L-61 And now here lays people in cots, and stretchers, and so forth. Someone, can you look at your card there, lady, looks like your hands are twisted like. Can you hold your card? See what number she's got. Oh, my. All right, lady, you watch this a way, and you ask our heavenly Father to heal you tonight. What about yours? Is your card? And your card wasn't in?

Now you ladies on stretchers, you look and believe with all your heart. You're strangers. I know you not. But look and believe with all your heart that Jesus Christ will be here to make you well. Do you believe it? You believe that He will?

How many of you out there, that's sick now let's see again that hasn't got prayer cards, wants to be healed? That's... Well, that's just about solid, all the way across everywhere.

L-62 Now, be in prayer, and our heavenly Father will reveal to me. Do you believe He will? All right, then you pray and ask Him to heal you. Have faith now. And may the eternal God bless each one of you.

Now, all you in the line, do you believe with all your heart? Each one of you believe? All right, have faith then in God. Do I know I don't know none of you, I don't believe. No, none of you. All right, have faith now and you bring your first patient.

L-63 How do you do, lady? Now, I suppose that we are strangers. I don't believe I ever seen you in my life. But we are--we're strangers of life, and you have come to me for help. And I perceive, immediately, that you're a Christian, a believer, because the Holy Spirit will not embrace sin. You've noticed that in the meetings, if you've been here before. When sin is at the platform, or out there in the audience, I'll call it right out. Because He can't tolerate sin; God can't. He's holy, and He can't tolerate sin. And I ask you to believe me as His servant, and you do.

L-64 Now, you just received a prayer card, and on there was a number and a letter. And it was called, and you come to me as a stranger. Now, reason I'm talking to you, is your my first patient. And I--and I must carry a conversation, in order...

Like Jesus said to the woman at the well, "Bring Me a drink."

She said, "It's not customary for the Jews to ask the Samaritans anything."

He said, "But if you knew who you were speaking to, you would ask Me for a drink." And the conversation went on; then He went right straight and told her what was wrong with her. Isn't that right? You see, the... He promised that the things that He did, that He would grant it also, and there'd be a former and a latter rain, and in this last days that these things would come to pass. [\[John 4:1-21\]](#)

L-65 Now, you're aware that something is going on, aren't you? You--you know it just now when I begin to speak to you. Now, something happened just then, didn't it? Now, that wasn't... That's nothing to hurt you now. That's to heal you. Did you see the picture of It back there last evening? You wasn't here. I want you to pass by the desk and see the picture; you'll see what that is, the looks of it, when the best research in America, and it hangs in a religious hall of art today: a supernatural Being.

Now, that the audience might know. Just since we been talking, a real, I'd say, a lovely sweet kind feeling comes over you. Is that right? If it is, raise your hand. Now, what that is, that's the Angel of the Lord, contacting. There's something wrong with you. And if... and I am His servant.

Just as that wire in that light is a servant to the light, it isn't the wire; it's the electricity going through it, that makes the light, the wire cannot make no light.

Neither can I know what was wrong with you, or have any Light to you. It's the--this Spirit that you now

feel, that brings the Light.

L-66 Yes, ma'am, you suffer, don't you, sister? You're an extremely nervous person. You have much trouble. And you--you are bothered with... Don't you have a lot of night--getting up at night, or something another. Isn't that right? Yes, ma'am. I see you going through the night, always with... Is that true? [Sister says, "That's true, very true."--Ed.] Then, you--you've had... I see a doctor standing near you. No, you've had several operations, haven't you? That's right. And you're real... Your main trouble lays within your back. Isn't that right? It's in your back, and that's what's caused you to have a stomach... and so forth. Isn't that true? Are those things true, lady? [Sister says, "Those are very true, very true."--Ed.] Now, no one at all... only God would have to reveal that.

Now, that wasn't me speaking just then. It was my voice, but I was at several different places and seen what took place. Was it true? [Sister says, "That's very true, two operations at one time, and five at another."--Ed.]

Now, who... I spoke that, did I, while I was speaking? All right, then who would know that except God, or somebody was in that place, to see those things take place. Is that right? Sometimes it--I don't realize just what's went on. But now, you... That feeling's not like it was is it? You see, it's gone. That was when the blessing of God was upon.

L-67 Is that the same Spirit that said to our Lord Jesus Christ, when He told Nathanael where He seen him under a tree, praying, before he come to Him, and told him he was a Christian, or a believer, otherwise? Is that the same Spirit? The same Spirit. That It came back to you again, wasn't it? You are blessed, my sister. Your prayers are answered. Your suffering is over. Christ has healed you. You are well. You can go and be well in the Name of the Lord Jesus.

Thanks be to our Lord Jesus Christ, Who brought again the Spirit of God and the resurrected Christ, Who is present tonight to heal all that is in need. He is here, friends. I have no way of bringing Him to you. Only your faith brings Him present. And watch the patient's expression change as they come to the platform. [[John 1:43-50](#)]

L-68 Now, a few moments, if the anointing keeps coming upon me, I will be not knowing where I am. Now, be sure for the meeting tomorrow night. And God bless you now. Be in prayer out there. And you bring your next patient.

