## **55-1004 - Lane Tech High School, Chicago, IL (Paragraphs: 88 - 108)**

L-89 All right, God bless you, lady. Now, sister, I suppose that you and I are strangers to one another. Are we? You don't speak English? Oh, you speak English, all right. That's good. Just as long as you can speak English. Now, I--I just want to talk to you, just a moment or two. And I don't know you. And Jesus knows you, though. If you was probably... Was you born in Sweden? Oh, we're born many miles apart then, wasn't you? Well, I would say to you then; you've come from a good country, a very nice country, Sweden.

You know Brother Pethrus, Brother Lewi Pethrus? He's a fine man, isn't he? I love him; he's a very dear man, such a fine man. Now, you know I'm talking to you for some reason, am I? I say I'm talking to you for some reason. Because I'm getting you quiet. See? I want you to be quiet, so you--you're a little bit nervous, upset, just now. That's--that's why I'm talking to you the way I am. I want you to be calm and quiet, so you can receive benefit of being here. See?

L-90 And now, not knowing nothing about you, and this is our first time meeting in life, if Jesus will tell me, what you come up here to ask Him about... You come up, not to see Brother Branham; you come up to see the Lord Jesus. And now, you believe that--that I'm just like this microphone. See? This microphone can't speak 'less something speaks through it. See? It's just a piece of metal. It's got to have a sound here to hit it first, before it will echo (See?), 'fore it'll carry out. Now, that's the way I am. I'm just like the microphone. See?

Now, there has to be some real intelligence behind here, Something that knows you, and knows all about you, knows what you're here for, to speak through these lips to say that. Isn't that right? Now, the audience believes that, don't you audience? See? 'Cause we don't know each other, but He can tell me. Then you believe Him.

L-91 One thing that you have come to be prayed for, is your eyes, your eyes is what... 'Course you're wearing glasses and so forth, because your--your eyes are not well. And I see you in your home and so forth, why it bothers you so much in your home. Then there is something else that's wrong with you, and that is, it's in your stomach. You got stomach trouble, and it's very bad. You got a--a leak in your stomach. And it's a--there's a growth there, some sort of a growth in your stomach.

And now, I see you in a--you're not from here; you come from somewhere else. You... Yeah, it's a wheat country, up in Minnesota. You come here to be prayed for. That's right. You believe now? Then you can go back to Minnesota and be well. Jesus Christ, heal this my sister in Jesus Christ's Name. Amen. God bless you.

L-92 Let us come and be reasonable. All right. Have faith in God, sister, as you come. I'm not never seen you in my life, and never knowing you as far as I know. But Jesus Christ, the Son of God, knows both of us, doesn't He? You're aware that something's here, aren't you? If that's right, if you have a feeling, just like something real sweet about it, would you just raise up your hand to the public, that they'd see? That is right. It's that light that you see in this picture. It's the Lord Jesus.

Now, we are strange to each other. You look like a very healthy woman, to look at you. But I see you moving away from me. And I see something going on; it's right under your ribs, on your right side. It's a--it's a bladder, a gallbladder trouble. And I see that--in there it shows that your--your--your--your liver, is all--you've got a--a growth on your liver, that's even pushing out, making a--a push place. And you're

in a serious condition. THUS SAITH THE HOLY SPIRIT. That are true. You believe now? [\[Mark 11:22\]](#)

**L-93** Dear heavenly Father, knowing that this woman is walking in the shadows of death, but now standing in the shadow of Life and light. O God, may the darkness be turned back, and light shine in. And may she live, in Jesus Christ's Name I pray. Amen. Now, go believing, rejoicing. It's made you awful nervous, your trouble, so don't worry now. Go be happy, you get well. Amen.

**L-94** Praise be to God, our Lord Jesus. He--He raised from the dead; He lives forevermore. He never can fail. He's omniscient, omnipresent, almighty. Oh, He's everything. How I love Him. How wonderful He is. "If thou canst believe," said the Master, "all things are possible."

Sister Downing, I--I want to speak to you now, because I know you, setting there. But you're studying about your mother there. You see? So you're praying about her. I caught it then. But just don't fear now; I believe everything's going to be all right. See? I--I know you, so that's the reason I seen you appear up, and I seen your mother, and seen you coming. So I--I happened to recognize it in the vision; it was you.

[\[Revelation 1:18\]](#), [\[Mark 9:23\]](#)

**L-95** There was someone else pulling from this side, but it--and it was both in the chest and the side. It's this woman setting here with gallbladder trouble, setting right on the end there. And if she believes... Yes, lady, it was you. That's right. Stand up on your feet just a moment. Now, go and get well, the lady at the end there. God bless you too, sister, if you had gallbladder trouble, you believe it also. There's a lady there I seen the vision, right there, she had the coat on. And may the Lord bless.

Don't we love Him? How wonderful our Lord Jesus is. He's just so real. Now, if you just could realize that that's Him. See? That's the all omnipotent God.

**L-96** I see a lady. I'm just going to look at her a minute, because she's got her head bowed; her eyes is closed. She's got a red-looking dress, or pocketbook, or something. She's gray-headed. She's praying; she's setting right here in the row. She's trying her best to contact the Lord Jesus, 'cause she knows she can't get to this platform. Do you believe me to be His servant, sister? The gray-headed lady, setting right here, that's praying so hard. Do you believe? You want to get over the heart trouble, and believe that God's going to make you well? You believe it? All right, it turns all light around you now. I believe He's heard your prayer. Now, go. God bless you.

**L-97** Oh, He's so real, if you can just believe Him. Oh, how wonderful. Sister, you was healed of that nervous trouble, and everything left you awhile ago when I was standing there, so you--you just go on home, just rejoice, saying, "Thank the, dear lord," and go on be well. Amen. Let's say, "Thanks be to God." How I love him, He's so real.

All right, the patient. How do you do, sister? You believe? All right. I believe you do too. We're strangers to each other? All right. I'm so happy to know that we--I'm glad to know you now, but I'm happy to know that we are strangers to one another. Then I don't know what's wrong with you. You know that. I have no idea, but God does. He knows what you're here for, and He can--He can tell me. And if He will tell me, will you believe then?

