L-53 Now. Now, you without prayer cards, just as you... Probably your first night, your first meeting I mean. I give you this tonight: If you don't get a prayer card, that has nothing to do with it. You look this a way, and you believe with all your heart that I've told you the truth.

And I'll watch the audience. And as I begin to feel it pull from me, and if God shows me anything concerning you, I'll speak to you. See? Now, you don't... Just forget about your prayer cards. See? Just look this way and pray. And God is able at this time to reveal it. May God grant it.

Now, I want everybody to be just as reverent as they can be.

L-54 And now, mothers with your children, sometimes, especially in epilepsy, it causes lots of trouble. And you keep your children near you. And when I tell you to bow your heads, you do it. And remember this, as I start at the beginning of the meeting, so you'll know: I am not responsible. Let me say that again, 'cause according to law, I am not responsible for anything that happens to critics during the time of the service. For be it assured to you, that these powers, which will be explained later in another service, they are absolutely demons that come from one and go to another. How many knows that's true? Well, that's fine. I thought I had a solid audience there.

Remember in the Bible time, they wanted to come out? They're helpless without they're embodied. When they get embodied, then's when they're in trouble.

L-55 Now, come lady. And now, everybody just as reverent as you can be. Now, I want the audience to watch this so... I'm trying to talk as much as I can before this--the anointing comes on.

Usually I want you to watch the patient's--the face of the patients when they come. When the anointing comes down, watch the--their expression change. They realize they're in the Presence of the supernatural One.

And now, the people are strange. And at first night, it'll be a little bit strange, but I want you all to be with me in prayer. And be praying out there now and just believing. And your faith will pull to me. And if it does, I see the vision; then when I see the vision, I speak of what I see, and you'll know who it is then. See? Everyone ready?

Now, you up here with the wheelchairs and things, be--don't think your case is helpless. It's not. Believe.

L-56 How do you do, sister. Now, you're the--you're the patient, aren't you, sister. We're strangers I believe. I don't believe I have ever seen you. If I have, I don't recognize you. You've seen me before in Flint, Michigan. Was you at the meeting? Just didn't get in I suppose. Best I remember the Flint meeting, it was quite a meeting.

Now, Mr. Baxter was just... See, anointing comes down, and it's a... And when It does, why, sometimes my voice is... You know, they want it so that the audience will hear it. See? And now, let's see if they can hear all right.

Can you hear me back there all right? Can you hear it all right? All right then.

L-57 Now, all right. You... Now, I never talked to you or anything. I don't know nothing about you in that manner. You see, it's--It's just you was just at the meeting, the Flint meeting. And I believe the first night there, I think we had about eight thousand or something like eighty-five hundred. [The sister says she passed through a fast line.--Ed.] Oh, there was a fast prayer line that you passed through. Well

probably. I-I stopped that a long time... No, ma'am. Now, what I'm trying to get at, that you and I, as far as--as knowing each other, are strangers. See, that... And I put my hand before God, I don't... I never remember of ever seeing you, and I have no way... Stand there with my head bowed, and the people just passing by me just as hard as they could. I wouldn't know, hundreds and hundreds going by.

Now, there's something wrong with you, or you wouldn't be here. And you're not a critic; you're a Christian. You're a Christian. I... As soon as you walked up and I turned, I felt the Spirit witness. Now, there's something taking place to you right now, isn't there. Now, as a witness to the audience, would you raise your hand if that's true, a very odd strange feeling. Now, her faith is just now moving, the Spirit is coming on me now. See?

L-58 Now, if I ever knew anything about you, it would have to come from some supernatural Being. I-I don't know you (See?), nothing about you. And it would have to be known. Now, you are fa--are--are aware of this, that you come here and I don't know you. And now, you have a witness there that there's something supernatural a moving. And the feeling is kind of a--a warm welcome. Isn't that right? That's...

See, in preaching, you get anointed and be happy. But this is more of a settled feeling. See, It's just moving back and forth between us now. And now, if I could be able to know anything of you, it would have to come through the supernatural realms. And you believe that It's what I say It is, the--the Spirit of the Lord Jesus Christ. Yes, ma'am. That's the reason you're here. Yes, ma'am. Now, of course, I see you wearing glasses. That would be your eyes. But there's probably something different. I don't want you to say nothing to me, just so I can see--see you.

L-59 Now, I don't mean see... You know what... The prophet Elijah said, "If it wasn't I respected the presence of Jehoshaphat, I wouldn't even look at you." See? In other words, look to see, it means spiritually see what's wrong.

Now, He's lovely, isn't He, the Lord Jesus. He certainly is. Now, perceiving that you are a Christian, and you believe the Word of God... Yes, ma'am. You're a victim of circumstances. You've got things wrong with you. Isn't that right? You have a--you have a stone in--in your gallbladder for one thing. Isn't that right? And you also have a kidney stone. Isn't that right? You ha... You're suffering... Let's see, what is that. It's a sho... Oh, it's di--diabetes, isn't it? You have diabetes. You're nervous, aren't you, extremely nervous? Life hasn't been pleasant to you either. There's... Seems like a string, yes, of down through there, a great dark string. Was that the truth what was said? Was that... It's the truth. All right. That wasn't me that said that. I heard my voice, but I didn't know... I seen you, you been prayed much. You been prayed for, by many different times, and... Isn't that right? I seen the vision before you.