How do you do, lady? Our--our wonderful Saviour is marvelous, isn't He? Yes, ma'am. Yes ma'am. Well, He's just as sweet and kind to us tonight, as He every was. Yes, ma'am. Well, believing that, makes you a Christian, when the love of God is in your heart. Well, that's, we feel that way. That's just humanly, and blessed are they that hunger and thirst for righteousness. It's even blessed to even feel that way.

Now of course, see you standing there you're wearing glasses which would know... Any of the audience would know that it was it something was wrong with your eyes. And now, they look good and clear, but I believe your trouble is in your left eye, mainly. Isn't that right? ["That's right."] Yes, ma'am. And both of them are just as clear, but you're going blind in your left eye. ["That's right, brother."] Not only that, but your left ear is awful bad. ["Oh, praise the Lord, that's right."] Isn't it? Yes, ma'am. Oh, I see it's your entire left side... ["Praise the Lord, that's right."]

L-69 [Blank.spot.on.tape--Ed.]... and to this poor, suffering woman, I lay my hands upon her, and ask, in the Name of Jesus Christ, that she will get well, Lord. I bless her, as Your servant for her healing. Amen. God bless you, God bless you sister. Go, thanking... Go, now just testifying that you're going to be well. Stand right by your testimony. Amen.

Let's say, "Thank You, dear Jesus. Thank You, dear Jesus." All right, bring the next patient. Now everyone, just reverent and have faith now. And if you'll believe, God will make you well. He will make you well.

L-70 Now, come just a moment, sister, dear. I just want to... There's many people out there, believing,

and it makes it very hard. There's many people setting out there now that's already healed. And it--it makes me real nervous or weak. And now, you are a stranger to me, I do not know you, and to save my energy, I want to just talk to you a moment if I can, to keep from seeing. The vision is what hurts me. Now, you and I are strangers; we know not one another. I've never seen you in my life. You've never seen me in your life as... have you? We are just strangers.

Now, I want you to give me your right hand. And now, I want you to believe me with all your heart. Yes, ma'am. You have cancer. Is that true? You have cancer, and that's on the breast, isn't it? It's on the right breast. Is that right? How would I, you think, I would know that?

L-71 I want you to notice something just a moment. While you have your hands laying here on mine, I want you to look at my hand here. See those little white things running over my hand? That's what I would determine... I don't know what it is. I just call it vibrations. It's a live growth in you, that's got a life. It was a germ just like you was. And you begin in the mother's womb to develop cells and become a human being. And that was a germ that wasn't in you then; it's a germ of death. And it came into you and begin to build a little house, begin to develop cells, and it's become a growth. And it's developing cells, and just as much body as yours is; only it has no form, and it's not a free moral agent like you are. It has one master; that's the devil: one determination, take your life.

L-72 Now watch here. I want you to move... The Bible said, "In the mouth of two or more witnesses, let every word be established." Is that right? That's true. Now, take your hand off of mine; look at my hand now: just normal as any other man's hand. Isn't it?

Now, lay your handkerchief right here. Take this hand over here, this one, and lay this hand up on there. There's no difference at all, in my hand. Is there? Just like any other man's hand. Well, I wonder why it's from this hand, and not from this hand?

Now I want you to see, it isn't positionally. You see, my hand is just normal. Now I'm going to take my hand off, and put my hand upon it. Now there's nothing.

L-73 Come here, Rev. Baxter. I know... I examined Rev. Baxter many times, and I know there's nothing wrong, less it started last few days. Now, I'm going to lay his hand, his right hand upon mine. Still nothing, is there? Just as normal as it can be. Now, take your hand off, Rev. Baxter. I will lay my hand on; just still normal isn't it. Now, lay this hand on there, this hand back again. Now look what happens. See? See what I mean?

Now, why would it be this hand, instead of this hand? When He spoke to me, and give me two signs to do before the people, like God told Moses, He said, "You take the person by the hand, the right hand." And that goes to my heart, by the left hand. And you see there's something happens there. And now, the Bible said, "In the mouth of two or more witnesses, let every word be established." Is that right?

L-74 Now, you've come to me, as a stranger. I don't know you. And the Holy Spirit here, when I touched your hand, told you what your trouble was and where it was located. Is that right? That's true. And I have no way at all of knowing that, except through God. Is that right? That's one witness. Is that right? A second witness, that you see it on my hand, a physical reaction. Is that right?

I want my boy, which has never seen this, to come forward. My son has never seen this happen. I want you to watch, sonny. I'm going to put my hand here. You see my hand here now? Let me have your hand, Paul. I will put Rev. Baxter's hand on here. See?

L-75 Now, watch when I put the lady's hand on here, watch what takes place. See what I mean?

Now, you remember that night in Vandalia, Illinois, when you were laying, sleeping on the bed, and the Angel of the Lord was standing over me there? And I throwed a pillow over, and woke you up, and said, "Look." And you come, screaming, running over to me. That's the same Angel of God that's testifying here. It's the same Angel of God. That is the first time Billy ever seen it.

