## 51-0928 - St. Nicholas Arena, New York, NY (Paragraphs: 44 - 71)

L-45 Mother, this is sure a lovely tabernacle, isn't it? She's just a little bit nervous. You see? I just want to talk to you just a moment. Don't be excited. Now, we are--are strangers. I don't know you. I don't believe I ever seen you in all my life. But we are--we're strangers, and we--we're here trying to... I am trying to be God's servant, to do something with the gift of God that would help you to believe God. You understand that? Yes, you do. And if I can do that by God's Divine gift, I will feel then that much has been accomplished.

Now, you're--you're suffering, or sick. And 'course Jesus healed you back nineteen hundred years ago. But it'll--it'll have to be something to quicken your faith to bring you up into that place to where you can accept it. Now, many read on the Bible here and say, "Yes, the Lord said this." Now, that's the Word of the Lord, isn't it? That's the Word of the Lord. Now, that is to the Master's multitude. It's God's Word, and we must believe that, 'cause it is God's Word. Then that's to the multitudes. [\[Isaiah 53:5\]](#)

L-46 Now, then if He should take me as His servant. And now, He never spoke this directly to you, but it's just the same as directly to you. But He never said, "Mrs. So-and-so at a certain age and a certain time...?..." But then, He has a prophetic gift that He sent into to His Church in these last days to stimulate the faith of the people. Then if He should speak through me, that would be secondarily, but it would be His Word just the same. Now, to doubt this written Word would be sin, and to doubt His spoken Word would be sin. See?

Now, you must be prepared, and all you in the prayer line, to believe. And if you do not believe, I'd just step out of the line, 'cause, be assure, you'd be worse off than you ever was in all your life. See? For He said, "Go in," what no more? That's disbelieve. Unbelief is sin, "Go and sin no more, lest a worst thing come upon you." He wasn't talking about some immoral act; He was talking about your unbelief. He that believeth not is condemned already. See? It's your unbelief is what condemns you. God don't send you to hell because you're a sinner; He sends you to hell because you reject your provision that's made for heaven. See? You just reject that... You don't have to do a thing to go to hell. Only thing you do is just reject Jesus, just fail to believe His Word, that's all you have to do. See, Satan's always put a question mark across that. But that is THUS SAITH THE LORD. [\[John 3:18\]](#)

L-47 There's... I guess you wonder why I'm stalling. See? I could feel that impact of faith moving. Just be reverent, as it's getting near me. Now, the Angel of the Lord is coming near this platform right now; I can feel It moving down. It's coming from this side here, right this a way, right down this a way. Now, be reverent. I trust that before the services are closed He will appear visibly.

Now, He will before certain people. Sometimes it's before masses and multitudes, but you remember, the--the wise men, what did they see when... and they followed to Jesus? Nobody else saw it. It passed right over the observatory, every planetarium, is that right? And every city had a planetarium. They kept time by the stars, is that right? And isn't it strange that them wise men went right through city after city, city after city, following a star that even the star gazers and the men in the planetarium in telling the time and things, never saw nothing of it? They were looking for it; that's where it's at. You get what you expect. [\[Matthew 2:1-2\]](#)

L-48 Now, little mother, I just want to speak to you just a second now again. You're aware that something's going on; that's just the anointing (See?) that's just moving along. Now, this audience, that they might see... And a woman of your age would have no right to say anything wrong but what would be true. Now, there's a feeling that's moving to you now, warm, welcome, sweet...?... isn't that right? If it is raise up your hand? Now, see, the--the Angel of the Lord is at the platform now. And your faith is

begin to pull Him this a way. That's a little bit hard, because the audience feels this impact, setting right against me this way, moving down with faith up there, and moving (You see?), which is causing a little interference; but that--that's all right. See, it's--it's just like a radio dial; it's just everywhere, that...

You are--you're--you're suffering with some kind of a... It's in the lower organs. I see an examination of something going on there. It's in the bladder, isn't it? It's the bladder. It's a--it's a cancer, mother, on the bladder. You have other ailments too, don't you? Heart trouble and... Isn't that right? Smother a whole lot. I see you trying to get your breath, catching like, but you do that much, don't you? Wearing kind of a light checkered looking dress when you was doing that...?... All right.

**L-49** You--you're--you're a stranger here, be--you're not from this--this place, are you? You come from Pennsylvania, didn't you? Uh-huh, uh-huh. A little city, lot of trees and things around. Isn't that true? Mother, come here just a moment.

