jesus heals. Well...?... Oh, glory, glory to God...?... When I first woke up this morning, before I moved Jesus say, 'I walk with you.' Oh, He walk with me and He talks with me, and He tell me, I..."

A man says, "Told me she could only see light and dark before. Now she sees our faces and some more. Praise the Lord. Amen."

She continues praising the Lord. "Glory to God. Hallelujah. Oh, glory to Jesus. Praise His Holy Name."

A man says, "She could... She could just barely see light from darkness and now she can see people's faces now...?... Amen. Now everybody be steady now. We're going to see greater things. Brother Branham's coming back in just a moment. Amen. You may be seated. God bless you. You may be seated. Amen. Now, it's all that's needed, my friends, if these folks will come through the line, looking unto God, believing Him, all they need to do is to just receive their healing. That's all they need to do is right here. Hallelujah. Amen.

Now, Brother Branham, don't you do another thing: just stand there and let them go through the line and they'll be healed and... Glory to God."--Ed.]

L-55 I've tried to be honest. It's the truth, friends: He promised me that nothing would stand before the prayer. Now, everyone come reverently.

it is.

Our heavenly Father, be merciful to this mother. As she's standing here, she wants to be healed. She's sought many doctors, but none can do her any good. Like the woman with the blood issue, she'd done many things, and spent all of her living with doctors; none could heal her. But she said within her heart, "If I can touch His garment, I'll be made whole." And this woman has been to many doctors, as I seen them examine her, and see them shake their head, and telling her get next to herself; as she witnessed back on this microphone that it was so. Grant, Lord, Your blessings upon her. Poor thing, she wants to live. She's getting aged. But You appeared to Abraham when he was a hundred. And You give him a promise, and he believed You for twenty-five years before it come to pass. But he counted those things which were not as though they were, and You rewarded him. Age means nothing to You, Father. You're Divine. You're the Creator. Help me to have faith for her, seeing her there many times being prayed for in a prayer lines. But O Eternal God, hear the prayer of Your servant tonight, give her relief at this time, and she'll believe You.

Thou demon, oh, you've hid from the doctors, true. But you can't hide from God. Come out of the woman in the Name of Jesus Christ.

Raise up your hand. Say "Praise the Lord." Go on off the platform; you're well.

L-61 Let us say, "Praise the Lord." All right, bring the lady. God healed her. That is right. Do you believe me as God's prophet? You want to be healed? Forget about being nervous; you're already healed, sister. God has made you well in the Name of Jesus Christ. God bless you. Let's say "Praise the Lord," everybody. Amen.

A usher caught it too, down there. See? All right. Everybody reverent. All right, bring the lady. Come quickly. Believe on the Lord. Now, He's here in a great power. You remember,

they led the lady to the platform. There she goes, walking out. Everyone reverent, believing.

You believe, sister? All right, your tumor has left you, sister. Go off the platform and rejoice. Say "Praise the Lord."

L-62 All right, bring your patient on. God bless you, brother. Go on rejoice and be well. Amen.

Howdy do, sister. Do you believe me as God's prophet? With all your heart? You want to get rid of... What you want to believe... You want to get rid of your arthritis, don't you? Raise up your hands and say, "Praise the Lord." Now, jump your feet up. Now, go off the platform believing with all your heart, and you'll be healed. Say, "Praise the Lord." That's what He's trying to get you to praise Him for.

Let's say, "Praise the Lord," everybody. Believe now.

The lady stumbled on that. I'm afraid of that. All right, bring the lady. Just a minute. Just a little afraid she missed it. But wait till they...?... Get her in the...

Howdy do, sister. Look this a way. Do you believe with all your heart? That... Wear glasses. That's from astigmatism from your eyes. But you're nervous, aren't you? I see you... Yes, you've got stomach trouble, haven't you? Peptic ulcers in the stomach. Go home and eat what you want to...?...

Let us say, "Praise the Lord." He's here, friends, if you--if you believe Him.

L-63 All right, bring your next patient. Everybody, reverent. Have faith. Here stands faith by my side. You believe, don't you, mother? You want to be healed? All right, forget you ever had a cancer. God just healed you of it. Go off the platform and say, "Praise the Lord."

Let's say, "Praise the Lord," everybody. That's the way to believe the Lord. Have faith.