All right, now lay your hand back. I want to hold your hand there just a moment. And I want you to see,

sister, it's not positionally. See? Now, see it? I want you to watch it just a moment. Now, there they come in a wave. You see, see here? Little white, like little white warts. You can see it from the audience. Watch them. Now, here they come; there they come. See them running over there? Now watch, there they go away. Here they come again. There they are. Now, what is that? That's the life of that cancer, excited, the spirit of it.

L-76 If I can only get you to believe, it's going to leave you. If I can't, it can hold you. Now, it lays in your faith in the finished work at Calvary. Do you believe that God sent Jesus and He died for your healing? All right, sister, your faith has saved you now. It stopped, audience. Come here, Billy. All right, you can go off the platform, be made well, sister, in the Name of the Lord Jesus. Your faith has made you whole. Let's say, "Thanks be to our Lord Jesus Christ." Now, not my prayer saved her; her faith. Now, she was standing there; there is three witness: the first, let's see, was... It was told her what was, she done, or something, told her something supernatural. Then the next thing happened, It spoke to her concerning what was wrong and what happened. The next thing, she saw the physical results. The next thing, while her faith was there, the same place, the same hand, looking right at it, the swelling went down, the--the disturbance on the hand left. The life of that malignant tumor in her breast left her. If she'll keep believing... She knows it now. Ask her, some of you question her, if a real cool feeling didn't sweep through her breast, and she was healed.

L-77 I think we ought to just bow our heads in reverence to thank our Lord.
Our Father Who art in heaven, Hallowed by Thy name.
Thy kingdom come. Thine will be done in earth, as it is in heaven.
Give us this day our daily bread.

And forgive us of our trespasses, as we forgive those who trespass against us.

And lead us not into temptation, but deliver us from evil: For thine is the kingdom, and the power, and the glory, for ever. Amen.

Almighty God, Author of Life, Giver of every spiritual gift, send Thy blessings upon this people, increase their faith that they might know this hour, that Thou has visit them, and sent back to this earth, in the form of the Holy Ghost, the risen Christ. And may we tonight, as the apostles of old on the road from Emmaus, said, "Did not our hearts burn within us," when they recognized that the Christ of God had rose from the dead and was alive among men. And tonight, we are very conscious that He has rose from the dead, nineteen hundred years ago, and liveth forevermore, dwelling in His Church, making intercessions for believers, who confess upon His works and His vicarious suffering at Calvary. Almighty God, receive our thanksgiving for Him. In Jesus Christ's Name, we beg. Amen. [[Matthew 6:9-13](#)], [[Luke 11:1-4](#)]

L-78 All right, bring the man. Good evening, sir. I trust that the blessing of God will be upon you, my friend, that God will do something tonight in your case to cause you to believe more on the Lord. Of course, you're wearing glasses, any one would know that--that your eyes were bad. And... But there maybe something more wrong. And now do you believe that what I have said is the truth? You believe what I said about God is true? What I said about Christ is true? And about the Holy Spirit is true? Then the Angel that has come down, that God has sent down in this last days to bless His people, after the preaching of His Word... And that those things that faith has been built by ministers through the age, and then, to think, His loving kindness to come down in the last days and do something else for us, to send a prophetic gift that would magnify Him before the people, and get the people to see that He is just the same today. He still liveth forevermore, setting, making intercessions.

L-79 And Angels are sent from His Presence, ministering spirits, sent from the Presence of God. Do you understand, brother, that God never takes His Spirit from the earth? God takes His man, but never His Spirit.

God taken Elijah, but the spirit of Elijah come upon Elisha. And then several hundred years later, it come out on John the Baptist, the same spirit, made him act the same way. And then it's prophesied,

that it'll be here again in the last days. See? God takes His man, but His Spirit remains. He taken His Son, but His Spirit stayed on earth, the Holy Spirit. He sent It back to the earth to live among mankind. Are you conscious of that? You are. [A man says, "Yes, I am. I believe that."--Ed.] You believe that? ["I believe that."--Ed.] [[Hebrews 1:13-14](#)]

L-80 And then the Scripture has said that Jesus Christ is the same yesterday, today, and forever. And He said, and then let's see, if that's true, then He said, "A little while and the world seeth Me no more." That's the world order, the day of the way it is now. "They'll see Me no more," because His physical Being had been given and made a Sacrifice as a bleeding Lamb, an innocent for we guilty. "And the world seeth Me no more, yet, ye shall see Me." Now, who is "ye"? The believer. "For I will be with you, even in you to the end of the world."

Now, did that mean to Peter, James and John, and those standing there? They're not living tonight. They're living but in glory. But the believer would know Him unto the end of the world. Is that right?