**L-98** Just have faith and be real reverent, just a few minutes now. Don't doubt, just have all kinds of faith. Lady, that raised up your hand a few moments ago, you was so interested in getting healed there, when this lady was healed next to you. See? You was. Uh-huh. 'Cause you had high blood pressure, and you wanted to get over it so bad. You see? That's right. But I--I believe it's over now; I was just waiting 'fore I told those people. Amen.

Just have faith in God. That's right. Little lady sitting out there, a weeping, kinda heavy set, looking towards me now. There's the Angel of the Lord standing over her. Can't you see that audience? Look standing right here. Can't you see that light, right--hanging right here? Now, the woman there, I can't heal her, but she has a gallbladder trouble, that--that she want's to be healed of. That's right, isn't it? And if you believe, you can be healed. That's all right, sir, God bless you.

**L-99** The man setting right over from you there, with hardening of the arteries, he wants to get well too. He--he thinks that God would heal him, don't you, sir? You believe that He did it then? I want to ask you something. Just when I was talking to the woman, and she missed her healing, and it went over to you, just then in sovereign grace, when it went over to you, a real strange feeling swept you then, didn't it? 'Cause you wondered why that woman didn't raise up, didn't you? See, she missed it, because the Angel was leaving her and going to you. Isn't that right? If it is wave your hand, real funny feeling. That's right. It ended with you then, brother. Your faith got the vision. Amen.

**L-100** Isn't He wonderful? Oh, my, nothing like our Lord Jesus. Just have faith. All right. You believe with all your heart? I have to talk to you, 'cause it's just--here it is. You're here for somebody else. It's not for yourself. I see it now; it's--it's a--it's a young man. And that young man's in the hospital. And he's wearing some kind of a uniform. It looks like it's a--it's a Air Force uniform. He's--he's in the Air Force. And he's had his neck, or something hurt--broke--broken. And you're here, interested in that young man. That's THUS SAITH THE LORD. The handkerchief that you have on your han--arm, go take that handkerchief, and send it to him. Lay it on him. Have faith in God, and the boy will come out of it, and be--get well. [\[Acts 19:12\]](#)

**L-101** All right, friend... You believe? We are strangers one to the other, but not strangers with Christ. That thin fellow setting right on the end of the row there with heart trouble... Yes, you believe, sir? You got something wrong in your lungs too. You believe that Jesus Christ will make you well? I seen you standing here on the platform, and I followed you back out to your seat. There you are, setting there praying. You believe He healed you? Then you can have what you asked for. God bless you. Go and be made well.

Oh, isn't He wonderful? The lady's a stranger to me. I never seen her in my life. We're total strangers to each other. Are we, lady? We certainly are. And here we are. I believe awhile ago, when I was preaching, sometime ago, this afternoon or here at the service tonight, I was talking something about the colored people. How the young slave conducted himself, because he was a--he was a--he was a son of a king. We should conduct ourselves also that way.

**L-102** Me, being a stranger to you, and you a stranger to me, us standing here together, not knowing each other, you a colored woman, me a white man, yet both of us in love with the Lord Jesus... He died to save us both, take us to the same heaven. Someday it'll all be over, sister. We will never stand and pray for each other no more. Jesus will come. That's Who we love, and that's Who I'm trying to say to the people, that's here.

You're suffering; I see you trying to get out of a bed. And you can't hardly do it; you got arthritis. That's right. The vision's a moving now; you couldn't hide your life. You also are moving away from a table, especially from greasy foods, and so forth. You have a stomach trouble. That is right. And you have--you're very nervous. You're really extremely nervous. And sometimes that you think you're just about going to leave, lose your mind. And that's what's making your stomach trouble, 'cause it throws your stomach into a spasm. And you have like dyspepsia, the stuff comes up as you eat into your mouth.

**L-103** And say, you--you're not from here. You live by a--a--great river, where it runs. And I see you going down 4th street in Louisville. You're from Louisville, Kentucky. You are. Yes, sir. You're Mrs. Alberta, and your last name is Lee. Isn't that right? Now, your nervousness is gone, isn't that right? And you're healed; you can go home now, and be well, in the Jesus' Name.

Let's say, "Praise be to the living God." Do you believe? Have faith. Reasonable, friends. Jesus Christ is here.

Lady, you want to get over that female trouble? Raise up your hand, say, "I accept Jesus." Amen. Go believing with all your heart, and you can get--you'll get over it.

**L-104** You love Him with all your heart? Believe Him then with all your heart. God can heal your eyes,

make you well. You believe that, don't you? Sure, go on believe Him. Say, "I trust You, Lord." He don't want you to be blind; He wants you to--He wants you to see, and all--everything. Just believe Him with all your heart now. Go, and be made well.

Sister, a shadow of death, called cancer, but God is omnipotent. Do you believe that? He could kill that cancer, as dead as it can be, right now. Do you believe it? I condemn the thing in the Name of Jesus Christ. May it come out of the woman. Amen. Go, believing now with all your heart, saying, "Thank You, Lord Jesus...?..."

**L-105** God can heal heart trouble, anything else; He can make it all well. You believe that, young lady? Raise up your hand, say, "I thank Him." It's a nervous condition that brings that onto you. Go believing now, and you'll get well, and not have it any more. In the Name of Jesus Christ. Amen.

What's arthritis to our God? He can make you well. Don't you believe that? Step across here like a young lady, in the Name of the Lord Jesus, and go and be made--be made whole. Amen.

You believe, mother? I... The anointing's getting so heavy in the audience, and I'm getting so weak, I can hardly stand here. But the--I see something like a colon trouble with a person setting right in here, a colon, moving in the... Yes, lady, I... You believe with all your heart, all your soul, all your mind? I see a great clinic, like a Mayo Brothers Clinic. Have you been to Mayo Brothers, at the clinic, or some kind of a clinic there that--that moved, and I see a--like a big steeple like. You believe with all your heart, that Jesus will make you well? Do you do it, lady? Then you can stand up, and receive your healing, in the Name of Jesus Christ. Amen. Hallelujah! Have faith in God.

**L-106** Billy, is this your next patient? Have faith. You believe? What if I told you were healed now, would you accept it? Would you? Then go off the platform, saying, "Thank You, Lord Jesus." And you'll never have to take di--that insulin or nothing. Jesus Christ will make you well, if you believe it. Amen.