Jesus said, "These signs shall follow them that believe." Is that right? "If they lay their hands on the sick they shall recover." Is that right? If I lay my hands on you, would you be healed of arthritis? Go, and as you have received, believe it in

You believe, sister, with all of your heart? You believe the heart trouble will leave you? It has then. Then...?... Now, go on; believe you're going to get well.

You believe too, sister? God bless you. In the Name of Jesus Christ, receive your healing then...?... Right. Her sight come to her here. Let's say, "Praise the Lord," everybody. Let's stand up and rejoice, everybody, and accept the Lord now as your Healer. Praise the Lord. That's the way, sister. Amen.

L-52 A blind woman received her sight, standing here. She threw her hands up to the light. Let's raise our hands and praise God, everybody.

Heavenly Father, thank You for Your goodness and Your kindness. How we love You and adore You, Thou Great Physician. Marvelous, Thou art, Father. We love You and praise You. Get glory from these services. Magnify Yourself among Your people. We love You with all of our hearts. In the Name of Jesus Christ, we praise Thee.

The audience said, "Praise the Lord." There's her daughter down there hugging her, and she's screaming, waving her cane around, healed. Amazing grace, how wonderful.

L-53 You believe, sister? Go and be healed in the Name of the Lord Jesus. Go rejoicing if you believe...?... Amen. Aren't you happy? The Bible said, "and the people glorified God." Sure, you can't hold your peace. He said if they hold their peace, the rocks will cry out. A woman blind for them years, receiving her sight... Look at them weeping and crying and hugging each other here in the corner. It's marvelous. Sight flew into her eyes when she believed on the Lord Jesus. Now, it'll be the same thing to all that believe. Oh, my, how marvelous. Oh, how we love Him.

Now, just come one at a time and be in single file. Oh... She's just so happy she don't what to do. All right. Well, if they're glorifying God, let's us too. Praise the Lord. Oh, Jesus, we love You, and praise You, and adore You: You're wonderful and glorious. Magnify Yourself, Lord. Get glory now. Stir this

Amen. God bless you, mother. All right. All right.

Do you believe now, sister dear? You believe that Jesus Christ will make you well? You--you believe that He will. And you believe that if I'll ask Him, He will let you get well without telling you? You realize I know what's wrong with you, don't you. You--you know that? All right. And I--I want you to--to believe that that heart trouble will--will... Well, God bless you, sister.

Our heavenly Father, I pray that You'll heal her, Lord, and make her well. I bless her in Jesus' Name. Amen. God bless her.

L-49 Now, sister dear, you believe with all your heart, do you? You believe that Jesus is here to make you well? You... Do you believe that if I ask Him without telling you... You're--you're wanting me to tell you what's wrong with you. I know you do, but that's what your faith is in, isn't it? All right. Now, if I... I'm just going to pray for you and ask God to heal you, you believe you'll get well?

Our heavenly Father, bless our sister, Lord. We realize that she must get well right away. And I lay my hands upon her, and I rebuke this demon that's binding her. In the Name of Jesus Christ, thou demon called cancer, leave the woman. Come out of her. Amen. God bless you, sister. Go, and be well.

L-50 All right. Howdy do, sister. Do you believe with all your heart now, that you're going to get well if I ask the Lord Jesus?

I'm afraid I oughtn't to have had that discern...?... the people. [Blank.spot.on.tape--Ed.] Amen. Let--let's say, "Praise the Lord," everyone, now.

That's right, sister. God bless you, sister. Amen. Oh, my, now that's the way to do it: come by and accept it, passing by.

L-51 You believe, brother? If you do, the arthritis will leave you, and you'll be well man. Go to praising God.

the Name of the Lord Jesus. All right. Amen.

Let's say, "Praise the Lord," everybody.

An old mother setting here in a wheelchair. She's happy about the rest of them being healed, aren't you, mother? You're trying to have faith, aren't you? I see your conditions. You--you--you're--you've been paralyzed, haven't you? Is that right? On the right side mainly. You've got a paralytic stroke. You're suffering with a gallbladder trouble too, aren't you? You have a gallbladder, kind of a nervous condition. Now, if you'll believe with all your heart... Now, just have faith.

There's somebody behind right there setting there, pulling in on the same thing. I'm... Just see what was wrong. I see it coming. Just keep praying just for a minute.

L-64 All right, everybody believe. Come on, now. Bring your patient right quick. Everybody reverent now. Now, keep praying, sister, looking this way. You do this: you look and believe that God has told... This is the truth that what I'm telling you now. Do you believe it? Have faith now.