[[Hebrews 13:8](#)], [[John 14:19-20](#)]

L-81 Sir, you're a very deep thinker aren't you? Yes, sir. Yes, sir. You--you're always studying things. All, if I'd say this, that you might know you cross bridges many time before you get to them. Now, that's--that's hereditary. You just... That's your makeup. That is true isn't it? And you're--you're suffering tonight, with a stomach trouble. Isn't that right? Because you can't eat certain things. It's an ulcerated stomach. It's been caused from a condition that come a long time ago. And you're nervous, your eyes are stigmatized, and you've been practically nervous for a long time, a inward nervous. Is that right? At your work, sometime, I notice you. And sitting down, your strength becomes so depleted at times, till you have to sit down, rest. Is that true? I'm not reading your mind, my brother. I'm telling you, as the same Spirit that was speaking by our Lord Jesus, has revealed to you what was in your life. Is that right? All right, will you be... accept me as His prophet? I have told you the truth. Is that right by a supernatural Being? Do you accept it that way? Then believe me as God's prophet. Go home, and eat anything you want to; the ulcer is healed. You can go. God bless you, my brother. The Lord Jesus make you well.

All right, everyone real reverent. Come, lady. Now, be reverent. God is going to bless you all tonight. Have faith in God.

L-82 And howdy do, sister. I see you're--you're a believer. You been disturbed for some time, haven't you? You have something on your mind that has worried you. Of course, the time of life that you're living in is one thing, if you understand what I'm speaking of; it has got you all, very much upset. You know what I speak of, the menopause. It's made you extremely that way. Satan lies to you. He tries to make you think that you're--everything is wrong with you, that you're not going to get well, and make you think that your time is near, make you think, sometimes, you've crossed the line. But that's wrong. And you're suffering with a tumor, also, aren't you? Uh-huh. Was that true? That was all true? Now, whatever I said, it was the truth. I--I don't know you, do I, lady?" I don't know you at all. We're strangers. And that was truth. And what was said, would only be revealed by some supernatural Being. Is that right? Will you believe me as His prophet? Then come here and let me put my hand upon you."

L-83 Father, it is written in the Word, the last words from our Master's lips; He said, "These signs shall follow them that believe. If they lay their hands upon the sick, they shall recover." God, bless this one, who I hold her hand tonight.

And thou demon, you tried to hold her. But you're exposed tonight before this audience. You've hid in her, in a form of a tumor. You thought you could hide from a doctor. But you can't hide from God. He's more than a match for you. I come representing Jesus Christ from Calvary, Who won the victory over you and all your kind. And I take the authority tonight, by a commission given to me by an Angel of God, Who's present now to witness it. You can't hold her any longer. Come out of her, in the Name of Jesus Christ.

God bless you, my sister. I wasn't talking rough to you. You're healed now. You can go home, be well. Now remember, you're going to feel like you do now happy, and real good for about seventy hours, maybe, seventy-two hours, seventy-five. And you're going to get a little sick spell, severe headache. Don't you worry then. You continue to thank God for your healing. That may last for awhile. You'll get dizzy, swimmy-headed, upset. You're even have to go to bed. But don't be weary. Now, if I told you what was; I've told you what will be. If you know that was true, what was. Is that right? It's true what will be. Go, and may the Lord bless you, my sister.

Let us say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.] [[Mark 16:15-19](#)]

L-84 Are you believers? Now, you without prayer cards, just a moment, just hold the line there, just a minute. Getting extremely weak... Everyone just reverent as you can be. Let us pray, just a moment.

Master, it seems that my life is dwindling away from me. I don't know how much longer You'll let me be here on this earth. But I pray for many years, if You can use me. But when Thou art finished with me, may I come to You. But I know that I shall be able to stay until I have completed the work that You've foreordained that should be done.

And tonight, there are those who wasn't here this afternoon to receive prayer cards. They're laying here, some of them on stretchers, and some in cots, and some in wheelchairs, some on crutches, some of them dying with heart troubles, and cancers, and all manner of diseases. I do not know them, Father, dear. But as Your beloved Son in His grace, we be made Your sons through the adoption of by the Spirit...

L-85 I pray Thee, Almighty God, that the Scriptures might be fulfilled which says, "Jesus Christ the same yesterday, today, and forever," that Thy humble servant may now be able to see what You have done tonight, as You will let Your servant, the Angel of God, Who has been sent to that little straw tick, laying yonder in the mountains... May You be near tonight to bless Your people, and to help us, dear God, for each one of us, to see Your blessings. And may, that You have confirmed Your Word tonight, through Thy servant, may people, here, believe with all their heart. There are those setting here without cards, who cannot come to the prayer line. Many are still in the line to come. But I ask Thee, Lord, to heal tonight. And may their faith now reach up, and say, "If God is on the platform, working through our little brother, that God is here with me. And God is no respecter of person and can heal me here where I am, as He is up there healing those from the platform. Grant it, Lord. [[Hebrews 13:8](#)]

L-86 And may Thy holy Angel, which came and said, He was sent from Your Presence, may He now speak through Thy servant, in the Name of Jesus Christ the Son of God. Amen.

"And looking steadfast upon them and knowing their thoughts..." says the Scriptures, I wish you all to be reverent and to believe on the Lord now with all your heart.

Now, you're out there without any contact to anywhere, except with God, and I'm only in contact with Him as the Holy Spirit will let me be. I can only speak what I see and what I hear, that can I speak, but no more. And I want all of you, do you believe, with all your heart, that I have said that what is truth? [Congregation says, "Amen."--Ed.] [[Matthew 9:4](#)], [[Matthew 12:25](#)], [[Luke 5:22](#)], [[Luke 6:8](#)], [[Luke 11:17](#)]

L-87 What do you believe people, along through here? Do you believe with all your heart? If God Almighty will show to me your conditions from this platform, and will speak comfortable words to you, you surely will believe Him. Will you do it? All right, have faith in God.