Let's say, "Praise be to God." Oh, my, now over the audience, now what a time. How blessed be the tie that binds our hearts in Christian love. If I've found grace in your heart tonight to tell you the truth by the Almighty God's Bible, and the vindication of the resurrected Jesus Christ, He will heal every person in here. And has done it, if you can believe it.

**L-107** Are you the patient, lady? You believe with all your heart? You believe Jesus will make you well? If I tell you what's wrong with you, and you know us strangers, one to the other one, will you accept it? You're suffering from an accident. You fell down, and kinda tore yourself loose on the inside, and things, and... No, it's the lady behind you: it's a vision coming back there, saying... Here's the lady right here. That's right. You believe, lady, with all your heart? God bless you. Go in... Your faith really makes you whole.

Let's say, "Praise the Lord," while it... Hallelujah! He's standing here. Do you believe? Raise up right quick now, and accept Him, right where you're... Raise your hands up to Him right now, now while we pray.

**L-108** O God, heavenly Father, in the Name of the Lord Jesus Christ, the Son of God, pour out Thy blessings, Lord, upon this audience at this time. Standing present, omnipotent, O God, have mercy upon this audience, and heal every one of them. Grant it, Lord, through Jesus, the Son of God, I ask it.

Now, with your hands up in the air. Put your hands up, everybody now. Have your hands up, and do what I tell you to do. Now, repeat this words after me, "Lord, I believe. Satan, you are defeated. I'm healed in Jesus' Name." [The congregation repeats after Brother Branham--Ed.] Give Him praise now, and you can have what you ask for.

### **55-1005 - Lane Tech High School, Chicago, IL (Paragraphs: 53 - 58)**

**L-54** Lady, you got your hand up there. Do you believe with all your heart? You believe me to be His servant? If Jesus Christ will let me know what's wrong with you, standing here, will you accept your

healing? You will? Will the rest of you do it, believe that He raised from the dead and I've represent it right? What is this? This is faith. What was it? He said, "I'll be with you." I believe Him. That's right. If you believe it, that rupture you have in your navel will be--be cured up tonight. Is that what you have, isn't it? If it is, wave your hand. All right. You believe it, you can have what you ask for. Hallelujah. Believe God. All things are possible. Have faith in God.

Oh, isn't He wonderful? Jesus said, "I can, if ye believe." First you've got to believe. [\[John 14:19\]](#)

**L-55** Setting out there on the end of the row, looking this way, your hand up, sir, out on that first little row, looking this way bothered with sinus trouble. Do ye believe that God would make you well? Right there... The...?... person setting right next to you there, you believe, do you? If you do, raise up, lady. That's right. Do you believe? God bless you, and receive your healing. Amen. That's it.

Setting right back over here, the lady setting right back over there with her hands crossed like this, you got trouble with your back, haven't you, lady, and don't know what it is, isn't that true? Setting right on the end of the bench back there, raise up if that's true. Way back there at... That's right. God bless you. There's the Angel of God standing right by the woman. You got something wrong with your back, and you just don't know what it is. Isn't that right? If that's right, raise your hand. I can tell you one thing: it's gone from you now. You don't feel it now. If that's right, raise your hand back and forth. There it is. It's all gone. See, it turned light around the woman. Praise the Lord. Faith, believe it.

God of Abraham, Isaac and of Jacob...

**L-56** Lady, you was just so blessed just then, there's a lady setting right next to you there that has a nervous trouble. She's got her hands up. Raise up, lady, just a minute. Setting right there next to you... All right. Now, you can go home, too. Your nervousness is done. Jesus Christ made you well. Your faith healed you. Hallelujah.

Hallelujah. What do you think up there in the balcony up there tonight? You believing with all your heart? Have faith. Oh, hallelujah. You might call me a holy roller...?... too; that don't make any difference. I know Who I believe. I know...?... Jesus Christ the Son of God, the Exodus for the Church, the Redeemer for all ages is present, showing the same thing that He showed when He was here on earth. Glory to God. You believing? If you have faith, you can have anything you want. If you haven't got faith, you can't receive nothing.

**L-57** What about you, sir, setting over there in that chair, wheelchair, cot, whatever it is? Do you believe Jesus Christ died for you? I don't know you, never seen you. Got a prayer card? You haven't? Do you believe me to be His prophet? Will you accept the same thing? You're setting there with TB, aren't you, sir? That's right. You come from out of town, didn't you? Come down in Illinois, around Bloomington, didn't you? That's right.

There sets another lady right behind you, setting back there, she has got a fallen kidney. Setting right... She's from the same town. She come from the same place. A fallen kidney... Got infection in her eye. That's right. Setting right back there on the end of the seat, kind of a gray-headed lady with glasses on. I see you all...?... were coming from the same town called Bloomington. That's right, lady. Raise up to your feet back there with the glasses on. You're from Bloomington too. You ain't got no prayer card, have you? Don't have no prayer card. All right. Do you believe me to be God's servant? All right, sir. Get up out of the wheelchair. And you get up, sis, and go on back home and get well. Hallelujah. Believe God. If you want to accept It, have faith in God. Believe with all your heart. You can have what you ask for.

**L-58** Here's the Holy Ghost standing over a colored woman setting right down here. Setting right back here. She's got a tumor, and she's got eye trouble. She's got her hand up waving at me. That's right, lady. Stand on your feet. Jesus Christ makes you whole. Hallelujah.

Do you believe? Jesus Christ the Son of God lives and reigns. He's here. He's your Exodus from sickness to health. He's your Exodus from the wheelchair to walking again. He's your Exodus from the cancer to

health. Do you believe it? I challenge you in Jesus Christ's Name. Stand on your feet and claim it, and God will give it to you right now if you've got faith enough to believe it.

In the Name of Jesus Christ the Son of God, I condemn every devil, and every doubt that there is in here, and may the Holy Ghost move in this building and burst this old unbelief away, and heal every one, in Jesus Christ...?...