Howdy do, sister. You believe with all your heart? Do you believe our Lord Jesus is here to make you well? Now, we're perfect strangers, aren't we, sister? Now, just a minute. I want to talk to you just a little bit. I feel it shaking. Maybe I--I want to talk to you, just to see what the Lord will say. Do you love Him with all your heart? Are you conscious of this Something near now, aren't you? You know that there's Something near that's taking place. Now, that is the Spirit of God.

L-65 You're--you're have a... You're worrying about something. You're bothered, upset. And it's not--it's nervous for one thing. You're real nervous, aren't you? kind of a mental nervousness, kinda causing you to--oh, have all kinds of funny feelings and so forth. Isn't that true? Then that mainly works on you in the afternoon, along late in the evening when you get tired and run down. And you... That has caused a trouble. Now, if I can just get to it. Just keep praying now, just a

minute. It's... That's what's caused your trouble. It--it's from a nerve condition.

Now, I want you just to remember that I--I'm talking with you just as Jesus talked with the woman at the well. And this, sister, this is what's standing near is not your... This is your brother. But that what's speaking, and on your heart is the Spirit of God. Do you believe that?

Oh, yes, I see what's your trouble. You have a tumor, don't you? That's right. Isn't it a tumor? That's right. Do you believe that God's going to heal you? In the Name of Jesus Christ, receive your healing.

L-66 Let us say, "Praise be to God," wonderful. All right. Bring the ladies together, right quick. Come, sister. All right, now everyone reverent just for a few moments now. And we...

Now, sister, I want you to look this a way, so I can kind of get it to talking just a little to you. Now, sometimes, it--it depends on how long you talk to the person, how It reveals. I have to come in contact with you. Sometimes I look around people with great faith, and just speak what's wrong with them, and quickly they get healed. But I'm trying to fight that off now, you see, to see just what is going to take place.

Now, do you believe me as God's servant. Do you believe with all your heart that Jesus Christ has sent me to pray for the sick? And if I would--should lay my hands upon you, you believe that that which you're now feeling coming this--between you and I now is the Spirit of God? You believe that with all your heart?

All right, sister, you've suffered quite awhile with what's wrong with you. You've been prayed for before. You've been in lines, had prayer. You had prayer at home for it. You're suffering with a heart trouble. Isn't that right? Yes, sir; it's a nervous heart. Now, I... You--you believe that God will make you well if I'll ask Him? Come here.

O Jesus, now realizing this number one enemy takes more people than anything else, You sent Your delivering Angel to

me as God's prophet? Do you believe that with all your heart? Do you believe that I've told you the truth, that Jesus Christ blessed His humble servant from birth to come here, and these signs that I'm speaking of vindicates what I've said to be the truth? Lady, you're a stranger. I never seen you in my life. No way in the world... There you are, just setting there. A lady's come in and set down. Now, you believe that with all your heart and look this a way.

My sister, God is going to reward you of your faith. You've been suffering with a stomach trouble (Isn't that right?), ulcerated stomach. I see you refusing food at a table. That's right. You're going to be a well woman. You go on out, and believe the Lord Jesus with all your heart, and you shall be made well.

Everyone that believes that with all your heart, you can... [Brother Hall talks about faith and starts the prayer line.--Ed.]

L-47 Thank you, Brother Hall. All right, friends dear. That... I want to get back a little bit. The... That anointing is so strong, that when they'd interrupt me... And the people, if... As long as on you, you just keep feeling It; It jumps and pulls you like that.

Do you believe that I've told you the truth? May God bless your dear sweet hearts, every one of you. I love you, and I'm here to help you.

Now, as they bring the people, may they... You bring your patient. Now, I just want to pray. And as you... I pray for you, you go through. And let the piano constantly play, "The Great Physician Now Is Near." Don't you believe He's here? All right. Now, everyone just coming through...

L-48 Come, mother. You believe now with all your heart? Our dear heavenly Father, I accept Your Son Jesus now as the Healer of this woman. And heavenly Father, I pray that she'll be healed tonight. I lay my hands upon her in commemoration of our Lord Jesus Christ for her healing.

you. But you being a stranger, and no contact with you at all...