Dear heavenly Father, I pray Thee to be merciful to our dear sister, to heal her of this hideous demon that's trying to take her life. May it leave her and never return. And may this great pressure against her poor heart... Grant, Lord, that she'll have many more happy days.

Satan, in the Name of Jesus Christ the Son of God, come out from the woman. We curse thee as Christian believers, in the Name of the Lord Jesus, that you depart from this woman, go into outer darkness, and bother her no more.

Now, just a moment. Yes, mother dear, it has left you now. You go back to Pennsylvania and you rejoice. I see a another in the city you're from begins, starts with a P too, doesn't it? Now...?... can go now and...?... healed. God bless you.

Let us say, "Praise be to God" through our Lord Jesus Christ, Who gives us the victory now. We have now... There is therefore, now no condemnation to them that are in Christ Jesus, who have believed this report, and we are in Christ Jesus, and therefore there's no condemnation. God is working. All right, everyone real reverent. [[Romans 8:1](#)]

**L-50** And, yes, the man sets, sitting there in a chair. Everyone bow your head. Almighty God, Author of Life, Giver of every good gift, send Thy blessings upon this our brother. Satan done this evil to him, and wanting to cause him to be hurt. But Thou art here Lord, to make him every whit whole. Grant, Lord, that this spirit that binds him, may it leave him, may it come out. Give Thy servant faith over him. [[James 1:17](#)]

Thou demon of deafness, that's deafening the ears of this man, I come in the challenge of faith in the Name of Jesus Christ; you can't hold this man any longer, come out of him in the Name of the Lord Jesus.

Can you hear me? Can you hear me now? Can you hear me now? Now, brother, you're perfect. All right, raise your heads. The man's perfect. Do you hear me? [The man says, "Yes."--Ed.] Say, "Amen." [The man says, "Amen."--Ed.] I love Jesus. ["I love Jesus."] Glory to God. ["Glory to God."] Now, what, I say--whisper, then you say it out loud. Amen, amen. You say it out loud what I whisper to you. [The brother repeats everything Brother Branham says--Ed.] Amen. Praise the Lord. I love Jesus. Praise the Lord. Jesus loves me.

He does that...?...

Let's say, "Praise the Lord," like this, everybody give God praise.

**L-51** The Bible said, "And all the people give glory to God." Marvelous, the man's in perfect condition, perfectly. Many times you notice in deaf people, it--it's a challenge. They can't hear, and you have to it with predominating faith, go in there. See, you enter into another line of--of... Well, there's no need of trying to explain it, because you--you--you can't do it. You see? It's in a flow, another world. Just believe; that's all. Have faith in God; God will grant it to you.

All right, come, lady. Everyone real reverent. Look here: what's causes deafness? See? There's several things can do it. But you know, if you go to the doctor, and he'd examine your ears, he'd say, "Now,

here, the," for instance, he says, "the--the nerve in the eardrum is dead."

"Well, doctor, what killed the nerve?"

"I don't know. The only thing I know is what I can see. But I know the nerve itself is dead in the eardrum."

"Well, what killed the nerve?"

"I don't know."

**L-52** Why didn't it kill it all over its body. Like if there a transparent band around my hand and you couldn't see it, my hand would turn black and blue and swell up. Well, the doctor might come and say, "Now, the circulation stopped in here."

"Well, what stopped it?"

If it's transparent and can't see it, it's, "I don't know." He can't feel it. That's the only thing that anyone can work on, is what you can see or--or feel, of some of the senses will declare. Well, now, here's what it is: It's the devil. Now, Jesus said it was. And you believe Him? Speaking in the Bible terms, He said, "When the deaf spirit come out of the man, he could hear." The deaf spirit... And if the doctor can't tell why that nerve is dead, why, it's a demon setting there, it's cut off the hearing of that ear.

Now, if I wanted my hand to receive life again, is to loose this transparent band here, circulation. If nature's not hindered, why, it'll function all right. Is that right? Well, that transparent band has got everything cut off and so nature can't function. Move the band, it won't... Might not be well right then, but it'll get well; give it a chance. And if the devil is gone out, the man can hear. That nerve becomes active again. See? And the Bible said it was a spirit. When the deaf and dumb spirit went out of the man, he could speak and hear. Is that right? All right.

**L-53** How do you do, sister? Now, I want... Which one of these is tape, this? This one? All right. Sorry I didn't see you, as I was talking. And I didn't know that you was the one to come up. Now, we are--we are strangers also, aren't we? I do not know you. But you're a little excited just now. I'm not reading your mind, but there's, everything's running through you; you're wondering. Now, you're--you're Christian. But now, I want you just to try to be just as, just looking, just try to let every nerve settle; for I am here by God's grace to help you to get well.