I just see the Light near a woman. Oh, I-I beg your pardon, the woman has just been healed, I believe. Was you in the prayer line, just awhile ago, lady, setting right there? Was you in the prayer line? Was you healed here at the prayer line? Well, that's why It's still holding over you. I could just see the Light. The whole... It looks like... I pray God to open your eyes to see, like I'm seeing now.

L-88 Here sets a lady setting right here. No, it ain't; it's this boy setting here. Say, young man, aren't you a...? Stand up just a moment. There's somebody behind you, pulling. Oh, you're a--you're a minister, or

you're going to be a minister. No, your father is a minister. Is that right? I see the church, and there's a... Oh, you are very sick, aren't you, young man? You've been examined recently by doctors, or something, is that right? In a-in a great place where there's many doctors look to... Oh, it's your heart. I see a cardiogram. Is that right? Is that true? May the Lord Jesus bless you, my dear brother and make you well. Be... God bless you. Have faith.

L-89 The lady setting right back there. You're going blind, aren't you, sister? Something wrong with your eyes, isn't that right? I see you getting it. Will you believe that Jesus Christ has healed you nineteen hundred years ago? Rise up to your feet and receive your sight. Yes, madam, in the Name of the Lord Jesus Christ.

All right. The man setting right next to you there. You have asthma, don't you, brother? Isn't that right? Asthma? Do you believe Jesus healed you nineteen hundred years ago? Do you accept me as His prophet? Then raise up on your feet and accept your healing in the Name of the Lord Jesus.

The lady setting next to you, you ain't got no prayer card, have you, lady? Yes. You suffer with a female trouble, isn't that right? The Lord Jesus make you well, my sister and heal you. Have faith in God.

L-90 Over this way, how many of you believe God? Just a moment. Reverently, way back, you with your hands up, who has not prayer cards back there? Have faith. Believe now. There's so many. You, setting there, looking so strangely at me, with the tie on. You've been praying, haven't you, sir? Yeah, I see you knelt in a room. And you prayed, "If you could ever get near me, you'd be healed." Is that right? You suffer with a kidney trouble, isn't that true? Jesus Christ makes you whole, my brother. You stand to your feet.

Now, there goes that spirit, a blackness, a darkness leaving that man, seemingly you could see it, watch it. It's got a sympathizing partner. Just a moment. There it falls, just a moment. Yes, there it falls over a man, setting there with a t-shirt on, black-headed man, his hands in his face. Stand up, young man. You suffer with kidney stones, isn't that right? Accept Jesus now as your Healer, that healed you nineteen hundred years ago. Have faith in God. Don't doubt.

L-91 What about you, lady, sitting there, colored lady? That you suffer with arthritis, don't you? Well, why don't you raise up and accept Jesus Christ as your Healer? Throw away your crutch, and go home, be made well. Have faith in God.

Look this a way, you cripples and on you chairs, stretchers. You believe? Swollen spleen, coming down out of Canada, a secret has been kept from you, lady. You have cancer, also. Do you believe me as God's prophet? Do you want to be healed? Do you believe I tell the truth from God? Then in the Name of the Lord Jesus Christ, rise up off of your cot, be made well.

Do you believe, lady? You laying on the stretcher, you're dying. You realize that? You're dying. But you have cancer too, don't you? Then in the Name of Jesus Christ, the Son of the living God, rise up from the cot, and receive your healing in the Name of the Lord Jesus Christ.

Do you believe, every one of you?

51-0728 - National Guard Armory, Erie, PA (Paragraphs: 62 - 80)

L-63 Now, you people coming in the line, by God's grace I will be able maybe to tell you what's wrong with you, or so forth. I do not know. But if I--if I don't know. He--if He don't show me, I'll just have to say, "I do not know what's wrong with you." Maybe have a word of prayer for you and let you go on. But if He shows me, and He's able to tell what was in your life, He knows what will be in your life. Is that right?

Now, sometimes He tells many things. But if He can tell you one thing, He knows all things. Look at the woman at the well; He just said, "Go get your husband," told her about her husband. And she told the people in the city that He told her all of the things she ever did. He never; He just told her one thing she did. But she knew if He knew that one thing, He knew all things. Is that right? But that was just as the

Father let Him know.

L-64 Now, I tell you, maybe some of you get real provoked at me for taking my time. But, friends, I... That's for a purpose. See? We're the only one in a hurry; God's never in no hurry. See? He let the Hebrew children walk right on in the fiery furnace. If we'll just let Him alone, He will do something for us that'll be more than three hundred we could rush through here tonight. See? Just let Him have His way. You look on; believe, and have faith, and accept Him as your Saviour and Healer.