**55-1006e - Lane Tech High School, Chicago, IL (Paragraphs: 65 - 77)**

**L-66** Now, this lady standing before me, I suppose that we're strangers to one another, are we, lady? We are. But there's one thing sure; there's Somebody Who knows us both, sister. That's right. And someday, we'll stand in His Presence and give account for everything we've done in this life. You're aware of that? I tell you, something happened. Just now, before saying anything else, the Angel of the Lord come and anointed just now. It did just now. Praise be to God. It struck the lady even, quickly. You know that. Something stuck you when I went to say something. Is that right? That's right.

Now, being a stranger to you, not knowing you, never seeing you in my life, if God will let me know what's wrong with you, or what you're for, will you accept Jesus? You will? Will the audience do that?

Now, we're in His Presence. And He could--He could take from us, or He could smite us with a disease and we'd die with it. He's God, so we must be reverent in His Presence. You believe that, don't you? So I see the lady. You're real nervous, bothered with a nervous trouble, extremely nervous. And I see, you've been to a doctor about something. It's a--it's an infection. You have an infection. And that infection is in the breast. That's right. And it's in the left breast. And I see the doctor says that he don't know what it is, what's causing it. That's true.

**L-67** Now, that wasn't me talking; that was my lips was saying the words, but I had no control over it. But what It said is the truth. Is that right? Now, is Jesus raised from the dead? Remember, friend, that's what Jesus did when He was here on earth. That's Jesus tonight. Then here's what He said, the last words that He said when He was leaving the earth. I'll quote them to you. He led His disciples out as far as Bethany, and He blessed them. And He said, "Go ye into all the world (That was Chicago too, wasn't it?) and preach the Gospel to every creature. He that believeth and is baptized shall be saved. He that believeth not shall be damned. And these signs shall follow them that believe to the end of the world." How long? To... This Gospel... How long? To the end of the apostles? To the end of the world. "In My Name they shall cast out evil spirits, speak with new tongues. If they would take up deadly thing, or a serpent, it wouldn't harm them. And if they lay their hands on the sick, they shall recover." That's what He said.

You believe that? Then Him standing here present... You believe. I believe that if I lay hands on you and pray, God's made a promise; if you believe that, you'll get well. Is that right? Then come forward.

Our heavenly Father, with hands laid upon this woman, under a condition that she don't even know herself, and her doctor wouldn't tell her... But, Lord, I pray that You'll be merciful to her and will heal her. I condemn this devil that set in to take the life of the woman. And come out of her, Satan, in the Name of Jesus Christ. You're defeated. You spirit of death, you are defeated. We see the resurrected Lord. He's here. And by eyes of faith we look beyond this shadow to where the sun is shining for our sister in good health. We do this in Jesus' Name at His command. Amen.

Now, go on, you're going to get well. Amen. God bless you. [\[Mark 16:15-18\]](#), [\[Matthew 28:19\]](#)

**L-68** All right, would you come, lady? Have faith. As you come, sister, believe Him with all your heart. Usually, oh, I--I... When I get tired. I'm wore out, but it's the best then, because William Branham's gone. Then Jesus can talk. I don't know you. Mighty saintly looking little woman to me. I never seen you. But God knows you. Don't look like there's anything wrong with you, but God knows whether there is or not. Isn't that right?

Now, there's someone in the audience, moved the Holy Spirit to them. I didn't get it. Now, be real

reverent. Don't move. Just set still now.

May I talk to you again, sister? Now, I see the lady moving from me, here It is back to her. She's extremely nervous too, because she's worried. She's bothered about something. She's had an operation and that operation was for a cancer. It wasn't too successful, and you're worried about it. But don't worry. You're standing in the Presence of the Lord Jesus Christ. He's the Resurrection and Life. You believe that? Come here just a moment.

Heavenly Father, I bless this woman in the Name of the Lord Jesus and pray that You'll heal her and make her well, through the power of God. Amen. God bless you, my sister. Go and believe Him with all your heart. All right.

**L-69** Howdy do. Now, there's that same dark spirit. Be reverent everybody. Don't move around; please don't. See, these things go from one to another, and you'll... What I'm doing that for, you don't realize it: When cancer leaves here, it's going somewhere else. It sure is. And I can't hold it. If you're moving, I can't tell where it's going. It's a dark shadow that I see... There's a cancer hanging over this woman right now. It's a dark shadow. If that shadow leaves her... How do I know what's wrong? It's by vision. And I see that dark death hanging around the woman. And she's sure to die if God don't help her. Well, when he leaves here, he's angry, if he's put out; he will find a place to go if he can. You know that's the truth?

You remember in the Bible times when somebody was trying to cast out an epileptic spell, you know what happened, who didn't really have the authority to do it?

**L-70** Now, you're suffering with a cancer. It's death. And only God can make you well. You believe? Now, being that someone moved, I just want to talk to you just a moment. You're not from this city. You come from another city. And I believe it's where... I see a tower; it's Joliet, Illinois. And your name is Klein, Leona Klein. Now, you go on back down home and get well; the darkness is gone from you now. God bless you.

Have faith in God. Oh, my, how the devil has to recognize the supreme authority of Jesus Christ. Not me, he hates me. He don't have to mind me, but he has to mind Who I represent. He has to mind Who sent me here. Hallelujah.

Howdy do. You believe with all your heart, lady? I'm a stranger to you. You're a stranger to me. But there's One in our midst Who knows us both, Jesus Christ. If Jesus will tell me what's wrong, will you accept it then, and believe it? All right. You just look this way. The reason I say, look, Moses in the Bible erected a brass serpent, told the children of Israel to look and live. Is that right? He did. They was to look.

**L-71** Peter and John passed through the gate called Beautiful said, "Look on us." That's the reason I say, "Look." I want your attention. But I see a long strip of water. And it's not... You're not here for yourself. You're here for an aged woman. And that woman's suffering with a heart trouble. And she is your mother. And she's not in this country. And she is around somewhere that--that religion is persecuted. And she is around somewhere, I see a Russian soldier marching... She's near Russia. That's right. Right now, suffering with heart trouble. Jesus Christ the Son of God will make her well. You believe it? Then go and believe with all your heart. Blessed be the Lord Jesus Christ the Son of God. Hallelujah.

Have faith. Don't doubt.