And, of course, I see you're wearing glasses, and that's--that's one thing that's wrong with you. 'Course the audience sees you got glasses on. But they in just a few moments maybe the Holy Spirit will speak to me and tell me something concerning you. And I'll talk to you just a little while, perhaps maybe in talking to people...

Now, you can't with everyone, 'cause it's something that breaks through. I mentioned glasses just a few moments ago, and I felt that. You know, even a little thing like that, the Holy Spirit so sensitive, It'll move back. There's something there that's wrong though; I can see that now. But I can't tell just what it is. And but God does know what--what it is.

**L-54** And now He is able to reveal it to me, if He will. And then if I talk to you a little while and just kinda catch the feeling of your spirit, then whatever's wrong, God will show me what is wrong. And you--you believe that don't you, sister? Yes. Your--your trouble is in your stomach. Isn't that right? Yes, sir. It's a stomach trouble that's bothering you. And I see a lump; oh, it's a tumor. Say, that tumor's in your stomach; that's where the trouble's at. It's a tumor in the stomach. Is that true? Yes, sir.

Say, don't you have a, some kind of a diabetic condition too...?... That's right, you do. Say, I see you some time ago you were healed of the blood disease. And I seen that blood change back. I see a big meeting; you were rejoicing, happy. You were at a meeting where there was many people; I see lot's of people, but it must have been years ago, you look younger in there. It was the night you received the Holy Ghost. You're... Sometime ago. Is that true? All right, then you may go off the platform now well. Jesus Christ makes you...?... whole.

Everyone say, "Praise the Lord." I appreciate that, audience when it goes in; I couldn't tell what it was;

the people were screaming and going on in the meeting. If the audience would be reverent just at that time you can hear what they're talking about. You see?

L-55 Now, the lady is going to get well. She's going to be all right. She's going to be sick after a bit. In about seventy-two hours she'll get awfully sick, maybe vomit awhile. But don't worry; she'll vomit up that growth that's in her stomach, and she'll--she'll be all right. just have faith now.

What do you think up there in the audience, do--do you believe that with all your heart. All of you having faith? All right. Just don't fear, only believe, and God will bring it to pass. Whatever you desire in your heart, believe. When you pray, believe you receive it, and you shall have it. Is that what Jesus said? "Whatsoever things you desire, when you pray, believe you receive it, and you shall have it."

You believe it up here? Well, all right. Come, lady. [Blank.spot.on.tape--Ed.] [[Mark 11:24](#)]

L-56 ...?... He is the Lily of the Valley, the Morning Star, the Root and Offspring of David. See, He's both the Root and Offspring of David (See?), He that was, which is, and shall come, the Alpha, Omega (that's A and Z), beginning and the end, He that was dead and is alive forever more. He's just got so many titles till we just call Him Jesus, shouldn't we. That's all He is. And He is the Son of God. And He died one day for you and I and the sins of this world. And His Blood was shed on Calvary.

And that holy, unadulterated Blood... Mary knew nothing about any man. God, Jehovah moved over Mary and created a Blood cell in her womb, that brought forth the Son of God. You believe that? Then He shed that Blood, which every baby is the blood of its father, not of its mother, of its father. The blood cell comes from the male sex. And that had to be in that case, 'cause God is--is the Father of Jesus Christ, and His Blood is holy, unadulterated Blood, and He offered back to God in the--in the place of our sinful blood. Born in sin by our confession, God transformed all of our sins on Him, and He paid the price, and we're free. Isn't that wonderful?

And to think, just as sure as God raised Him out of the grave, setting at His right-hand tonight, making intercessions upon our confessions, that same God has promised. He swore by this covenant, that we that are in Christ Jesus, born into that Body, shall come forth in that Body...?... to be His Bride.

And as God taken from Adam a rib and made Eve out of it, He taken from the side of Christ and made the Church out of it. And we together will walk in the paradise of God someday. Won't that be wonderful? And you won't have stomach trouble there, and you haven't got it any more now. Go eat what you want you; you had ulcers in the stomach, and they're gone. Eat anything you want to, mother, your faith has made you well. Let's say, "Praise the Lord." [[Genesis 2:21-25](#)]

L-57 All right, come. Oh, what a glorious feeling, moving from that audience now, such a marvelous faith. Looks like that just anything could happen. Just looky here, friends, how--how would we have to have a few dozen come up here in the prayer line? It shouldn't be. If one person, if it's proven to be the truth, then that settles it. And now, God wouldn't let me tell you part truth and not the rest of it truth. He wouldn't stand for that. God is all truth.