Now, you're... I see you're very thin. Yes. You've been bed-fast for a long time, haven't you. I see a long stretch of darkness around you. Also this, you're suffering with heart trouble. Isn't that right? Is that true? Now, if you will believe on the Lord Jesus with all your heart, God will honor your faith, and you can be healed. Now--now, it's not too far. I know you're awfully weak. But if you'll just believe on Him with all your heart...

There's so many people a pulling and trying... This lady here with this green looking coat on setting here is trying awfully hard to come in contact with the Spirit of God. Isn't that right, lady? You was setting there praying or something, for me to just speak to you. Isn't that right? I'm not reading your mind, but that's true. Just stand there, or... you know. Do you believe me as God's prophet? Do you believe that what I say is the truth from God? To vindicate that, if I tell you what's wrong with you, will you believe me and accept me as God's prophet? You have cancer. Is that right? Jesus Christ make you whole, my sister. God bless you...?...

L-45 Everyone have faith, believe. Now, back in this section. Just so that you know, people without prayer cards or something. See? Somebody that knows nothing, or plumb out of contact, back in here somewhere, believe.

Here--here's a lady setting here with a red coat on, setting looking right at me. Your trouble there, sister, yes. You're... You look this way, kind of an aged woman. Yes. It's your eyes is what's bothers you, isn't it? You've got a... You got glasses. Of course, any... It look like someone... We... You... That's... God bless you, sister.

L-46 Say, let the next lady raise up, next to you there. Let her raise up, 'cause her... You with glasses on, people would see that. That's all right. You can be seated just a moment. You look this a way, lady. Are you sincere? And you accept

deliver the people. In the Name of Jesus Christ, may our sister be healed.

God bless you, sister. You may go and rejoicing, happy. Say, "Praise the Lord."

L-67 All right, come ahead, lady. All right, everybody reverent. Do you believe, sister? I want you to look this a way now. Have faith. Believe in God with all your heart. What do you think about all this? Think it's wonderful? Do you believe It's the Spirit of the Lord? Do you believe that that what you feel now is the Spirit of the Lord?

I see down in your paths it's been shadowed, hasn't it? many shadows.

Now, everyone reverent. Now, it's just... It's kinda... I don't see just exactly for the sister now. Remember, friends, I have to see this. This has to come. I'm trying not to touch her body. If I touch her body, in a moment It would probably tell me what was wrong. But I'm trying to do it by seeing, to see if I can see a vision (You see?) just before it happens. Everyone believe. How many believes that God's able to do this through His servant? All right. Now, Satan's trying to battle me here. Just a moment.

L-68 I want you to just to--just look this way, sister, and believe. I want just to talk to you just a moment. I...

You're--you're truly made up your mind that--that this is truly God's way of healing you. Is that right? You believe it with all your heart. You're nervous, aren't you, sister? You're--you're very nervous now. Now, you--you can't... You feel that Something strange around you. That ain't--That isn't going to hurt you. That's the thing that'll heal you, if you're ever healed. Because I believe It's the Lord Jesus. I feel...

Yes, it's in your... You got kidney trouble, haven't you? And it's in your back. That's right. All right, come here and be healed.

O God, Author of Life, have mercy upon this woman, before she gets this uremic poison and kills her, Lord. Satan's

determined to send this woman to a premature grave. But Lord, I come tonight in the Name of Your Son, Jesus Christ. Satan, turn the woman loose. In the Name of Jesus Christ, I rebuke thee. Amen.

You believe? Go rejoicing and be happy.

L-69 Let us say, "Praise the Lord," everybody. All right, bring the lady. All right, everybody reverent just a moment. Come forward, mother. I see someone on a crutch here. I'm... Now--now, He may not tell just what caused her that to--to be crippled. Just a moment so that you will see that the Holy Spirit works on the crippled the same as It does on any. Now, I can't heal the woman. God knows that. But I can, by the grace of God, by this gift, I can tell her what's wrong with her, and what's caused it and so forth. That's right.

Now, I could stand here and pray for you till I got to be a real old man. It would never heal you. But you can't stand here without me telling you what's wrong with you and what's in your heart. Because that's the gift that God give to me. That's to my--to work with it as God will let me. And... But now to heal, Jesus is already done that.