Come lady. Come believing. You believe me to be the servant of the Lord? Have faith in God. I don't know you. But there's Somebody here that we both know we're in the Presence of. He knows us. Now, you're here to ask me to pray for your eyes. You got a eye trouble. And then I see again, here comes a stretch of water. And--and there's another country where there's a lot of hills. And it's beautiful. It's got a land of lakes. And there's someone there who looks a whole lot like you. It's your sister. And she's doctoring with some kind of something in her blood, a blood disease. And that's Sweden? Is that right? And that handkerchief is for her. Well, go send it to her in the Name of Jesus Christ and may she be

healed. Hallelujah.

**L-72** Have faith in God. Do you believe? Jesus said, "All things are possible to him that believeth. If thou canst believe, all things are possible." You believe it? Have faith.

Yes, sister, setting there with the red hat on looking at me, your faith made a contact then. See? The arthritis that you've been so lame with has left you. Here you can... Praise be to God.

Here, setting right here, right down here about three in on this row, you also have arthritis and a gallbladder trouble. If you believe, you may be... That's right, sister. Your faith made a contact with God. When that woman was healed, it struck you, too. You're healed. Jesus Christ makes you whole. Hallelujah. Blessed be the Name of the Lord. Have faith in God.

Jesus said, "I can, if ye believe." Do you believe?

You believe you was healed of that back trouble, and...?... while sitting there in the chair just then? You were. Amen. So just go on rejoicing; that's all, saying, "Thanks be to God." [[Mark 9:23](#)], [[Mark 11:22](#)]

**L-73** Come, lady. Blood diseases and things is just so easy for God to heal. You believe that, don't you? Let's you and I go to Calvary for a transfusion. In Jesus Christ Name, I condemn the devil that's bothered my sister and may he come out of her in Jesus' Name. Amen. Pass on by, sister; go, rejoicing, believing that God makes you whole; you can have what you ask for.

Your kidney trouble's done gone, sister. Go on...?... Believe. Have faith. You're faith healed you. Believe with all your heart.

Come here, lady. I want you to turn, look out this way. See that lady setting there with that handkerchief over her mouth? She's suffering with the same thing you are. There's a black streak running from each one of you. It's arthritis. That's right. Amen. Hallelujah. Now, go on off the platform thanking God. Be faithful.

Glory. The Son of God lives.

**L-74** Dad, setting there with your hand down praying, right on the end of the row there, yeah, He heard you. You were praying. I heard your prayer. You was silently praying, but He let me know your prayer. You said, "Lord, let him call me next. Let it--this time be my time." That's right. Yeah, you've had a nervous breakdown, haven't you? Uh-huh. That's right. And you know, you're not from this country. You're from a place, I can spell the city. It's U-t-i... Utica, Utica, Michigan. All right, you can return home, your breakdown's over. Your faith has made you well. Hallelujah. Jesus, Son of God, lives and reigns. You believe?

Come lady. You believe that female trouble left you setting there? All right, it did. Amen. So what you have asked, that you received. Believe.

**L-75** What do you think of that, lady, setting right back out there? Watched that lady walked off that was healed... You believe it? Yeah, you're suffering, got trouble with your eyes, haven't you? That's right. Setting right here behind the lady with the white waist on, the Angel of the Lord stands over her. Yeah. Uh-huh. Uh-huh. Isn't that wonderful, brother? [A man says, "He just now answered my prayer for that lady."--Ed.] Amen. That's fine. I never seen you, lady, in my life, did I? No, sir, I never. But you're not from here. You're from my state, Indiana. That's right. Anderson, Indiana, at that, where the mills are. Uh-huh. Hallelujah.

**L-76** The lady setting right close to you there, she's suffering with a chest trouble. That's right. Uh-huh. You're from Muncie, Indiana. Just run on back home now, rejoicing. Hallelujah.

You believe you'll be healed? In the Name of the Lord Jesus may receive...?... [Brother Branham speaks to the person in the prayer line--Ed.] Go believing. Have faith.

Come here a minute, lady. I want you to turn around, look this a way. There's just about seventy percent of those people suffering with your condition. That's right. How many's suffering with nervous trouble, raise up your hand? See how the spirits are pulling? How many believes that Jesus is here to heal you,

raise up your hand? Now, go home. It's over. Amen. God bless you.

**L-77** Let's say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.] I want to ask you, lady, the same time I said for them, you had the same thing. And when I was... said that, Something come over you, didn't it? All right, you're healed now from that nervous condition; it's menopause. Go home, believing.

What do you think, lady? You believe with all your heart? I don't know you, never seen you. God did something. Amen. You're here praying for someone else. It's a friend of yours. And I see a great church, and the little statues and things. Your friend is a converted Catholic. And she's got cancer. And the cancer's on her face. All right. Take that handkerchief to her and in the Name of Jesus Christ may she recover and be made well.

Do you believe? Then in Jesus Christ's Name stand on your feet and receive your healing, while I pray for you.

Almighty God, I cast out every devil. In the Name of Jesus Christ may he depart from these people tonight and go. Satan, you're condemned. Eyes the faith catches God standing present. Come out of them, Satan, in Jesus Christ's Name.

Raise your hands and give Him praise.

### **55-1008 - Lane Tech High School, Chicago, IL (Paragraphs: 98 - 123)**

**L-99** Patient, why, it's just... You know that I--I don't know no way of knowing you or anything about you. But if--if I stand here and talk to you quite awhile, He'd just keeping telling all about you.

But look at that prayer line yonder (See?), at the people. All of them wants to come up here. And after while I get so weak, they come take me (See?), 'cause I go in subconsciousness.

But if Jesus of Nazareth will let me know what you're here for or something about you, that you know that I do not know, then will you accept it and believe that it's same Jesus, that He's here? And the audience would claim that they would too.

**L-100** Now, you... by God's grace... Well, certainly sister. God bless you. Will that... Now, I want to ask you something. Now, you--you--you... Just see whether this... I'm telling you truth right here. Just a second ago Something come to you, wasn't it? Something... You had a feeling move over you. That's the Angel of the Lord. Here It is right between us right now.