And remember, I tell you; the same God that's--that's here, revealing this, this is by a spiritual gift that He has given to me to vindicate His Presence with you all. And just as He is willing to heal here, He's willing to... That's His attitude toward every one of you, every one of you. He's just as willing... He never died just for this person, or that person, or that person, He died for all of you. Praise be to God. He died to make all of you well.

And in His attitude is just as dear to you, isn't just the same to you, He loves you just as much as He does that colored sister that was just healed just now of the stomach trouble. He loves you just as much as He did Congressman Upshaw, there that had been crippled for sixty-six years in the field. He loves you just as much as Florence Nightingale who on that cancer over her stomach, and was gone to probably thirty pounds of weight, or thirty-five. And now weighs one hundred and fifty-five or sixty pounds. His attitude towards you with cancer is just the same as her.

If God can heal one person here with cancer, He can heal every one of you with cancer. And He has

healed every one of you that's got cancer. The only thing you have to do is just accept it. And I am just His servant here in a vindication that He, through His grace, might come down on me, and speak through this channel, and to--to vindicate His Presence with you. He isn't dead. He isn't in the grave; neither is He on the cross. But He's with you, even in you, and will be until the end of the age. See? Now, that is true. "And you shall know the truth, and the truth shall make you free" (See?), if you know the truth. Now, that is the truth, if I speak these things.

**L-58** Here stands a woman; I don't know you; I never seen you in my life, know nothing of you. Well, then, you just got a prayer card out there, and was called in the line and here you stand. Is that right? Now, if there's anything... If I can tell you what is the disease that you have in your body, then that ought to prove to this audience that it's the truth come from God. Is that right? Now, if looking this a way out in this audience, if God will reveal to me what's wrong with this lady here, will you believe it? And will you accept it? For you would know that He's the High Priest of your confession, that He's at the right-hand of Father to make intercession for anything that you confess He's done; it's all yours. The checkbook's in your hand. Everything that heaven owns is yours, you got a checkbook. The only thing you have to do is say, "I believe it; I'll sign my name to it; it's mine." Go right on out believing it, testifying of it, and you'll get well. See? Amen. [[Hebrews 3:1](#)]

**L-59** I say that once in a while to kindly make myself a little stronger so I can go longer. All right, sister, if God will reveal to me what's wrong with you, and just tell me here... You know His Presence is close enough to make you well. Is that right? All right, what about your kidney trouble you had? All right, go off the platform and be well now...?... Let's say, "Praise be to God." Now, believe, don't doubt.

Now, her only weakness there, is from the Holy Spirit standing there. You seen it how it was wrapping her up. That's the reason I know as soon as I looked at her again I knowed what was wrong with her. See? 'Cause her faith was moving right in (You see?); I could feel it pulling from me. I was getting weaker and weaker. She was healed of that while she was standing here. You see? I knew what she had. Do you believe? Up in the audience there, you believe? That's fine, God bless you. You out in here believe? Oh, how wonderful. And up in here? All right, that's wonderful, all right.

**L-60** Now, here's another lady; I don't know her. But she's a Christian. And she has faith. She's a believer, and God can reveal to me what's wrong with the woman. If He can reveal what's wrong with this woman, He could reveal what's wrong with that woman, or that person, or this one here, or that one up there, or over here, wherever. Is that right? It's wherever you set your mind and watch, it would take place. You believe that? Then have faith.

Look here, sister; you believe me as God's prophet? You do? What if I told you that tumor would pass from you, would you believe it? All right, go, and believe it, and you shall receive it...?... Let's say, "Praise be to God."