Now, do you believe me as His prophet? [Lady says, "I surely do."--Ed.] All right, go home, you're healed. Jesus Christ has made you well, sister. And God bless you. Go...?... God bless you, sister. All right. [\[II Kings 3:14\]](#)

L-60 Everyone be just as reverent as you can be now. All--All right son, you may bring the man...?... How do you do, sir? Isn't our Master lovely? Oh, I tell you, I don't know what I could do without Him. He's been my life and my joy, and all I have. And I perceive that you believe Him also. It's a welcome spirit. How would I know you was a Christian instead of a critic? It's the same Spirit that knowed that Nathanael was a--a good man, a truthful man. And now, Nath--Jesus said to Nath--or Nathanael said to Jesus.

He said, "Behold, an Israelite indeed, in whom there's no guile."

And Nathanael was surprised, he said, "Whence knowest Thou me, Rabbi?"

He said, "Before Philip called you, I saw you under the tree." Is that right?

Now, the first thing has been said to you, that you are a Christian. Is that right?

You are a believer And you're suffering with a heart trouble. Isn't that right? You may go home now for you're going to be well. Jesus Christ has healed you, my brother. And God bless you, make you well.

Let us say, "Praise the Lord," everyone now. I never prayed for the first two people. Their faith healed them before they even got here. See?

Now, you say, "Brother Branham, how do you feel that?" While I'm talking to the patient, I just get real weak. And I know that the blessings of the Lord has went to them and has healed them. All right. Now, have faith and believe with all your heart.

How do you do, sister. Our Master is lovely, isn't He now? See? Now, I do not know at this time what's wrong with you. But you are a believer. And there's something out in the audience pulling the same way. Now, it's a kindred spirit. It's something moving the same thing that you have. See, spirits are kindred. Just like you've heard, "Birds of a feather..." See, they go together. And demon power, demonology is--works the same manner. And you're standing here at... You're my sister. You're suffering, and you... We're strangers, aren't we? And... [\[John 1:43-48\]](#)

L-61 Now, just a moment. I... It's someone setting right in there with the same thing you have. And it's bothering me quite... Would you turn this way just a moment. This... No, this way. You look to me, just turn this... I want to talk to you just a moment, kinda get my back to the case (You see?), because it--it--it bothers me. I can't see what it is, and it's pulling. It's a kindred... Just like...

Here's what it is. You are human. And I am human. And each one of us are possessed with a spirit. And now, this in here come to me for faith. And you are suffering. And the... And in you is a spirit of sickness or something. And whatever it is, it knows that it--if I can get you to believe, it's got to leave you (You, see?), and that's the reason it fights so. That's what makes it such a pull. And it's got a kindred spirit out there pulling the same way for help (You see?), for he knows that he's troubled, for you're already healed.

You had a female trouble, didn't you. You're healed. That's right. Now, just... Yes, your faith has saved you, sister. You...

L-62 And lady, you setting on the end there; didn't you have a female trouble, setting right there then? Stand up on your feet just a minute. You're healed too, sister. God bless you; you're...?... All right. God bless you. Now, you may go. You... God bless you, sister. You're going to be well.

The woman had abscess on the ovary. Now, everyone be real reverent. Believe with all your heart. God will bring it to pass. [Blank.spot.on.tape--Ed.]

While I was talking to that woman, a strange feeling was taking place in you, wasn't it, lady. See, that's what it was. It was coming. I couldn't see just where it was. And I seen the Light, the Angel of God go hang over that woman. And when I spoke to her, it come down over her like that right then. And just as soon as I spoke to you, a warm welcome feeling struck you. Is that right? If it is, stand up so the people will know I'm telling you the truth. Is that right? Went over... That's when the Angel of God blessed you, and you're--you're healed now. You can--you can be well.

L-63 All right. If you'll bring the lady. All right. Now, everyone be real reverent, believing with all your heart, and God shall bring it to pass.

Howdy do, lady. My... Now, I--I beg your pardon? You're the lady that Brother Bosworth wrote and told me that you was coming to be prayed for. Uh-huh. And when did he write that? Oh, is that the letter that you said it's Brother Bosworth is sending a patient? All right.

Are you... Where you from, Florida? Joliet, Illinois. [The sister talks to Brother Branham.--Ed.]

Sister, see, that's no secret to me. No. See, I understand and know that. Here's one thing that's your trouble. Do you believe me as His prophet? With all your heart? See, you've tried and tried. You've never pleased yourself with your life and so forth. You've always wanted a closer walk, and to go with God. You felt when you was a young girl that you had a calling or something to be done, and you had a call like from God. You've never fulfilled that. You've never done what God told you to do. If you'll surrender your entire being to God tonight, God will heal you. Do you believe that with all your heart? That's what you want to do.