That's--that's... See this, here? Now, the lady's moving away from me. She is very much distressed. I see her in a bedroom and she can't sleep. She's walking up-and-down a floor. She goes into another room. She comes back and comes into another room. She goes into a little place and gets some kind of... It's something in a little... It's a little powder, to take it to go to sleep. And she's trying... Her--her condition is a nervous condition. And she's taking powders to keep asleep, and she's taking so many of them till they've just about got the best of her. She's just about to go into a breakdown and be finished. That's THUS SAITH THE LORD. Is that true?

How would I know you? I don't know what I said to you. That wasn't me. That was Him. Now, that was truth, every bit, was it? Every bit the truth.

**L-101** Now, Jesus said, "These signs shall follow them... But there's something here you'll have to know... there's Something here on me that knows you, not me, but Something on me that knows you (Is that right?), that seen you, and what you've done, and what about you. Is that right? Do you believe that's Jesus Christ anointing me? Then He said, "These signs shall follow them that believe." If this anointing's... I'll lay hands on you. What has to happen? Get well. Is that right? Then come here just a moment.

Our kind heavenly Father, Thou knowest this woman. All the food she's ever eat was give to her by You. She's standing now, trembling in Your Presence, knowing that this must be the time. She's standing under the anointing of the Holy Spirit, tears coming into her eyes, knowing that a mere man cannot do

these things, knowing that she must be in Thy Presence. So this demon that's now vibrating against this gift of God, Satan, I condemn you by Jesus Christ, Calvary and the Blood. Come out of the woman. In the Name of the Lord Jesus Christ let her go. Amen.

Now, it's over. Now, you can go home rejoicing and thank God. Go out this way just praising the Lord. [\[Mark 16:17\]](#)

**L-102** Would you come, lady. You believe with all your heart? I see you got a little something on with a mustard seed in it, representing mustard seed faith. Do you believe that you have mustard seed faith? It might not perform a miracle, but if you stay with it, it'll take you to the Light.

I'm a stranger to you, lady. I've never seen you in my life, as I know of. We being strangers to each other, God knowing us both, God can help by letting me... If I could help you and didn't do it, I'd be a brute, sister. Knowing a poor woman here with those wrinkled hands and probably done a many hard day's work, and standing here a little old mother, and--and shaking all over, 'cause you're under a Divine anointing. You've never felt like that before, because it's just in His Presence. You see?

Did you ever see the picture of the Angel of the Lord they got here on a picture? That's this Thing that's right on you now, moving right around. I see you going somewhere. There's somebody giving you an examination, something another. It looks like that you--you stumbled; you fell. You hurt your left side and left shoulder. That's right. Then you have a dropped bladder. That is true. You believe it's over now? Go right on the road, and it'll... And now, you take this to your...?... That's right, yeah. [The woman speaks to Brother Branham--Ed.] Go, give it to him in the Name of the Lord Jesus.

**L-103** Will you come, my brother? Come believing, having faith. I'm a stranger to you, never seen you in my life, as I know of. But Jesus knows you, doesn't He? You believe if He will let me know what your trouble is, that you'd get well? You do.

Well, my brother, as quick as that anointing strikes you, I see a shadow of death hanging near you. It's a cancer. I don't know whether you're aware of that or not. You're... Yes, you have. It's an examination, and that was in the prostate glands. You have a cancer in the prostate. That's true. God be merciful. Come here, brother.

Kind heavenly Father, as Your Holy Spirit here now, the loving Lord Jesus, I hold my body against my brother and condemn the devil that's trying to take his life, and cast him away from the man. In Jesus Christ's Name may he go. Amen.

God bless you, my brother. Go, happy now and rejoicing. Don't doubt.

**L-104** What did you put up your hand for, little fellow? You believe? You believe me to be God's servant? You do. With all your heart? God could heal you with that rupture if you'd believe Him. You believe He healed you then? All right, stand up on your feet and accept it. All right. Now, go home; be well. See, your faith did that, sir. God bless you.

Just have faith. Don't doubt. If thou canst believe, all things are possible, but you got to believe. Jesus said that. Now, looky here. 'Course, you all know that I'll have to pick up on the recordings; I'll never remember this. But I hope it's coming in clear, my voice. [\[Mark 9:23\]](#)

**L-105** Standing right here in the corner stands that Pillar of Fire. I want the whole audience to look, right here. Can't you see that moving? It's standing right over a colored lady that's a praying, setting right out there on the end. And she is a praying to Christ, and asking Jesus to have me to call her, and let her faith touch Jesus through me. The colored lady, you're setting there, you're suffering with high blood pressure, setting there. Isn't that right, lady? All right. Now, you can go home. The high blood pressure has left you. Your faith's made you well. Hallelujah.

See? You don't need your prayer cards. You need faith.

**L-106** Say, young man, you sitting right behind her there on the end of the row, a man looking right at me with an earnestness, said, "God, can't you touch me too?" You got stomach trouble, haven't you?

That man with the white shirt on. Yes, sir, that's you. Yes, you. You got stomach trouble. Your stomach's been souring and--and going on (Isn't that right?), and fluttering around your heart. It's all over, my brother. Your faith healed you.

Praise be to the living God. Don't doubt. Just only believe. Have faith in God. Jesus said, "I can, if thou canst believe." If you just have faith, that's all you need.

**L-107** Is this the lady? Excuse me, sister. I don't mean to be rude or...?... I just have to follow the way He goes. You see? I have no way of controlling anything, just as He leads. Now, we strange to each other. The anointing is getting rich now... Getting weak... Usually that's... When I'm getting weak, but it's the best then.

Now, something happened right here. Oh, it's this lady, the kind of a heavysset lady, setting there that's holding right over... yes, she has a kidney trouble she's been suffering with. Do you believe the Lord Jesus makes you well, sister? Believe that He will heal you? You do? All right. Raise up your hand that you accept it. All right, my sister, you can go home and be well now.

**L-108** The sister, colored lady, looking around the side of the man there, you're wanting so hard for Jesus to touch you tonight, aren't you? Uh-huh. You believe me to be His prophet? Stand up just a minute. Now, you feel different, don't you? Long time you've been suffering with something, and that's little white things, like little cords that's called "hesions." Is that right? You don't have them now. You can go home. Your faith makes you well.