Now, you don't have to have a prayer card; the only thing you have to have is faith. You believe that, mother? With all your heart? You had heart trouble, didn't you? All right, stand on your feet, Jesus Christ has healed back by standing (That's right.), the lady with the black hat. That's right. Receive your healing, sister, and it's over now, you can go. Go home, be well. Thank you. Amen. Have faith in God. [[Mark 11:12](#)]

**L-61** Oh, how I love Him, oh, how wonderful. I wish you could feel that--that glorious feeling here. Not only is the Angel of the Lord here tonight, but the Holy Spirit's here. For the Angel of Lord, it seems to me is kind of settle. But the Holy Spirit makes the people rejoice and happy (You see?), and that's what does it. Oh, how wonderful. His ways are past finding out, aren't they? He lives, He lives, I know He lives. He lives within my heart. [[Romans 11:33](#)]

How do you do, sister? You're type of person that's once believing, you believe. Kind of hard for you to see it. You do a lot of worrying about things, cross bridges before you get to them, build castles that

never come to pass; 'cause that's your nature. But if you will believe me as God's prophet, you do? All right, the diabetes will leave you and you can go home and be well. Can you believe that? Go ahead, and you have believed; you can receive. God bless you in the Name of the Lord. Let's say, "Praise be to God."

**L-62** Now, before I look at this woman I can tell there's something tearing at her right now. That woman's got something seriously wrong. How do you do, sister? What'd I tell you? It's death. Now, watch. I'm not sure, just a moment. Cancer too. Now, everyone reverent and bow your head.

Almighty God, Author of Life, Giver of every good gift, send Thy blessings upon this poor mortal, knowing that she can't stay here much longer unless You help her. Free her, Lord, give her her days of freedom yet, that she dies not. But may the Spirit of God come upon her, and help her, and bless her.

[\[James 1:17\]](#)

Satan, in the Name of the Lord Jesus, I ask that you come from this woman, come out of her, I adjure thee to go in the Name of Jesus Christ, come out of her.

**L-63** Hear me now? You're all right now? There you are. You okay now? Now, you had cancer too, didn't you? You're go off the platform rejoicing and be made well; you had your hearing and your healing, go. Let's give God praise, everybody, let's give God praise.

The woman had been under surgery, and everything came that, but it's... But if--if she'll just only has faith now, it'll leave her and be gone. It's--it's gone now, just keep her away from unbelievers and things. Doctors has told her there's no hope at all; they give her up. Oh, she's--she was deaf, but now she hears. Oh, my, just as sure as the deaf spirit went from her, the cancer life went from her, and she's going to live. Because Christ lives in her place to make intercession for her at the right-hand of the Father, God Almighty.

**L-64** All right, come, lady. Believest thou this, with all your heart? There's where your trouble's at, was in your heart;, you had heart trouble. Is that right? I want you to put your hand on mine; I want you to say, "Lord Jesus, I accept You as my Healer for heart trouble right now." In the Name of Jesus Christ receive your blessing. Now, go back home in Georgia and say, "Praise the Lord." [\[John 11:26\]](#)

Say, sir, you had the same thing, didn't you? Yes, sir. Go on off the platform, you got well standing there...?...

Let's say, "Praise the Lord." God is here; He's omnipotent, the Healer of every disease, the Alpha, Omega, the beginning and the end.

Every once in a while I keep seeing the Spirit of God hanging over a lady over there with a red dress on, setting right down there. I don't know what it is, but there's--she's either been blessed, or healed, or something; it's the lady setting there with the red dress on. It keeps moving out, and it hangs over her. I don't know what it is. All right. Are you--are you a Christian, lady? [Someone says, "She was healed in one of the previous meetings, night before last."--Ed.] Oh, was you... You been healed? Well, that's what it is. Amen.

**L-65** I don't remember, these things. They tell me what happens in the meetings. It seems to me like I dreamed it or something. And right now, if this audience could only know how I felt; my hands feel a bit larger, my lips feel thick. And when that Spirit comes down, I just have to listen to myself to see what I'm saying. It isn't... He just takes a hold of the subject. You see? It does the talking, not me; I have nothing to do with it. All right, be reverent everyone. Believe with all your heart, God will bring it to pass, always.

How do you do, sister? My, I believe you're a nice little mother. You have a wonderful feeling to your spirit, moving, seems to be so welcome. If--it's been suffering for quite a bit though. Had an old trouble that's bothered you a long time. You know what I'm speaking of. And you've also got a tumor; you been bothered with heart trouble. But Jesus makes you whole right where you stand. You're--you're expecting of it, is what does the work for you. You're healed, go on off the platform rejoicing. Just a little still faith,

just--just enough to... She was under a kind of a influence; she'd didn't know what was taking place all at once, but that's the reason I didn't talk to her no more than what I did. There's lot's more to her life, but I'm sure she understands.

Jesus told the woman at the well... Just let's give God praise, she's just coming out of it now, to know what's all of it... Let's say, "Praise the Lord." How wonderful. All right, everybody reverent.