L-64 See, sister, you don't tell me that. You've got a cancer. That's what you've got, and what's wrong with you. Exactly. You're... You have a cancer. And that's what's hurting you right now. And you--you don't have too much longer to make your decision. And tonight you must make it for Jesus Christ, and serve Him with all your heart the rest of your days. Do you believe that? Will you accept that? You know that I've told you the truth. See, you know that part. You must receive the baptism of the Holy Ghost, and--and live for Him the rest of your days, and be a servant of His. If you'll believe that, and be reverent, and believe it, and go out of here and do as I tell you do, you'll get well. Do you believe that with all your... Yes--yes, ma'am. See, you're mentally disturbed. But that's not what I'm trying to get at. See? Is the thing for a... The first thing is first; that's God. You must receive God first. See? All right. Now, you bow your head.

Heavenly Father, be merciful to this woman. I pray, God, as... stand here before her, that You'll have mercy upon her. As I lay my hands upon the woman, aware that she can't stay here much longer 'less something is done. And I pray Thee, God, to... Now, as it's been told to her what to do. Grant, Lord, that she'll leave here tonight with a happy condition, just surrender herself to You, and receive the baptism of the Holy Ghost, and the power of God up in her life. And I believe, Lord, that You'll call her and send her to be well. Grant these blessings as I lay hands on her in the Name of Jesus Christ. Amen. God bless you. Now, go. All right.

Let's say, "Thank the Lord," everybody. All right.

L-65 All right, come lady. All right. Everybody reverent now. Now, the next thing lays within the woman. It's got to be her, or she won't get well. All right, now just reverent.

Howdy do, sister. I see you wearing glasses, which that... There's something with your eyes, but people can see that. You see? The thing of it is, if there's anything wrong with you mysteriously that people can't see. You look like a healthy person, all but your eyes, 'cause you're wearing glasses. But now, you're truly a believer (That is right.) with a real true faith. And you're a Christian filled with His Spirit. Your eyes have been astigmatized with astigmatism, it's caused you to be that way for a long long time. And you've got something wrong in your back, haven't you. Isn't that right? You did have. Jesus Christ has made you whole, sister. You can walk off the platform and be well. God bless you. Go, rejoicing and be happy.

Let us say, "Praise be to God." Believe Him with all your heart now, and God shall bring it to pass. All right. Everybody reverent now.

L-66 Good evening, sister. Isn't our Master lovely? I just love Him with all my heart. I believe you do too...?... Do you believe that that's His Spirit that you feel now? Do you believe that that's Him? You do? You and I are strangers, aren't we, sister? We don't know each other at all. And if I would know anything of you, it would have to be like Jesus...

The reason I talk to you is merely to contact your spirit. You understand that. This microphone's alive. You see? And I've got to contact your spirit first, 'fore I can see what's happened in your life. See? That's none of the audience's business. I'm just talking to you. You see? And merely this is just to contact you.

L-67 Yes, ma'am. You believe that I have told the truth? The confession that I've made, you believe it to be the truth, don't you, sister? You've been a victim for quite awhile, haven't you, sister? You've suffer with a female trouble which has caused you--for quite awhile. And you got a heart trouble that's... Isn't that right? Smothering around the heart. Is that true? And you believe that... And when you prayed... You was praying here recently, and said if--and thought if I--you could ever get to where I was, and you heard that you--that you'd be healed. Is that right? That's the prayer that you said? How would I know your prayer when you was kneeling there by the side of that chair that day? Come here.

Almighty God, Author of Life and Giver of every gift, as I lay my hands upon this little woman, and Thou has said in Thy Word: "These signs shall follow them that believe. If they lay their hands on the sick,

they shall recover." God, grant her healing in the Name of Jesus Christ. Amen. God bless you, sister. Go rejoicing, and happy, and be well now. Let's say, "Praise the Lord." everybody.

L-68 All right, bring the lady if you will. Come, sister. Good evening. It's quite a warm night we're having here in Toledo. Yes, it is, ma'am. You love Him, do you? You think He's wonderful? I'm just merely saying these words. Like the Master said to the woman, "Go, get Me a drink." Why, He could've got His own drink.

She said, "It's not customary for the Jews to ask the Samaritans something." Her favors was...

He said, "But if you knew Who you were talking to, you'd ask Me for a drink. And I'd give you waters that you don't come here to draw." And other wise, He was trying to contact her life to see what was wrong. And as the Father showed Him, He revealed just exactly what her trouble was, and it was corrected. Is that right?

L-69 Is He the same yesterday, today, and forever? And do you believe that I've told you the truth, that this is Him? Yes, ma'am. I'm not reading your mind, sister. I'm just... This is the Holy Spirit of God. You've been having trouble, lots of it. I see a dark streak coming behind you, a road of trouble. That is right, isn't it? I see... Yes, here lately, you've been giving awful nervous spells, haven't you? And I see you especially in the afternoon, sometime you get... Your strength all leaves you. You set down in a chair. Seems to be gloomy around you, doesn't it? Oh, yes, I see with it... Yes, you're tubercular too, aren't you? You have tuberculosis. Isn't that right? Uh-huh. You wasn't thinking of those things back there. So it couldn't be mental telepathy, could it, sister? It's the power of Almighty God. Do you believe that? Come here, sister.