Just have faith. Don't doubt, believe. Jesus said, "All things are possible to him that believeth." You believe?

What about up in the balcony up there? Are you believing? There's certainly a wall of faith between you here, but that doesn't matter to Christ.

**L-109** Now, my dear friend, God in heaven knows that I'm only here to help you. I'm only here trying to do what I can to represent my Lord and Saviour Jesus Christ. Looks like you could believe right now. Looks like you people who really know Jesus, to know that how... It's here.

Now, you might not be looking at what I'm looking at. You say, "If you was looking at it, I could see it." No. A Fire and Light come around Paul one day on his road down to Damascus, and even so bright it put his eyes out. And no one seen that Light but him. Is that right? He only seen It.

That's It. It's between here and that wall yonder, it's just one solid bank, looks like of glory of God. That's the people's faith. See, you're moving It yourself. You're doing that, not me. I have nothing to do... If you didn't believe It, It wouldn't happen. It's your faith that's a doing it. Isn't that wonderful of our Lord and Saviour? Oh, He's so good. We should just love Him with all of our hearts, shouldn't we? Jesus said, "I can, if ye believe."

**L-110** The... Now, we are strange to each other, sister? You know me? Oh, you were healed. Oh, I see. Well, I mean to know you personally, I wouldn't know you because I just come... just somebody was prayed for I... All right. Now, I see you got a handkerchief in your hand? Now, that handkerchief is perhaps for somebody. I want you to look to me, and I want you to believe me as God's servant. And if God will reveal to me the--the thing that's in your heart, will you accept what you're asking for?

Will the audience do the same thing? Strange case, but there's none hard for our Lord Jesus. That handkerchief is for a woman, a girl. And that girl is your daughter. And that girl has a kidney trouble. She's been seriously sick. I see doctors standing there... She was operated on. And one of the--one of her kidneys has been moved, and I hear the doctors say there's no hope for the other one. She's going to die. And your heart's kind of broke. The girl's a Catholic. That's right. And you are--have something in your side that you--that you wanted to be prayed for. Have... Is that right?

Now, do you believe me as His prophet? Now, take... Let me have the handkerchief. Almighty God, in the Name of Jesus the Son of God, grant the request of this sister in Jesus' Name. Amen. Now, don't fear. Have faith and believe.

**L-111** [Blank.spot.on.tape--Ed.] You believe with all your heart? If thou canst believe. Don't move, please. All right.

You believe He's here, lady, with all your heart? God knows you, I don't. Is this our first meeting time? We don't know one another? Oh, you've seen me in other meetings. Yes. Well, I wouldn't know you in otherwise. I'm... nothing like that.

Something happened over here in the corner just then. Have faith. Don't doubt. I missed it now. Now, really believe with all your heart. It might've been Billy Paul, my boy, going down there. I thought... I know everything that's wrong with Billy. I know Brother Jack and them. That's the reason I don't let others around, 'cause see their faith moves It, and I got to get someone close to me. It's hard to catch a vision out there, 'cause there's too many now believing and pulling. That might've been why I--It went to the corner. But something went that way. It might've been following Billy. But It left the woman here and went that way.

Everyone be reverent. See? You're in the house of the living God. Jesus Christ, the resurrected One, is here proving He is alive tonight. You know that, don't you? [\[Mark 9:23\]](#)

**L-112** What do you think of that, my Eskimo brother, there? Do you think the people in your country, up in there, will receive the Lord Jesus when they--they see the signs and wonders of God? You believe it? All right. I believe it too, with you. Hallelujah. He's so real. Amen.

**L-113** Now, sister, I want to talk to you just a moment. Now, if I could help you, I'd do it, but I can't. But by a Divine gift, which is given sovereignly by Jesus Christ, I might be able to cause your faith to come up to a place and accept it. What would you think, standing here before a man that doesn't know you, never seen you, and would say something to you that you know that I don't know nothing about? It would have to be from some supernatural resource, wouldn't it? It'd have to. Would you believe it would be Jesus, after I've explained it by the Bible? Would you? I believe you would because you're--you're a Christian. Of course, I see you wearing glasses. That's actually your age does that. You see?

And now, I... Now... No, it's not your eyes that you're desiring your prayer for. It's your stomach. You have a stomach trouble. And it's got down into the intestinal tract; it's in the colon also, got trouble. And then you're not from Chicago. You're from another big city. And I see a lot of cars coming, moving up. It's a car plant where they make... It's Detroit. You're from Detroit.

And I seen something flash, like a--a man standing by you. No, it isn't; it's a man that you're praying for there. And the man has got a heart trouble. And I believe he's under an oxygen or just--under an oxygen tent, and he's in Detroit too. I'd take that handkerchief to him and both of you be well in Jesus Christ's Name. Amen. God bless you.

**L-114** Have faith. You believe? Now, now, please, I know it's late, but just give me... just... I--I'll go in another three or four minutes, if--if you'll just be real quiet. Don't move. See? You're a human being and a soul. I got it right in contact right now. There's not... Every spirit, I'm subject to it right now. When you--when you move, that moves It. See? And It'll take me from the line.

So now, really be reverent just a few minutes. And boys, take me just in a few minutes, when you're ready. All right.

**L-115** I see the Light hanging over... Is--was that lady just in the prayer line? Right here? No, it's over two. It's over a man and a woman. It's them two setting there, a husband and wife. It's--it's rupture. There they are setting there. The man's got on a red looking tie, the lady, you both have ruptures. You're husband and wife, aren't you? Is that... You believe with all your heart that Jesus make you well? Stand up on your feet and accept it then. Amen. Praise the Lord Jesus.

Have faith.

If God can heal heart trouble, do anything He wants to, if you believe it. Do you believe it? Do you believe if I lay hands on you, God will heal you? In Jesus Christ's Name may it leave the woman. Amen.

Now, go on rejoicing. Have faith.

It's trouble to me, is why people can't believe right now. Oh if you could only know the truth. Have faith.