But I know, brother standing here now is a Christian man. For it--it's... I feel a warm welcome of an embrace of Christianity. Now, sir, you being a stranger to me, me, I knowing you not, and you knowing me not; we're just here as two men. And there's perhaps something wrong with you. If there is, God can reveal that to me. And if He does, why, I'll be thankful, and I know it would increase your faith. But your healing, of course, would have to come through your accepting of Jesus Christ at Calvary, His death, and burial, and resurrection.

L-65 But now, when He died and rose again, now, He ascended on high and give gifts to men. But He's the resurrected Christ; He isn't dead; He--He--He rose again. And His power, He promised to be with us, even in us, to the end of the world. That is right.

Now, you're conscious that something's going on, sir. Now, to the audience, that Light that you see in the picture is real near. The man, just as certain is standing there; I never seen him in my life, but he knows that something's taking place. It's his faith, and my faith, blending together by the Holy Spirit that's near. Yes, sir, I see you're an extremely nervous person. Isn't that right? And that's caused from a physical ailment which is prostate gland. Is that true? You've had--you've had arthrit--No, you've had a stroke, haven't you? You've had a stroke; it's something hit you kinda slightly, never hurt... Say, you're a minister of the Gospel too, aren't you? I see you standing on a platform. Now, it leaves me. Did I tell you...? Was that the truth? You heard my voice, but it wasn't me speaking, my brother. Is that true what I said? Come here.

Almighty God, the Author of Life and the Giver of all good gifts, send Thy blessings upon this man, who I bless, in Thy Name. And may this be the sweetest hour of his life as he's standing here eternity ripened; his hair is bleached for tomorrow. God, grant it, Lord, as this gallant soul moves towards You. Thou Who stood by Paul and Silas, stand by brother now. And as I bless him as Your prophet, may he go from here and be a well man the rest of his days. In the Name of Jesus Christ. Amen. God bless you, brother. Go and be made well.

L-66 All right, bring the, Brother Baxter. The... Now, sometimes I try to get my balance, my bearing (You see?) before I... If you just know what that does to you... That man that was just prayed for a few moments ago, you, if any of you know him, you--you friends of his, or his people, watch him. That man's going to be a big different in a few hours. He's gallant; he's aged. Seems like he... How many knows that man? Seemed like he, well, my. Oh, the pastor of the Italian church, well, that's wonderful. What was his--what was his discernment? Was it a... Said he... [Someone says, "Stroke."--Ed.] Oh... Well, praise the Lord; that's fine. Well let's say, "Thank the Lord." I'm glad dear pastor. Well, God knows I--I... He knows him; I don't. You see? He knows all about him. But I know the man had a, seemed like a wonderful, gallant, faith that reached out there. And I--I know God will honor faith like that.

L-67 All right, this is...?... How do you do, lady? Now, you're the patient, and I just want to talk to you just a little bit, lady. Now, you and I are strangers of--of the--of the journey. But, and you... Now, I have no way of knowing anything about you, except God will reveal it, if we're strangers. Is that right? And then, if God will reveal it to me, then you'll know that it's--it's the truth then; you know that's right. And now, you're--are aware that something is going on, of course, like I say, and I've asked the audience to watch the expression on the patients faith--face. My words sometime are not exactly, when that moves on me, my lips and tongue feel so numb, and it's Him fixing to speak. You see? I know He will either speak or show a vision in a few moments. Because you believe, lady; you prayed much for this; you

looked forward for the time, that you could stand here, haven't you? What a hour; what a time that you...

I see you, yes, you suffer with something wrong about your head, isn't there, sister? I see you always holding yourself. I'm going to say... I may... It's headache of some sort, isn't that right? And that's--that has been since you was a child. Isn't that right? And you are... Say, you have been a--you've been a Sunday school teacher or minister of some sort, 'cause I see you with a Bible at the platform. Is that right? God bless you. Something happened then, didn't it? That's when it happened. God bless you; you may go now and He will help. God bless you, sister.

L-68 Everybody say, "Bless the Lord." Remind me to talk about that, bring that to my memory again, that case.

Good evening, sister. Here stands a woman who really is a good believer. She doesn't say too much about it. But she keeps all of her things to herself. I'm not reading your mind, sister. Yes, you're very sincere person. You've had trouble, haven't you, sister? You have children? Yes. A child, that's when your trouble started. Wasn't that right? It gave you some kind of a infection, or an ulcer, or something on that side, isn't it? Isn't that right? All right, go home and be well, sister. God bless you, sister.

Let's say, "Praise the Lord." God bless you. The Lord Jesus be magnified and blessed in His people, blessed in our hearts as we see Him in His power. All right, Brother Baxter will you bring the lady?

L-69 How do you do, sister? Yes, want the audience to look to her. Something's happening, isn't it, lady? You suffered so much. You've been nervous; that's been for a long time. Have heart trouble too, don't you? And a kidney trouble, isn't that right? You believe me as His prophet? Come here. The Word of God said, "These signs shall follow them that believe." Do you believe I'm a believer? "They shall lay their hands on the sick, and they shall recover." Now, go home and be well, for you are. God bless you, sister, God bless you.

Let's say, "Praise the Lord."