O dear Jesus, You're here, the same lovely One, the Fairest of ten thousands, as the prophet said, the Lily of the valley, the Morning Star. And seeing this little mother here for the years past, and see her suffering. And as It begin to speak and reveal her heart to her, I felt that You touched her, dear God. And I lay my hands upon her now in commemoration of Thy Word. May she be healthy and well all of her life, in the Name of Jesus Christ.

L-70 And look my dear, look this a way just a moment. I want to ask you something. I never seen you in my life, as I know of. We're strangers together. And if there would be something in your life, whatever... Sometimes I don't... I'm not able to repeat. Well, you heard me telling you something, didn't you. That was--that was my voice, but It was not me operating it. It was a supernatural Being. And while I was talking, no doubt you could feel that there was something going on. Is that right? And did It tell you the truth? Was it the truth? Now, all right. Now, if It was telling you the truth, what was...

Now, you begin to feel that again, aren't you? It's the same Spirit. I felt that He wanted me to talk to you. Yes, ma'am. If God is able to let me know what has been in your life, which you know is the truth, He lets me know what will be. Do you believe it? You're healed of your tubercular. You're going home to be well. God bless you, sister. Now, you're going to be a well woman. God bless you, sister.

Let us say, "Praise be to God for His goodness and mercy."

L-71 You feel better about it, sister, setting there? You do? Wonderful. I kept feeling It moving that way, and I kept looking. The blessing's upon the both of you. That's right. It--it's moving wonderfully. I don't remember what it was you were prayed for, but I--I know that you're healed, whatever it was. Yes. Amen. God be with you and help you.

What you praying about over there, lady, setting there with a--with your head down. You're praying, aren't you? Do you s--believe that God sent me, and I'm telling you the truth? You believe that He sent me as His prophet? You believe if I'd... If He could reveal from here to there what your trouble is...? Stand upon your feet just a moment. I want you to look this a way. You were praying, and I noticed you praying. It attracted my attention. I don't know you. You're a stranger to me as far... Are we strangers? Yes. Yes, ma'am. This is going to shock you, lady, 'cause I don't believe you know what it is. You have cancer. And wait a minute. Isn't that a... You have two growths, don't you? Isn't them on your... I believe

it's on your right side, isn't it? Two growths, one right... Yes, sir. That's what I thought. All right. Do you believe me as His prophet? Go believe with all your heart, and Jesus Christ will make you well. God bless you, sister. Have faith in God.

L-72 Say, the man setting there next to you, that must be your husband. I see there's a connection. I felt his spirit go out in gratitude. That's your hu... Is that your wife, sir? If that is, ra... Is that right? That's your wife. I felt the relationship.

Say, you're suffering also. You have a rupture, don't you? Isn't that right? If that's right, raise up your hand? All right. Go home and believe with all your heart, and Jesus Christ will make you whole. God bless you, my brother. Have faith. Believe God with all your heart.

All right. Bring the lady. Have faith now. Would you come forward, sister, now. Come, believe with all your heart and don't doubt at all. Do you believe me as His prophet, as His servant? You believe. God be with you, mother. Yes, you're diabetic, aren't you, mother? That old insulin and stuff is so bad. I see you with those shots. Now, is that true? And you have a heart trouble or something. I see you smother, hold your hands like this quite often. You get short of breath, don't you? Isn't that... I'm not reading your mind, I'm seeing a vision. And you have to watch yourself when you're walking on a street, don't you? Yes, I see you was in... Now, I-I see you was trying to get off of a-a curb, and you... way you was taking your time. Isn't that right? Recently, by a place where there was a signboard run this a way. Isn't that right? Mother, go home and believe the Lord Jesus Christ and be made completely whole.

L-73 Let us say, "Praise be to the Lord Jesus Christ," with all of our hearts. Bless her heart. You believe? With all your heart? Now, look. And don't nobody disbelieve. Now, you're going to see great things of the Lord done.

Poor soul. Now, mother, you that was up here a few minutes ago, you feel better now, don't you? Yes, amen. What was told you was the truth, wasn't it? And you didn't thinking nothing about that. It's gone. Was that right? Then--then you know it has to come from God, doesn't it, mother? God bless you, that's fine.

Sir, yes, you felt that hit you then, didn't you. All right, stand up on your feet. Yes, sir. You believe with all your heart, sir? You do? You were wanting me to contact you in some way, wasn't you, setting there wondering about that? You have something wrong with a breaking out over your body or something. Isn't it in your hands? Isn't that true? You want to be healed of that, don't you? Do you believe that I'm God's prophet? His servant? Do you believe that what I tell you would be the truth?

Say, I see something standing in your way. That... You have a habit, don't you. Don't you have a habit of smoking or something like that? You smoke cigars, don't you? I see you standing on the corner with one in your hand. Forsake them cigars, and go home, and be well, my brother, and make it right with God and you shall be healed in the Name of the Lord Jesus Christ. Amen. God bless you.