**L-116** How do you do, lady. We are strange to each other, aren't we? We've never met each other before. God knows you and He knows me. But something strange about you. I don't know what it is. It caught me quickly. You're suffering. You have headaches. And you have a stomach trouble. And the cause of it, you're nervous. A nervous disposition, you've been nervous since you was a child. You've been nearsighted too in your eyes. You'd see... When you read your book, you hold it too close to you, because you're nearsighted. And here's the greatest need you have, sister; you need Jesus for your Saviour; you're a sinner. You need to be saved. Will you accept Him now? Your sins are forgiven you then. Go and the peace of God be on you; you're healed also.

Almighty God, I bless this young woman. Just she come into Your Presence, Your Shekinah Glory. And in her heart she felt the Holy Ghost when It moved. Now, every sin gone, sickness healed, may she go in peace. Amen. Sister, your sins are forgiven. Your healed of your disease. Now, go and serve God with all your heart.

Let's say, "Praise be to God." [Congregation says, "Praise be to God."--Ed.]

**L-117** Come, lady. You believe, lady? Now, I want to talk to you just a minute. You have faith and believe with all your heart. God will do the exceedingly, abundantly, if thou canst believe.

Such a faith moving in this a way. Oh, yes. High blood pressure, setting out there at the end of the row. You believe Jesus Christ will make you well? If thou canst believe... If you believe it, God will do it. You can have... Do you believe it? All right. Both of you, stand up and accept it, and believe it with all your heart and be made well. Amen.

Now, I see you in your house. You're doing something around a table. You're nervous for one thing. I see you getting real nervous, get real weak. You have weak spells. You go set down while you're doing your... I'm not reading your mind. No, that's true. But I see you refuse certain things, it's a... Oh, you got a stomach trouble too. It's a nervous condition causes an ulcer in your stomach. That's true.

Now, will you obey me as God's prophet? Go eat your supper. Don't doubt no more. You can have what you ask. God bless you.

Let's say, "Praise be to God." [Congregation says, "Praise be to God."--Ed.]

**L-118** Does thou believe, sister? You believe that Jesus make you well? You have many things wrong with you. Heart trouble, causes a flush... Really a nervous heart, your heart hurts you worse when you lay down, smothers you. What it is, it's really a gas. You got a weak heart, 'cause it's a nervous heart. But you're... When you lay down at night, you fan for breath. Don't you love Him right now? Come here just a minute.

Heavenly Father, I pray that in Jesus' Name, that You'll heal this sister tonight for Your glory. Amen. God bless you. In Jesus' Name I pray. Amen. Have faith. Believe with all your heart now.

Come, lady. Poor little old woman... Sister, following you is a real dark shadow, which means death. You got a cancer. That's right. But Jesus is here to heal it. You believe it? O God. Satan, you're exposed. I condemn you. In Jesus' Name come out of the woman. Amen.

Now, lady that's in Jesus Christ's Name. Have no doubt; you can have what you ask for. God bless you. [The lady speaks to Brother Branham--Ed.] May the Lord God grant it to you, my sister, and give you a rich royal life. Amen. Have faith.

**L-119** Come, lady. You believe? Between you and I comes a shadow, and through there comes blood pouring. You--you have diabetes. Correctly. Jesus Christ is better than all the insulin or anything you could take. Do you believe it? Come here. O Lord, have mercy. And I bless this woman and heal her. In Jesus Christ's Name may it be so. Amen. Go, believing now with all your heart.

Sister, God can heal back trouble and kidney trouble, and make you well. Do you believe that? All right. Then go receive it. In the Name of the Lord Jesus Christ. Amen.

Come. You believe, lady? Now, you're ready for an operation to take a tumor out of you. But the power of God can move it right now. Do you believe it? Then accept it. In Jesus Christ's Name may it be so. Amen.

Let's say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.]

**L-120** 'Course you see you're walking, crippled up. You cough at night a whole lot with an asthmatic condition and... That's right. Now, just accept Him as your Healer. And go off the platform rejoicing and being happy and praising God. Hallelujah.

Do you believe, sister, with all your heart? Oh, you have many things wrong with you. One of it is a nervous heart, and another thing is you got a stomach condition that bothers you, a lady's trouble. That's true, isn't it? That's right... drainage from it, 'cause it's an abscess on the ovary. But Jesus makes you every whit whole. Your faith heals you. In Jesus' Name. Hallelujah. Have faith.

Sister, God made you well of that heart trouble setting there in the chair. Just go off the platform rejoicing, saying, "Praise be to God."

**L-121** Come, lady. Hallelujah. Now, look. Friend, it's--it's not... Now, be real reverent. It's, look. Lady, I'm not reading them people's... Here, lay your hand on me, lady. Here. If God will tell me what's wrong with you, and me looking at the audience here by a vision, you'll... the people see then that it's not mental telepathy. It's Jesus Christ.

The woman's suffering from a nervous trouble. If that's right, lady, raise up your hand here. You was. You're healed now. I see it turn all Light around you. Go on your road rejoicing now, and be made well. My brother, Jesus will make you well of the kidney trouble and it'll never bother you no more, if you'll believe Him. Do you believe Him? Then go rejoicing in Jesus Christ's Name.

Let's say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.] You believe?

**L-122** Lady, here, don't look at me, just put your hand over here and say, "I..." Just a point of contact. You believe with all your heart? Now, let... look for a vision. If God will reveal to me what's your trouble, will you accept it? You believe it? Will the audience believe it?

The lady's suffering with a female trouble, a lady's trouble. If that's right, raise up your hand, lady. You're healed now. Go on your road rejoicing. Your faith saved you.

Let's say, "Praise the Lord." [Congregation says, "Praise the Lord."--Ed.]

Nervous condition, but Jesus Christ heals you, and also for your friend in God's great powerful Name. Amen.

**L-123** You believe? Are you ready to receive your healing? Lay your hands over on one another as you set there just a minute. Oh, look out across this audience. My brethren, my brothers, I wish you could--wish that I could explain what I'm talking about. Just looky there. You're being healed, brethren. It's just turning Light all around you. I couldn't call you, if I had to.

O God, in Jesus' Name, may all the doubt leave every person. Heal the people, Father. I condemn the devil that's held these people. Satan, you can't hold them any longer. You're exposed. Come out of them. In Jesus Christ's Name may it be so.

And the people give God a great big praise. Stand up out of the wheelchairs; get up off the cots. You're healed in Jesus Christ's Name.