Good evening, sister. Perceive that you're a believer also. You haven't been enjoying good health for some time, have you? Yes, you're anemia. You wouldn't have noticed by looking at you, but you are. And you had a female trouble that's bothered you a long time, too. Cause you to be sick many times, have headaches and so forth. That's true. Now, you can go off the platform, for you have a transfusion tonight, coming from God. You're going to be well, sister. God bless you, go, and God bless you.

Let us say, "Praise be to God."

L-70 How do you do, sister? You believe? I see you're wearing glasses. Do you believe that God sent me to be His prophet, to help you to have faith in His Son Jesus? Satan's just a liar, isn't he, lady? He's been lying to you. And a lot of people don't sympathize with you; they tell you, "Get next to yourself." But you can't help it because you're nervous, can you? You can't help it because it's stigmatized your eyes. But just take off your glasses and go on home, because Christ has made you well, sister...?... only go...

Now, everybody say, "Praise the Lord."

What do you think, mother? You believe with all your heart? Just a moment; she's Finnish, now just a second. Let us bow our heads.

Almighty God, Author of Life, have mercy upon this poor, dear, woman. Just speaking of her people from across the sea. And here she stands here tonight, suffering, and I have my hands laid on her. Eternal God, Author of life, You Who raised one of her kind, that little boy from the dead, and the other little boy, and the little girl You healed her. Your blessings still rest in Finland. God bless this woman, and may her letters cross the sea telling of her being healed. In the Name of Jesus Christ I ask it. Amen.

Now, Jumalan rauhaa. The heart trouble that you had goes from you. You go and be well. In the Name of Jesus. God bless you.

Let's say, "Praise the Lord."

Say, didn't you have the same thing, didn't you? Heart trouble. Move right on across the platform, for

Jesus healed you right as you come.

Let's say, "Praise the Lord," everybody. That's the way to receive it. Believe; have faith now, everyone; don't doubt.

L-71 All right, lady, you come ahead. What I mean? I'm watching; I'm trying to help you, I--I... With all my heart, I--I love you. That's from the depths of my human heart; I do. And I'm only trying to help you, and don't misjudge me, please. Now, there's someone in here knows why I said that. You see? I know what you're thinking about, so, so... All right, sister dear.

We be strangers, aren't we, sister? Wouldn't you like to eat like you used to? All right, you can from now on; you can go eat what you want. God bless you, sister.

Let's say, "Praise the Lord Jesus." Have faith in God. All of you out there, pray. I trust... Now, I haven't seen exactly no certain one healed, but I've seen many things happen along there. It seems like back in this section, back in this a way, somebody's trying to believe behind me, and even turns me around once in a while. So have faith in God. All right, get ready to bring the person.

L-72 All right, sister dear, do you believe with all your heart? Do you believe that this Spirit that's now moving on the platform, is the Spirit of God? I believe that. You believe that... See, I ask you this not to get you to believe me, but here's what the Angel of the Lord, the first thing He said to me, "I am sent from the Presence of God, of Almighty God, to tell you that your peculiar birth and life has been to indicate that you're to take this gift of Divine healing to the people's of the world." And said, "If you'll be sincere and get the people to believe you, nothing shall stand before your prayer."

Now, to get the people to believe me, and that's the reason I just, I ask you, or... When you come up, I feel the welcome spirit of being a Christian. I know you believe God then. Then the next thing, if I speak my own personal, what I represent, then I feel that reaction, whether you really believe that or not. It's only a test. But you believe me as His prophet, don't you? Because your heart trouble had already left you when you got here, sister; you can go off the platform and be healed. God bless you.

Let's say, "Praise the Lord."

L-73 Good evening, sir. Well, don't let Satan fool you any more (See?), 'cause you're all right. Just that trouble you had in the wreck shook you up a little, but you're going to get over that nervousness. Come here.

Almighty God, Author of Life and Giver of every good gift, send Thy blessings upon my brother. And may this power that's trying to hold him now, may it turn him loose. Satan, in the Name of Jesus Christ, let this man go; come out of him. Go off here rejoicing and happy. Never think about it no more, brother, go on. All right. Let's say, "Praise the Lord."

How do you do? Like get over the asthma, wouldn't you? Just go ahead, and praise the Lord, and tell Him that you believe with all your heart, and you shall have what you've asked for. God bless you. Amen.

Let's say, "Praise the Lord."

Insulin is an awful thing, isn't it for diabetes? But one shot from Calvary takes care of it, sister. In the Name of the Lord Jesus Christ...?...

Praise the Lord, crippled with arthritis and got other things. God has made her well.

Say, "Praise the Lord." Blessed be the Name.

L-74 Come brother. Have faith, everybody. Let's say, "Glory to God. Praise His Name."

Come forward. Oh, it's the ears. You believe with all your heart. You believe that God will give you your...?...

In the Name of the Lord Jesus Christ, thou demon come from the man. You all right? You're healed, my brother, go off the platform hearing normally. See? Let's say, "Praise the Lord."

Are you believing? I guess that's the end of the line. Let the audience look this a way now. How many there hasn't, you say, prayer cards, let's see your hands go up everywhere where you haven't...? That's

right, all right.