L-70 Now, I'm going to talk with the lady. Now, mother, I--I want you to believe with all your heart that our Lord Jesus is here. Now, we're strangers, aren't we, mother? We've--we've never met in life. We're strangers. And never... And now, do you believe that by the grace of God, I'll be able to help you through prayer? You--you believe it, and you believe that what I ask Him, He will grant to me? Now, if I--if I asked you... If--if I... You know we're... I know nothing about you; it's just... No, I don't know nothing about you. But I'm trying to speak with you.

You're--you're human, mother; you got a spirit that I have got to contact also by this gift. And as your faith pulls It down, It comes over me and speaks Itself. See? It's not me operating; it's you. You see? You're the one that's doing the operating. Now, I'm... I just... The talking to you. Do you love Him with

it.

Our heavenly Father, this poor child since a little girl, has been injured. This accident's tore loose her bowels, Lord, and they're not right. But Almighty God, the Creator, bless this, our sister, and grant, Lord, that she may be healed tonight. O Father, I bless her for this purpose, that she might glorify You, in the Name of Your Son, Jesus Christ. Amen. God bless you, sister. Go with all your heart.

L-43 And now, let's see now, what times have... Well, reckon we'd better start a prayer line?

Now, just a moment. Now, do you believe with all your heart? Let us say, "Praise the Lord."

Now, somebody here without a--that hasn't got a prayer card, that nobody's--you haven't got a prayer card. How many here that hasn't got a prayer card that's sick, raise your hands, that hasn't got a prayer card, raise your hands? All right. There's so many of you, I don't know just where...

Well, somebody consecrate down there, down in this corner, way down. Now, just believe, some of you down there. All right. Just a moment now, everyone.

I believe--I believe the lady there I see, setting right through here, that's got a white coat on, the white coat, setting right there, right through here by that gentleman. Right there, yes. Stand up just a minute, sister.

You believe with all your heart? You want to get rid of that tumor, don't you? You want to be healed. You have no prayer card, but Jesus Christ make you whole. God bless you and heal you of that.

L-44 Now, somebody in this section with... Look this a way and believe now with all your heart.

How about the lady on the stretcher there? All right, lady. I want you to look this way. I want you to believe that I am God's prophet. Not a... Not in myself, I have nothing to do with this, God ordained this to be so. Do you believe me? I--I am not able to heal you, my sister. Only Jesus Christ can heal

people, that we just, you know, just kind of take God as like the reading, and writing, and arithmetic: what we learn by the Word. And It just becomes the Word, and we know that in our mind. But we're afraid to accept It, to bring it to life. Don't you think that? You do?

The reason I'm talking to you, just a little tightened up (You see?), just a little upset, because of your calling here, and coming present. And anyone who comes near feels it (See?), especially when I'm contacting that person. Now, you understand what I'm speaking of. All right.

L-41 Now, that you might not think... That you might not come... Which it isn't in your mind, but it is in some sitting out there: mental telepathy. Mental telepathy is to concentrate upon a number or something that you have in your mind. That's true.

But the power of God, through a Spirit of a prophet knows things that you don't know in your mind. Isn't that right? All right. May God of heaven grant that to me tonight, to know something to get--to encourage your faith, that you know nothing about in your mind, that you're not even thinking about. For God in heaven, Who is my sole Judge, and knows that I--I know nothing about mind reading. I know nothing of it. Only thing I see is a vision. And I tell what I see. You're conscious of that, are you? You believe that what I have told you is the truth?

L-42 Your trouble is in your lower part of your body; it's in your bowels, I believe. Isn't that right? It's in your bowels. Now, just a moment. I... You had some sort of a trouble when you was a child, a little girl. You wearing a, look like kind of a checkered looking dress. Say, you had a fall, didn't you. Didn't you fall into a hole or something somewhere? Is that right? Did--did you fall into... I believe it was a well, wasn't it, or something like that? And it's... You've been injured. Is that right? God bless you, my sister. Is that true? You wasn't thinking nothing of that. If that's true, God is here to witness

all your heart? With all your heart? With all your heart. God bless you, my sister. God grant you a closer walk with Him, mother. Yes, mother, isn't that cane that's bothering you; you have cancer. Isn't that right? It's cancer. That's why you're weak on it. Is that right? Come here and be healed.

Our heavenly Father, help our dear sister. O merciful Father, grant the healing of our sister.

Thou demon called cancer, in the Name of Jesus Christ, leave the woman. Come out of her.

Believe now, mother. Put your old cane on your shoulder and walk on out of the building...?...