L-74 Do you believe Him with all your heart? Do you want to accept Him now as your Healer? He's here. Stand to your feet, you that believe Him as your Healer at this time. Raise your hands and say, "Lord Jesus, I accept You."

O God, in the Name of the Lord Jesus Christ, I pray Thee heal every person here.

51-0719 - Civic Auditorium, Toledo, OH (Paragraphs: 53 - 59)

L-54 All right. Lady, or I should said, my sister. You are a Christian. That desire that you have in your heart to receive the Holy Ghost, you--you want to receive It, don't you? There's been troubles that's caused you... You've been nervous for a long time, haven't you. You're sincere though. Yeah, you have a heart trouble also. It's... You still have some nervousness, is what caused that. Smothering, laying down it's worse than ever. Isn't that right? I see at the bed, trying to hold yourself like... Say, when I touch myself... Oh, sister dear, you have more than that. You have cancer; that's on the breast too, isn't it? Uh-huh. Come here, sister. Do you believe that Jesus healed you nineteen hundred years ago? Do you

accept it now?

Merciful God, bless this woman. May she receive the Holy Ghost, and be healed in the Name of Jesus Christ. Amen. Go, receive it, sister, and be well. Let's say, "Praise the Lord." How wonderful. Amen.

L-55 Now, I'm not an excitable person. But "amen" means "so be it." The Bible said the congregation said "Amen." So be it: Jesus Christ the same yesterday, today, and forever. Have faith now. Don't doubt. Believe. All things are possible to them that believe. Amen.

How many hasn't got prayer cards, let's see your hands around. Oh, a great group of you. All right. Do you believe?

All right, sister, your great faith healed you while you were setting there. Walk on off the platform.

Let us say, "Praise be to God." That's the way to receive it. Nervous, mental nervousness... How wonderful. Jesus Christ is the same yesterday, today, and forever. Don't you believe that? Amen.

What are you thinking, sister? Wonderful, isn't it? You're kind of interested in that child too, aren't you. Huh? Don't you have two of them? Isn't that right? Isn't there two of them there? All right. All right. You believe? All right. God bless you. Receive your healing. Amen.

L-56 Dad, what do you think about it? The minister there was just healed. Isn't He wonderful? You're feeling better now, aren't you? Your friend there wants to be healed too, doesn't he, setting next to you? Look around this a way, sir, just a little bit. Do you believe with all your heart? You'd like for that growth to go out of your nose, wouldn't you? Amen. Stand up and receive your healing in the Name of the Lord Jesus. Amen.

What do you think about it, lady, setting on this side of him? Do you believe with all your heart too? All right. You got throat trouble, haven't you? Stand up and receive your healing then in the Name of the Lord Jesus. Amen.

That makes a whole group of them healed. Let's say, "Praise the Lord." Everyone believe. Have faith in God.

Come, sister. My, anemia, diabetes, heart trouble. Go and be well, sister, in the Name of the Lord Jesus. Let's say, "Praise the Lord." That's right, have faith in God.

L-57 Mister, your heart trouble was just healed, setting there. That's right. The third man setting in there. Stand up. You had heart trouble, didn't you? It just left you just then, sir. You go home and be well now, in the Name of the Lord Jesus. Amen. Don't doubt, have faith.

All right, come on, sir. Wouldn't you like to get over that asthma? Wouldn't you like to get over that? Go and believe on the Lord Jesus Christ and receive it. Let's say, "Praise the Lord." Have faith.

Come, lady. You believe? Do you believe God sent His gift to heal you? You do? All right, you need a blood transfusion from Calvary. You're anemia. Go forward and be healed in the Name of Jesus Christ. Here It is. Have faith.

Come, lady. Look this a way. Do you believe me as God's prophet? You do? Your heart troubles leaved you then. Go home and be well in the Name of Jesus. Praise be to God.

Young man back there, do you want to be healed of that TB? You do? Stand upon your feet and accept your healing in the Name of the Lord Jesus. Amen. Amen.

Let us say, "Praise be to God." All right.

L-58 Lady's deaf. Bow your heads. Almighty God, Author of Life, Giver of every good gift, send Thy blessings upon the woman. Thou Who died to redeem, Thou Who was wounded for our transgressions, bruised for our iniquity, the chastisement of Your peace--our peace was upon You, and with Your stripes we were healed. You Who called to the deaf spirit and it obeyed You, O Eternal God, hear this prayer of Your humble servant, and I represent You here tonight in the power of Divine healing. Hear the prayer of Your servant, and may this demon that's holding the woman, shake her, come out of her.

Thou demon, leave the woman. In the Name of Jesus Christ, come out of her.

Hear me? All right. You have had complications and everything wrong with you. Can you hear me all

right now? Can hear me now? Hear me now? You're healed. Go off the platform and be well. You're healed.

Let us say, "Praise the Lord."

All right, come, lady. Do you believe me as God's prophet? You do? You've had kidney trouble a long time, haven't you. Go off the platform and be well. Jesus Christ makes you well.