**L-66** And come, sister. Good evening. He's certainly wonderful, isn't He? To think that He would come down here and do these things for us, and bring Hissself present. See, I--I--I can do nothing of myself. I'm just His servant. See? And if I would say that I would do that, I'd be telling something wasn't true. For I--I cannot do that; I have no control of it. I do not control It; It controls me. See? It's the One Who leads me and tells me.

Now, we are strangers, I believe. All through your life you've had a hunger, haven't you? And now, here in these days that you're coming to now... Yes, I see something coming before me; it's a... Oh, yes, you have a stomach trouble, don't you? Isn't that right? You've never served God like you wanted to; you've never entered into that place that you've hungered and thirst for. Isn't that right? Right. Do you want to receive Him? May the Lord Jesus heal you and fill you with His Spirit until your heart is bubbling over with His grace. In the Name of Jesus Christ I ask it. Amen. Go now and receive, sister, in the Name of Jesus Christ.

Let's say, "Praise the Lord." Have faith in God. It's such a pull, a blast right out through here. Now, I honestly, my dear brother, sister, if you would just enter into that other--that other dimension now, enter that realm... Just don't think about what, how sick you are; if you'll just move on up in here to God, where you can touch Him, something's going to happen in a few minutes, if you'll just get up there (See?), and believe now, have faith. Believe with all your hearts. God is here to bring it to pass. [\[Mark 11:12\]](#)

**L-67** There's somebody right in there keeps pulling on something, right in that way. I can't place where it's at, but my attention just keeps pulling up into that--that sphere right up in there. It's somebody praying. There's so much between me; I can't locate who you are. Have faith.

Now, when I said that, it changes and comes over on this side. Here it is pulling from here. Believe. Do you? What if the Holy Spirit was here to just tell you what was wrong with you, mother, would you believe it? All right. Your heart trouble's gone. Your female's gone. And you can go...?... Let's say, "Praise be to God."

Just childlike simplicity. Look, live, and believe.

**L-68** Just have faith now. Believe that God is, and a rewarder of those who diligently seek Him. You believe that? With all your heart? All right. Oh, I see right now, it's in her ears; she's--deaf spirit on her. [\[Hebrews 11:6\]](#)

Almighty God, Author of Life and Giver of every good gift, send Thy blessings upon this woman and heal her. Thou art here, Lord, and this devil knows that his time has come. To this woman entering into this sphere of faith here, he knows that he's got to lose; he can't hold her any longer. Thou, deaf spirit, come out of her. In the Name of Jesus Christ I charge thee to leave the woman. [\[James 1:17\]](#)

Can you hear me? Do you hear me? This was in the ear that's been deaf all that time. Do you hear me? Say, "Amen." [Sister repeats.--Ed.] I love the Lord. Praise the Lord. Jesus loves me. Amen. You are healed, sister, go on your road and rejoice.

Let's say, "Praise be to God." How marvelous. Have faith.

**L-69** You with your hand up, what do you think about Him? You want me to say something to you, didn't you? I'm not reading your mind. You believe me as His prophet? There's something wrong with you. Been wrong a long time, hasn't it? You got migraine headaches. Isn't that right? Stand up on your feet and receive your healing in the Name of the Lord Jesus.

Let's say, "Praise be to God." Have faith in God. Don't doubt. Only believe.

**L-70** What are you setting there, colored lady, with your hand up? Do you believe I am God's prophet, that He sent me to help you? Do you believe that I will be able by God to know what's wrong with you? You've had a misunderstood life, haven't you? Many times, many heartaches and trials you've went through. I see something, dark streak hanging down a long road behind you. But you've changed now, you're suffering with a stomach trouble, aren't you? Isn't that right? Stand up on your feet and receive your healing in the Name of the Lord Jesus and be made well.

Let's say, "Praise be to God."

**L-71** Way back there, setting there with that yellow looking... Yes, you kept looking this way so sincerely. You were praying a few moments ago; I noticed you. I felt something pull me. I don't know what's wrong with you yet, but God is able to reveal to me and tell me what is wrong with you. Do you believe that? Would you stand up just a minute? So you get a...?... The lady's trying to pull. Just a moment till I can get you just above the rest. Do you believe me as His prophet? You believe that what I said is the truth? Your faith, you believe in God the Father, the Son, the Holy Spirit? You believe in that? And you believe in me as His prophet, is that right? It's a blood condition; you're anemia. Is that right? Raise up your hand; receive your healing in the Name of the Lord Jesus. Amen. Let's praise God.