L-71 Let's say, "Praise the Lord," everybody. There was something shook me at that time when I called that cancer. There's... Now, just a moment. If I can find it in the audience... Everyone reverent now. The little boy, I see you got a prayer card in your hand, honey. Now, just a moment. Look this...

It's not cancer there. Just... Here--here it is. It's a lady laying on the cot here. Isn't that right, sister? You believe on the Lord Jesus Christ, and God will heal you of the cancer. You've had it for a long time, haven't you, sister? Been bothering you for years. Isn't that right? I see a long space of darkness. Isn't that right, dad? Do you believe she can be healed? With all your heart you do? Mother, do you believe it?

Now, look. I'm going to tell you your trouble. Here's your trouble. You belong to church. That's right. But you're not as far along in God as you ought to be. You want... Isn't that right? You're trying to have faith. You belong to a certain denominational church. Isn't that right? I could call it right now, but... You wish for me to call it? Would that help you? I believe, if I'm not mistaken, it's the Methodist church you belong to, either Methodist or... It's the Methodist church, and I... Is that right? All right.

You believe on the Lord Jesus Christ, and He will heal you of that cancer right now where you're at. Amen. Amen. Believe

it. Accept it. Raise up. Throw your clothes back. Walk out of the building and be healed, and go home. God bless that woman. God heals Methodist, Baptist, Presbyterian. She's standing up to accept her healing. Out of the crutch--out of the cot. Let us say, "Praise the Lord." Take her right on out. Walking by faith in the Name of the Lord Jesus.

The great Physician now is near,

The sympathizing Jesus;

He speaks the drooping (Look going out that door, bound past...)

Oh, hear the voice of Jesus.

Sweetest note in seraph song,

Sweetest name on mortal tongue;

Sweetest carol ever sung,

Jesus, blessed Jesus.

L-72 All right, be seated now just a moment. I don't know what happened to the woman. Just a moment now. Everyone reverent. There was somewhere I spoke to a--spoke to a little boy. I believe it was right here. I seen something on the little boy, but I couldn't get--get what it was.

Honey, you're setting there, a mighty sweet little boy. I want you to stand up just a minute. I want you to look at Brother Branham. Do you believe me, honey? You do. Well bless your little heart. Now, I've never met you in my life. I don't know who you are, nor nothing. But I want you to look this way, and I want you to... Do you believe if our Lord Jesus was here... Do you remember when He--He took up little boys like you and blessed them? and--and said, "Suffer little children to come to Me." Didn't He? Well now, if He was here tonight, what would He do for you? He would heal you, wouldn't He?

51-0503 - Calvary Temple, Los Angeles, CA (Paragraphs: 37 - 56)

L-38 How do you do. Isn't our Master lovely? Well, I--I love Him very much. And I'm... I believe you do too, sister. Now,

the--the Spirit of the Lord is present, and our Master is always full of love and compassion.

You have a great faith, but there's something seriously wrong with you. You have... You've lost a lot of weight recently, haven't you? Much weight: I see a vision before me of a woman much larger than you are. And it's been brought down by some kind of a... It's a nerve trouble. Isn't that right? Not only that, but you have a--something wrong, you can't eat. Isn't that right? I see... God bless you, sister. That's enough for you. You may go now. God bless you, my sister, and be healed.

Almighty God, have mercy upon our sister, and bless her in the Name of Jesus Christ, I pray. Amen...?... and her recommend...?...

L-39 Will you have another one? All right. Call me a prayer card... Let's see, call... What was that? 80? Well, call... Let's see, what would we call next? Say, 90? Let's call 90. All right. What? O--O... Call it, O-90. [A brother calls prayer card O-90.-Ed.] Let Brother Hall call that one so he...

All right. Everyone reverent. Is O-90 not here, then get O-100. Oh, here... O-90? All right.

Come down, sister. Well, I appreciate you being in mission work. That's a--a great work to be in for our Lord, sister. I--I do appreciate any soldier of the cross. I--I love God's children. And God loves His children.

And now, you're aware tonight that you're in Presence of a prophetic being, aren't you? And it's a... I can feel the effect It's taking on your spirit now. And It's no more than the Spirit of our lovely Jesus, sister.

Now, you are stranger to me. I--I do not know you. I know nothing of you. The only way that I'd know anything, would have to truly come through God, is that right? It would have to come through God. There's no other way that I have of knowing.

L-40 Now... But now, the people... I think a whole lot with we