Let's say, "Praise the Lord." Amen. He's here to heal. Do you believe it? Have faith.

L-59 Do you believe Him with all your heart? If you do, you can go home. You won't have to fool with your cot and stretcher no more. In the Name of the Lord Jesus Christ. Amen. Amen. There she is. Take the cot out of the way. There she is. All right. Do you believe Jesus Christ? Take her stretcher away, 'cause there's somebody else setting there fixing to get healed.

Be reverent. Look this a way. Believe with all your heart.

All right, sir. Do you believe? Your heart trouble's done left you. You can go on off the platform. (Be our last one, and so forth). Just walk on off the platform well.

You believe with all your heart? Look out there, to you without your... Look this a way.

What about you, sir, sitting there with stomach trouble? Raise up and be healed in the Name of Jesus.

Next man to you has got hemorrhoid troubles, haven't you? Stand up and be healed in the Name of Jesus.

The lady with arthritis, if you want to believe on the Lord, stand up and be healed in the Name of Jesus.

All the rest of you, do you believe Him? What about it? He's here. Stand to your feet. Raise your hand.

Accept your healing.

Satan, in the Name of Jesus Christ, remove from these people.

51-0720 - Civic Auditorium, Toledo, OH (Paragraphs: 49 - 57)

L-50 He said, "As Moses was given two signs to a vindicate his ministry, so will you be given two signs." Said, "One, you'll take a hold of their hand; you'll know, tell them what's wrong," not you speaking, but the Angel speaking through me. See? He said, "The next you'll tell them the very secrets of their hearts."

And the first was... How many remembers when... I couldn't know nothing but what I just took hold of a hand. And how many's here remember that early day of the ministry? Do you remember me telling you it would come to pass what you see now? Is that right? Raise your hands if it is. That I said it will come to pass. Has it? The Bible said, "If there be one spiritual or a prophet, and what he says comes to pass, then believe him." Is that right? Well, I'm with that. "But if it doesn't come to pass, don't believe it." Those things are born; you're born to do that. [\[Exodus 4:1-9\]](#)

L-51 And now, friends, do you believe me? Then listen to what I'm telling you. Jesus Christ the Son of God healed every one of you at Calvary. And I, or no other man, can do anything about it, no more than point you to Jesus Christ, the Sacrifice of God, Who was wounded for your transgressions, bruised for your iniquities; the chastisement of our peace was upon Him, and with His stripes we were healed. Then I speak the truth. It's in Christ and not in me, or not in the Angel of God. This Angel of God has nothing to do with the healing, only to vindicate what Almighty God has done for you, according to your faith. The Angel does not heal; It only shows and sees visions. It's a messenger sent from God. How many understands now? Your healing is complete already if you'll just only believe it. [\[Isaiah 53:5\]](#)

L-52 All right, bring the lady. How do you do, lady? I just want to get this up here. Can you hear me all right when I'm talking low? Somebody tells me when the anointing comes down, that I don't talk very loud. Can you hear me back in the back if I'm talking this loud? That's fine. Thank you. Now, all of you will appreciate this. And be in prayer for me, will you do that?

Now just, you don't have... Well, if I ask you to bow your head, sometimes a evil spirit rises up. You see? And when it does, it-it's a battle. And then you've got to take... How many of you read my little book

back there, my book, "Man Sent From God"? That's fine. I--I hate to mention anything like that from the platform. I wished I was able to give every one of you one of them. I just wished I could, but I can't. I can't afford it; I haven't got any money to do that with. And I'm--I'm poor; that's true. God knows that's true. That's right. If I'd took the money been offered to me I'd been a multi-millionaire. But I'd rather be poor and have favor with God than the best home you got in Toledo. That's right. I'd rather have it. 'Cause this is my--my work, to serve God. That's what's in my heart.

L-53 If you go to fool... If a minister, three things, if he goes to fooling with, he's ruined. That is: first thing was money, then women, and then popularity. When he goes to thinking he's someone, right then he's on his road out. That's right. For we're all flesh, just like grass; there's no good in none of us. Only thing's good about us is what part of God is in us. And He--He's just averaged through all of us. So there's nothing, one above another; we're just all the same (That's right.), God's children; we're brothers and sisters. And I try by the help of God to stay away from such. And you pray for me that I'll always be that way, that I can serve Him till the day He comes, and we walk up before Him. Then I'll look out over this Toledo bunch and say, "Toledo, you lovely little audience, set in them hot auditoriums that night, I told you the truth; here's my Master to vindicate it, and say that I told the truth." See, you'll know then.

L-54 I believe He's here tonight to vindicate it, to say that it's the truth, not wait till in the future...?... When, if I ask you to bow your head, then quickly, do it. See? Quickly bow your heads if I say, "Bow your head now." If... Sometimes epilepsy gets away from me. So it's a horrible thing, and it just attacks a person. It'll jump from one to another like that; it's very vicious. And down through the age it's had a great control of the people.

You remember the disciples couldn't cast that epileptic spell out of a boy? And they brought him to Jesus, you remember that? Remember that man had epilepsy and some fellows went down there, some preachers boys and thought that they had a gift of Divine healing, went down and called over that devil, said, "I adjure thee by the Name of Jesus Who Paul preaches, come out." Acts 19, you remember that?