L-75 Now, I just want to talk to you just a little, 'fore calling another line. Let's see, maybe the Holy Spirit will just speak to us out there without calling a line. That would be better, maybe. All right, you look this way, and we won't need any line. Now, I just--just want to watch, for I try to be just as sincere. Let the Holy Spirit draw me wherever He wants me to go to. See? And we're not trying to watch the audience, or talk to them as I do one by one on the platform, but where it seems like that He's calling me.

Little lad, what do you think about it? Believe with all your heart? Aren't you trying to contact me by some cause? Wasn't you trying for me to speak to you? There's at least a dozen in there pulling me. Stand up just a minute. Oh, yes, the little lad there dad, I've just seen a vision right beside of him. I can see just who he is, and just a moment. I'll get to you just a second, brother, be seated. Oh, yes, it's a rupture, hernia, isn't that right? isn't that right? All right, go home little boy, believe with all your heart, Jesus Christ will make you...?...

You believe God, that arthritis leave you; you can walk away from there tonight. Just have faith. You believe? You believe? All right. As you have believed, so be it.

L-76 Say, just a moment, you, the mother setting there, looking this way, very saintly looking woman. I see something dark hanging over her. It's a, oh, yes, it has a cancer. Isn't that right, lady? Stand up just a minute. He knows his time has come. You believe me as His prophet, as God's prophet? You do that? Go home and be well from that cancer; it leaves you.

I seen a dark spirit rise from her. She--her prayer... You've been setting there praying, haven't you, lady? Wanting--wanting to be healed. The lady setting right there next to you, seems like she's deeply interested in something. What do you think, lady? You believe that? You know the lady setting next to you? You don't know her. You're just so happy knowing that she got healed, is that right? Uh-huh. You suffer with a heart trouble, don't you? Isn't that right? All right, stand up on your feet; receive your healing from Jesus Christ, in the Name of the Lord Jesus.

L-77 Now, this is strange to her, she don't know what to do about it. Something happened right... Wait a minute, right there by her, I see there's something else. I believe the lady setting right next... Did you have a heart trouble too, a rheumatic heart or something like that? Stand up, you got healed also, sister. Struck... Fooled you, didn't it? I tell you what you women do. You go to Full Gospel church and serve God the rest of your life. Amen. And receive the baptism of the Holy Ghost. Amen. God bless you.

Let's say, "Praise be to God."

What about you with the handkerchief up to your face there, lady? Yes, you like to get over that tumor, wouldn't you? That right? If you believe with all your heart, you can stand up on your feet and be made well with that tumor. In the Name of the Lord Jesus.

Let's say, "Praise the Lord." He's here to heal.

L-78 In the sections this a way somewhere. Somebody look this way; believe with all your heart. Just a moment, I'm looking over these cases in here; I'll get to you; and then I want to get out in the audience where the things... They see you're crippled (See?), but I want to get to you just in a moment.

Back over in here somewhere, believe. Wherever the Holy Spirit may lead me; may His Spirit guide and direct me now. 'Course sometimes it hits in a section. If I can get talking to a certain...

Lady, kind of a middle-aged woman, put your hand to your mouth just then. Aren't you suffering? Don't you have something wrong with you? Are you here as a patient? Maybe she doesn't hear just well. I can't tell what... Oh, yes, it is. Uh-huh. It's not hearing; you're just hearing a rebound. You can hear me all right now don't you? Yes, yes, you have something wrong; it's sinus or something in the head. Isn't that right? That's right. All right, go home then. You accept your healing? Go home and be well, in the Name of the Lord Jesus. Amen.

L-79 The lady setting next to you looking this a way. Yours is inward trouble, isn't it, internal? All right, raise up and receive your healing in the Name of the Lord Jesus.

Who's that put their hand up just behind you there? Let's see what the lady there (All right), with the red dress on, setting there. What about you, lady? Do you believe with all your heart? Oh, yes, you have varicose veins you're trying to get rid of. Isn't that right? May the Lord Jesus send His blessings upon you, bless you.

All right. Just a minute, let me look down through this crippled line here. You on the stretcher there; I can't heal you, lady. And you in the chair setting here, you. Be reverent now. I just want to talk to you a minute, starting from that side coming down this a way.

L-80 Do you believe me as God's prophet? I've never seen you in my life; we're strangers. What do you think of these meetings? You believe they're sent from God? You do. You're just a little excited. You can be healed if you'll believe. Do you ac... You believe it? I'm speaking to the lady laying, yes. You do? You accept me as His prophet? You do. Would you obey me as His prophet? Tubercular has bound you, hasn't it, sister? Isn't that true? Rise up and be healed.

Who's this other one on the stretcher? What do you think, mother? You look this way, and lay your hand on the man, and look this a way. That's all right. Believe, right here, lady, with this boy here also, here...?... being here. Look this a way sir, I just want to see what's wrong with you. Oh, yes, you're dying with cancer. Why don't you accept your healing and stand up, be made well in the Name Jesus Christ...?... Stand on your feet. Even the child...?... All right, lady...?... Heavenly Father, in the Name of Thy Son Jesus Christ, send Thy blessings upon this people and Satan, you move out in the Name of Jesus Christ, come out...?...