He said, "Paul I know, and Jesus I know, but who are you?" You remember that? And that devil always knows. That's the very thing that bothers me, not knowing that, but that's what's been a long...

[Blank.spot.on.tape--Ed.] [\[Acts 19:13-17\]](#)

L-55 Oh, sister, how could you doubt? Come here, sister. Oh, Jesus, have mercy on the poor thing, Lord. She's trying hard, but Thou art here to help her. Dear God, as Your humble servant lays hands upon her and asks for mercy, grant it, Lord. Satan, I adjure thee by Jesus Christ the Son of God, come out of the woman and don't bother her no more.

Now, lady, do you... Did I tell you the truth when I was speaking, whatever it was? If you were--if you attended doctors, I'd tell you what was wrong with you and what to do. You don't need to do it if you'll believe what... It's been pains in here; you've been worried. You thought you had cancer in your lungs. Isn't that right? I'm not reading your mind, but I--I know what... See, it isn't... You haven't no cancer; that's a pinched nerve (that's exactly), coming from the vertebrae in the back of your back. That's back there in the back, is that right? All right, how'd I know that? All right, go believe now, and be well in the Name of the Lord Jesus.

Let's say, "Praise be to the Lord Jesus Christ, Who giveth all good things to those who seek after Him. Blessed be the Name of the Lord."

L-56 Now, just a moment, if I can remember, the lady is upset. And she thinks she had cancer; she's worried; she's cried; she's been prayed for, everything. I see her standing; there's a building, something like this. There were many people rejoicing. Now, that materialized here before me. And I seen her troubled, and I looked around and I seen her holding her back like this. It's nothing but a pinched vertebrae in her back. If she was going to a doctor, I'd say go to a chiropractor and let him relieve that. But if she got faith in God, she don't need to go to a chiropractor. Jesus Christ does it for her. That's

right. Amen.

L-57 All right, everyone reverent. All right. Let's see, you're the... Oh, it's--it's a boy. All right. Well, bless his little heart, a fine boy. Now, do you believe, mother? With all your heart, you believe? Well, now you just be seated there by the--in the chair, if you will, so I can get the little boy by himself.

How do you do, little fellow? My, I don't imagine this little boy... Do you like to fish? Isn't it... Every little boy... You know what I think about little boys? I think a little boy that likes to fish, and loves his mother, is a good boy. Would you believe that? Yes, sir. Oh, poor little lad. Look here, sonny boy. You and I don't know one another, do we? But you realize what's wrong with you, don't you, honey? Look, you're suffering with a heart trouble; that's rheumatic fever in your heart, is it sonny boy? Your parents are besides themselves almost. The doctor has done said he couldn't do nothing for you. You know that. But looky here, sonny boy. Jesus Christ...

51-0721 - Civic Auditorium, Toledo, OH (Paragraphs: 31 - 40)

L-32 Now, now, there's something wrong with you (See?), a cancer. And you lay your hand on here, and as soon as we make contact, something jumps. Now, what is it? It's the cancer on you, and the Angel of the Lord here. Now, it's trying to hold you, and God is wanting to heal you. Now, I can't make it go, but your faith in Jesus Christ will make it leave it you. See? It's a life. Now, what is a cancer? It's a germ. It's a developing of cells. It's laying in your neck, sapping your blood, soon will have you gone. See?

Now, now in the way of Divine healing, if you were the cancer, I'd just call your life out of you, and your body would drop down dead. After while you'd just decay and go away. For the first few days, if it leaves you, you'll feel wonderful. Your throat will feel good. But then, it'll get worse than ever. And you'll spit up big pieces and things. And many times, people when they get real sick, like that, they say, "I've lost my healing." Don't you believe that, if it leaves you. You keep on testifying. The man, Jesus told the man, said, "Thy son liveth," and the man believed what He said. See? You believe what's told you.

L-33 Now, if by the Spirit of God, I was able to see what your trouble was, and your life, and you know that's true, now, what He says this way, will be true too, won't it? If that was true, not knowing, this will be true by knowing. Is that right?

Now, I want you to put your hand here again. I want you to watch. Now, I want you to see; it isn't the position the hand's held in (You see?), it's just the same anywhere it's...?... here.

Now, the Bible said, "In the mouth of two or three witnesses, let every word be established." Is that right? You come a stranger. I don't know you. You put your hand on mine, something flashes up. And I'll tell you what it is. There's one witness, isn't it? And you're watching it now. Look at it there. Now, watch it. I want you get up here close, so you can notice. Watch here how it comes and goes. Now, there it's dying down. See?

Now, I feel it coming... Here it comes again. Now, look at it. See? It's just like waves. Now, that cancer is excited. The life of the cancer, the life of that germ in there, is excited. That's a spirit, because near here, you and I, stands the thing that can make it leave there by your faith.

L-34 Now, I'm going to pray for you, because you know you got cancer. You've been very nervous and upset. I'm not reading your mind. But you know what I'm talking about, don't you? I don't even have to say it. But now, what I'm trying to do, is to get this to leave. Now, I'm going to pray, and I'm going to have the audience to bow their heads. I want you to watch my hand. If it--if it goes away, you're healed. That'll be three witnesses. Is that right? If it stays there, you still got cancer.

Now, remember, I can't make it go. Now, the reason I ask you to--to--to watch (See?), you're the one that's got the cancer. If it goes out, there'll be a cancer at large. See? And if this, now, if your faith is all can make it go. Now, I want you to believe while I pray. And I want you to watch my hand, see if it moves in any way at all. See? And then if that just drops down, the swelling leaves, the vibration off of there leaves, if it comes normal, just like this hand, you're healed. If it doesn't, you're not. See? I have

nothing to do with it. It's your faith from here out.

Will you bow your head audience?

Our heavenly Father, just in order that the little woman and these ministers sitting here looking at my hand, might know that Thou art Christ, the Son of God, and know that Thy servant is telling that which is true... You said to the prophet Moses, "With them two signs, they would believe." And these people believe, without these signs. They believe You. And now, Father, I ask for mercy for this poor little woman, which we know that cannot live much longer this way. Have mercy upon her, and heal her, in the Name of the Lord Jesus. I ask for her healing.

L-35 Now, before I raise my head, or look, it hasn't stopped; it's still running. Isn't it, lady? It's just like it was. Now, to the audience, it hasn't stopped. It's still running. Now, I can't make it stop now, sister, because...?... exposing that...?... But now looky here. Look...?...

[Blank.spot.on.tape--Ed.] Claiming power over you, by the sufferings of Jesus Christ, the Son of God, come out of the woman. [Blank.spot.on.tape--Ed.]

Now, friends, I wasn't just trying to talk loud to you. I'm not trying to deafen your ears. But sometimes them demons gets disobedient, and then you've got to cast them out. If they could go out easily, all right, but you come to the house and you... And I told you go out, and you went on, it was all right. But when you have to throw you out, it's different. See? And you--you just can't be babying them things around. All right.

Bring the...

L-36 Are you in love with Jesus? Isn't He wonderful? Now, if He was standing right here tonight, wearing my suit, He could do no more for you, than what He's doing right now for you. He could know what was wrong; He could tell you what was wrong, but He'd say, "The Son can do nothing except the Father show Him." Is that right?

And He said, "Now, these things that I do, shall you."

You remember when Nathanael came to Him, told him? "I knew you. You're a Christian," in other words. "When did You know me?"

"Before Philip called you, when you were under the tree, I saw you."

What did He do? He saw him in a vision. Is that right?

L-37 Now, here stands a little girl, standing before me. I don't believe I know you. Are we strangers, honey? I don't know nothing about you, do I? Nothing at all. And what, just to say... Where are you from? Ontario, Canada. And we're born many miles apart, years difference. I've never seen you, in my life. If there's anything in the world that I could know about you, it'd certainly have to come through supernatural power. Is that right? You know the girl, Brother Baxter? He's from Canada too. Through Jesus Christ we can meet on common ground, can't we? That's right.

I want you to walk just a little closer. I see you're very frail. I don't know what's wrong with you. But I just want you to talk to me, as I talk to you. I don't want you to be...

L-38 [Blank.spot.on.tape--Ed.] An asthma, isn't it? Asthmatic condition. Say, you--you've been examined in a hospital, or something for that. Isn't that right? I see a doctor is around you. Say, I see something different. You was in an accident too. Haven't you been in an accident? You were hurt, wasn't you, in a--in an auto accident? Is that true?

Now, let's see if I can go back again. There's something about a doctor, wasn't it? Did you hear me talking? That wasn't me. That was--that was wasn't me. It was in my voice, but I wasn't doing that. Now, whatever talked through me, and whatever It said to you, was that the truth? Now, just--just say if that's the truth. Just raise up your hand that--that was truth. And it wasn't what you was thinking about. You wasn't thinking about those things, was you? So it couldn't be my mind-reading, could it? It'd have to go back behind that, didn't it? Things that, I guess, nobody in this auditorium would know about, 'less it was you. See? Or unless somebody that's real close to you would know it.

L-39 Now, I told you the truth, haven't I? Now, do you believe me as God's prophet, that I've told the truth? You do what I tell you to do. I'm going to lay my hands upon you, sister, dear. I've got a little girl at home. And I know if she was sick... Now, in commemoration of what Jesus said when He died at Calvary, He healed you. And now, you're aware that some supernatural Being, which you believe to be His Presence, is here now. Is that right? I bless thee, my sister, in the Name of the Lord Jesus Christ, that He take this asthma from you. And may you leave from here, tonight, to go back to that lovely country, to be a well woman, and testify of God's grace to you, all the days of your life. May He use you in starting an old fashion revival in your community, by your testimony. For these blessings I place upon you in the Name of Jesus Christ. Amen.

L-40 What do you think, you're healed? All right, you are. Now, you can go off the platform, healed. God bless you, sister.

Let us say, "Praise be to God."
